KISS NAIL PRODUCTS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2014 AND 2013, AND
FOR THE YEAR ENDED DECEMBER 31, 2014

1. Description of the Plan

The following description of the Kiss Nail Products 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Kiss Nail Products, Inc. and various other affiliate employers (the 'Plan Sponsor" or the "Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan investments are administered and held in a trust by the Plan's trustee, Capital Bank and Trust Company (the "Trustee"). An affiliate of the Trustee serves as the record-keeper of the Plan. The Trustee, record-keeper and the Plan administrator are appointed by the Company.

Eligibility

The Plan covers all eligible employees of the Company who have completed one year of service. All employees are enrolled in the Plan, as soon as administratively feasible, on the first day of each quarter after meeting the eligibility requirements, previously mentioned.

Participant Contributions

Participants in the Plan may make a pre-tax contribution in an amount equal to any whole percentage, of at least 1% and no more than 60%, of eligible compensation, defined below, and subject to the Internal Revenue Service Code ("IRC") limits as discussed below. Eligible compensation means wages on Form W-2 adjusted to include participant elective deferrals and to exclude fringe benefits ("Eligible Compensation").

Total participant contributions are limited to a maximum of $17,500 for 2014. Additionally, individuals who are at least 50 years of age can make a "catch-up" contribution not to exceed $5,500 for 2014. The maximum annual addition for 2014 that may be contributed or allocated to a participant's account under the Plan shall not exceed the lesser of 100% of a participant's compensation or $52,000.

KISS NAIL PRODUCTS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2014 AND 2013, AND
FOR THE YEAR ENDED DECEMBER 31, 2014

1. Description of the Plan

Employer Contributions

The Company makes a safe harbor matching contribution equal to 100% of participant's elective deferrals not to exceed 5% of Eligible Compensation.

In addition, the Company can make a discretionary non-elective contribution which would be allocated to participants on a pro-rata basis based on each participant's Eligible Compensation to total Eligible Compensation. The Company has not made a discretionary non-elective contribution for the year ended December 31, 2014.

Rollover Contributions

With Plan administrator approval, Plan participants may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as a rollover.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers an interest-bearing cash account and various mutual funds as investment options for participants.

Vesting

Participants are immediately vested in their voluntary and rollover contributions, Company safe harbor matching contributions and Plan earnings thereon. The discretionary non-elective employer contributions and earnings thereon vest as follows:

Year of Service	Vesting Percentage
Less than 3	0%
3	100%

Participant Accounts

The Plan administrator establishes and maintains a separate account for each participant, which is credited for rollover and voluntary contributions the participants make, Company matching and discretionary non-elective contributions, and Plan earnings. Income earned and net appreciation or depreciation on Plan investments, for a given investment, are allocated in proportion to the participant's account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan

Notes Receivable from Participants

Each participant may borrow up to the lesser of: (1) 50% of the present value of the participant's vested interest in the account or (2) $50,000, less currently outstanding notes receivable. No note shall be less than $1,000 and only 1 note at a time is allowed. The notes shall bear a reasonable rate of interest as determined by the Plan administrator. The interest rate on notes outstanding at December 31, 2014 was 5.25% per annum.

Any such borrowings are to be repaid within 60 months, unless the note is for the purchase of a principal residence for which the repayment period may not extend beyond 180 months. The notes are secured by the vested balance in the participant's account, not to exceed 50% of such vested balance. Principal and interest are to be repaid by payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Forfeitures

At both December 31, 2014 and 2013, forfeited non-vested accounts totaled $0. Forfeited accounts may be used to reduce future safe harbor matching contributions or to pay administrative expenses of the Plan. There were no forfeited amounts used to reduce safe harbor matching contributions or to pay administrative expenses during the year ended December 31, 2014.

ERISA Budget Account

Annually, the Trustee, through its revenue sharing arrangements with investment companies, shares a portion of the shared revenue with retirement plans which it services ("Shared Revenue"). Such shared revenue is referred to as the ERISA Budget Account. At December 31, 2014 and 2013, the ERISA Budget Account amounted to $1,151 and $20,440 respectively, and is included in the investment balance on the Statements of Net Assets Available for Benefits. Shared Revenue is recorded as "Other income" on the Statement of Changes in Net Assets Available for Benefits.

Retirement

The normal retirement age is defined as when the participant reaches the age of 65. The Plan does not allow for early retirement. At the normal retirement date, the participant is entitled to 100% of their account balance. The participant can elect late retirement after the age of 65; however, benefits must begin by age 70 ½. A participant, who becomes disabled, as defined in the Plan document, is eligible for a disability retirement.

KISS NAIL PRODUCTS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2014 AND 2013, AND
FOR THE YEAR ENDED DECEMBER 31, 2014

1. Description of the Plan

Distribution of Benefits

On termination of service prior to the normal retirement age, the Plan administrator may direct the Trustee to distribute the participant's vested benefits within 60 days following the Plan year. Upon retirement, hardship, termination, death, disability, and attainment of age 59 ½, vested benefits are distributed at the participant's or beneficiary's election via either a lump sum payment or installment payments.

