# American General Agents' and Managers' Thrift Plan

## Notes to Financial Statements

### February 29, 2016 and December 31, 2015

---

#### 1. Description of the Plan

The following description of the American General Agents' and Managers' Thrift Plan (the "Plan") provides only general information. Plan participants should refer to the Plan document for a complete description of the Plan's provisions. Copies of the Plan document are available from the Plan Administrator.

##### *General*

The Plan was established on August 1, 1968 and was most recently restated as of January 1, 2013 and has been subsequently amended.

The Plan is a defined contribution 401(k) plan with matching contributions. The Plan satisfies nondiscrimination testing under Section 401(k)(3) of the Internal Revenue Code of 1986, as amended (the "Code") and is intended to comply with Section 404(c) of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is sponsored by American International Group, Inc. (the "Company" or "AIG"). In November 2015, the Compensation and Management Resources Committee (the "CMRC") of the Board of Directors of AIG approved in concept and on December 21, 2015 the Board adopted conforming Plan language a Plan amendment which became effective as of February 29, 2016 merging the Plan into the AIG, Inc. Incentive Savings Plan ("AIG ISP"). Assets were transferred to the AIG ISP's Trustee on February 29, 2016.

The overall Plan design is the responsibility of the CMRC of the Board of Directors of AIG. The Plan Administrator is the AIG Retirement Board (the "Board") and it is responsible, either directly or through delegations, for the day-to-day operations of the Plan. In addition, the AIG Investment Committee (the "Committee"), whose members are appointed by the CMRC, is responsible for monitoring fund performance and examining and selecting new fund options for the Plan. The Board and Committee are named fiduciaries of the Plan.

Eligible agents, advisors, and managers ("employees") assigned to the AIG Financial Network businesses of the American General Life Insurance Company, an indirectly owned subsidiary of AIG, are eligible to participate in the Plan upon their employment commencement date. The Plan provides for participant elective salary deferrals (participant pre-tax contributions) in accordance with Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"). Effective January 1, 2013, the Plan was amended to permit Roth after-tax contributions.

The recordkeeper of the Plan for 2016 was Transamerica Retirement Solutions, LLC ("Transamerica") and for 2015 was Mercer HR Services, LLC ("Mercer HR") and the main custodian and trustee of the Plan is Mercer Trust Company ("Mercer Trust Co.") (collectively, "Mercer"). The AIG Master Trust holds the AIG Stable Value Fund and the AIG Stock Fund. The assets of the AIG Master Trust are held by Mercer Trust Co. The custodian of the AIG Stable Value Fund is Wells Fargo Bank, N.A. The Plan was amended effective August 1, 2015 to give participants the ability to appoint an investment advisor that is designated by the Investment Committee (currently Financial Engines, Inc.) to make investment elections with respect to a participant's account in the Plan, and to give the Plan Administrator the discretion to transfer account balances of at least \$1,000, but less than \$5,000 to an individual retirement account provided by a trustee or issuer designated by the Plan Administrator.

## **Notes to Financial Statements**

### **February 29, 2016 and December 31, 2015**

#### ***Participant Accounts***

Each participant's Plan account is credited with his/her employee contributions, the Company matching contributions, plus an allocation of the investment income (loss), and administrative and investment expenses, where applicable. The benefit to which a participant is entitled is the amount of the participant's vested Plan account balance.

#### ***Contributions and Vesting***

Participants may contribute, on a pre-tax basis and/or Roth after-tax basis, a basic contribution amount up to three percent of their eligible annual compensation. Participants may also make additional pre-tax and/or Roth after-tax contributions in an amount ranging from one to forty-seven percent of their eligible annual compensation. All contributions are subject to the contribution limitations discussed below. Employee contributions and earnings vest immediately. The Company makes matching contributions equal to 33.333% of the participant's basic contribution (the first three percent of eligible compensation contributed). After three years of service, employees are fully vested in the Company's matching contributions and earnings. In addition to the Company's matching contributions effective January 1, 2016, the Plan that will provide all employees eligible to participate in the Plan (including those who do not make any employee contributions to the Plan) with non-elective, non-discretionary, immediately-vested Company contributions pursuant to section 401(a) of the Code, in an amount equal to 3% of each participant's eligible compensation, subject to the applicable annual limit set forth in Section 401(a)(17) of the Code.

The Plan permits acceptance of lump-sum rollover contributions from a qualified plan of a prior employer or from other Plans, as deemed acceptable under the terms of the Plan. There is no Company match provided on rollover contributions.

For 2016, pursuant to Internal Revenue Service ("IRS") rules, the total amount of a participant's pre-tax contributions and/or Roth after-tax contributions was limited to \$18,000. In addition to these amounts, participants who attain the age of fifty by the end of the year are provided an opportunity to contribute an additional \$6,000 in pre-tax and/or Roth after-tax catch up contributions. These additional age 50 catch up contributions are not eligible for Company matching contributions.

Participants may change their contribution rate and investment election for future contributions at any time. The Plan document has a complete description of any restrictions to the Plan. All changes, except transfers, are effective as soon as administratively feasible. Transfers are effective on the business day the request is received.

#### ***Investment Options***

Plan assets are invested in the investment options offered under the Plan at the direction of Plan participants, and in accordance with the Plan document. If a new participant fails to select one or more investment options, such participant's account will be invested in the Plan's qualified default investment alternative, the Target Retirement Date Fund applicable for the participant's age.

## **Notes to Financial Statements**

### **February 29, 2016 and December 31, 2015**

---

Except as specified below, participants may make transfers between existing funds or change the allocation of their current contributions on a daily basis. Transfers and exchanges directly from the AIG Stable Value Fund ("Stable Value") to the Vanguard Prime Money Market Fund (a competing fund) are not allowed. Instead, transfers from the Stable Value must be invested in a non-competing fund for a minimum of ninety (90) days before being exchanged to the Vanguard Prime Money Market Fund.

Prior to May 4, 2009, only employer matching contributions could be invested in the AIG Stock Fund ("Stock Fund"), a fund that is invested in AIG common stock, if the participant had elected the Stock Fund as an investment option. As of May 4, 2009, no new contributions could be invested in the Stock Fund. However, contributions invested in the Stock Fund prior to May 4, 2009 could remain invested or could be sold at the participant's election.

To reduce administrative and fund transaction costs associated with short-term trading by participants which can impact all shareholders in a particular fund, restrictions are placed on frequent or short-term trading. Mercer limits participant exchange activity. If a participant exchanges out of a fund, he or she cannot exchange back into that fund for sixty (60) days. This restriction applies to all funds except the Vanguard Prime Money Market Fund.

#### ***Warrants***

On January 14, 2011, as part of AIG's recapitalization plan (which resulted in the U.S. Treasury Department holding approximately 92% of AIG's outstanding common stock), AIG declared a "warrant dividend" on shares of AIG common stock outstanding on January 13, 2011 (the "record date"). Holders of AIG common stock on the record date received .533933 warrants per share of AIG common stock. Each warrant entitled the holder to purchase one share of AIG common stock at a price of \$45 per share, subject to anti-dilution adjustment for certain events. The AIG warrants were distributed at the close of business on January 19, 2011 to AIG's common shareholders of record as of January 13, 2011, including to the accounts of participants in the Plan who had a portion of their account invested in the Stock Fund prior to when the Fund was frozen to new contributions in May 2009. In 2015, there were the following anti-dilution adjustments to the exercise price:

- Effective at the close of business on December 7, 2015, the exercise price of the warrants decreased from \$45.00 per share to \$44.9036 per share.

#### ***Distributions***

An employee can withdraw the vested portion of his or her Plan account upon termination of employment, retirement, death, or if in need of the funds due to a case of hardship. In addition, while actively employed, participants with five or more years of service may withdraw eligible after-tax contributions, rollover funds and Company matched contributions at any time; participants with less than five years of service have this same withdrawal option, with the exception that only Company matched contributions credited for a period of 24 months are eligible for withdrawal. Once an employee reaches age 59-1/2, he or she may make unlimited withdrawals of vested amounts, at any time, while actively employed. Participants who retire, leave the Company or become disabled and terminate employment can elect to receive a lump sum distribution equal to the entire value of their vested account or defer the funds in the Plan until age 70-1/2 if the account balance is more than

---

\$1,000. Distributions are mandatory for account balances of \$1,000 or less and \$5,000 or less for spousal beneficiaries or alternate payees pursuant to a qualified domestic relations order.

Accounts of participants who retire on or after age 65, become disabled or die, vest immediately in all funds. A spousal beneficiary is eligible to receive a lump sum distribution equal to the full value of an account held by the Plan participant who dies, and amounts must be distributed by the later of (a) December 31 of the calendar year that contains the fifth anniversary of the participant's date of death or (b) December 31 of the calendar year in which such participant would have attained age seventy and one-half, unless such surviving spouse dies before the payment is commenced, in which case commencement may not be deferred beyond December 31 of the calendar year following the calendar year in which such surviving spouse dies. A non-spousal beneficiary is eligible to receive a lump sum distribution equal to the full value of an account held by the Plan participant who dies, and if such amounts are rolled over, they may only be rolled over to an inherited individual retirement account or an individual retirement annuity; in either event, amounts must be distributed by December 31 of the calendar year that contains the fifth anniversary of the participant's date of death. Funds taken out of the Plan, and not reinvested into another qualified plan or an individual retirement account, subject the employee to income tax and potential penalties. Pre-tax employee contributions, catch-up contributions, rollover contributions, Company matching contributions, and all investment earnings are subject to regular income taxes at the time of withdrawal. Withdrawals of any taxable amounts (including earnings on after-tax contributions) before age 59-1/2 may also be subject to an additional 10% penalty tax depending upon the participant's age at such time. Participants requesting distributions from amounts invested in the Stock Fund or the Warrants may elect to receive the total in cash, in shares of AIG common stock or in some combination of cash and shares. Fractional shares will be distributed in cash.

#### ***Participant Loans***

The Plan has a general loan provision which enables employees who have an account balance of at least \$2,000 to borrow up to fifty percent of the value of their vested accounts, up to a maximum of \$50,000. General purpose loans are granted for a period not to exceed five years. A second loan option is also available for the purchase of a primary residence. Primary residence loans are granted for a period not to exceed fifteen years. Additionally, no more than one general purpose loan may be taken at one time. The rate of interest on any loan to a participant under the Plan shall be determined by the