Administrative Expenses

Administrative expenses may be paid out of the Plan or by the Company. Administrative expenses that are to be paid from the Plan are first paid from forfeitures, if any, and any remaining amounts are paid from the Plan's trust funds and allocated to all participants on a pro rata basis. The Company incurred certain administrative expenses relating to the Plan without charge to the Plan during 2014.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) of the fair value of its investments, which included the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded upon distribution or when deemed.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks including but not limited to, interest rate, market, and credit risks. Due to the level of risk, associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Income Tax Status

The Company has adopted a prototype plan that had received an Internal Revenue Service ("IRS") Opinion letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving that determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor ("DOL") or the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

2. Summary of Significant Accounting Policies

Income Tax Status

The Plan is subject to routine audits by the DOL and the IRS. For the 2011 Plan year, the Company timely filed its Form 5500 annual report in October 2012. The DOL reviewed the 2011 Form 5500 annual report and in February 2014, issued a notice of rejection of the October 2012 filing. The Company hired new auditors to prepare new audited financials for the 2011 Plan year which were included in an amended filing in December 2015. In addition, the DOL requested information, which was provided, concerning the previously filed audited financials related to the 2013 Plan year. In November 2015, the DOL issued a Notice of Rejection of that 2013 filing. The Company hired new auditors to prepare new audited financials for the 2013 Plan year which were included in an amended filing in April 2016. In April 2016, the DOL issued a letter accepting the amended filing. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2011.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through December 5, 2016, which is the date the financial statements were available to be issued.

Effective February 15, 2015, the Plan was amended to allow Roth after-tax contributions by participants and to allow for additional discretionary matching contributions not to exceed 6% of Eligible Compensation. Also, effective January 1, 2016, the Plan was amended and restated to conform to the provisions of the Pension Protection Act of 2006 and the definition of eligible compensation was changed to wages on Form W-2 adjusted to include participant elective deferrals and to exclude fringe benefits, bonuses, commission and overtime pay.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 percent vested in their employer contributions.

4. Investments

The following table presents the individual investment securities that exceeded 5 percent of the Plan's net assets available for benefits as of December 31, 2014, and 2013:

	2014		2013	
	Number of Shares	Fair Value	Number of Shares	Fair Value

American Funds US Government Securities R3	44,296	621,024	*	*

*Represents less than 5% of net assets available for benefits in the indicted year.

For the year ended December 31, 2014, the Plan's mutual fund investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by $112,305.

5. Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. Fair Value Measurements

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Interest-bearing cash and mutual funds are valued at the daily closing price as reported by the fund. Interest-bearing cash and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2014			
	Level 1	**Level 2**	**Level 3**	**Total**

There were no significant transfers between level 1 and level 2 investments during the year ended December 31, 2014.

6. Party-in-Interest Transactions

Certain Plan investments are shares of funds managed by an affiliate of the Trustee. Administrative expenses are paid to the Trustee and its affiliate who acts as the record-keeper of the Plan. These transactions with the Trustee and its affiliates qualify as party-in-interest transactions. Notes receivable to Plan participants also qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408 (b) of the ERISA regulations.

7. Unaudited Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which was certified by the Trustee, as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules:

As of December 31,	**2014**	**2013**
Investments, at fair value	$ 10,842,116	$ 10,476,517
Notes receivable from participants	$ 319,729	$ 284,077

For the year ended December 31, 2014:		
Investment income:		
Net appreciation of the fair value on the investments	$	112,305
Dividend income from mutual funds		473,317
Other income		1,151
Total investment income	$	586,773
Interest income on notes receivable from participants	$	15,071

In addition, the information in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2014, has been certified by the Trustee to be complete and accurate.

8. Nonexempt Transactions

During 2014, $20,440 was inadvertently paid by the Trustee from the Plan's ERISA Budget Account to the Company resulting in an impermissible loan from the Plan to the Company. The Plan has recorded this as a receivable from the Company as of December 31, 2014.

The Company withheld from participants' pay certain contributions and loan repayments during 2011 to 2014, which were not remitted to the Plan's trust within the time frame required by the DOL under the plan asset rules. These late remitted participant contributions constitute a loan from the Plan to the Company. Interest is due on these loans and is based on the DOL's lost earnings prescribed rates during the affected dates which changes quarterly. The amount of these loans before accrued interest at December 31, 2014, is $1,959,762 which was paid into the Plan's trust between 2011 and 2014. Also at December 31, 2014, accrued interest due to the Plan on these loans was $1,047 which is to be paid into the Plan's trust in 2016.

9. Restatement of Financial Statements

Subsequent to the issuance of the 2014 Plan year financial statements that were available to be issued on October 15, 2015, the Company identified an error relating to Plan years 2011 to 2013. This error is being restated herein. The error was due to the Company incorrectly excluding certain items of compensation in the definition of Eligible Compensation when deducting employee deferrals from the pay of participants and consequently in determining what the proper safe harbor matching contribution was for the 2011 to 2013 Plan years. The improper determination of participant and employer contributions constitutes a receivable from the Company to the Plan and interest is due on this receivable and is based on the DOL's lost earnings prescribed rates during the affected dates which changes quarterly. The amount of this receivable before accrued interest at December 31, 2014, is $239,816. Also at December 31, 2014, accrued interest due the Plan on this loan was $928.

9. Restatement of Financial Statements

The table below compares amounts on the financial statement as previously reported with the restated amounts as adjusted for the error described above:
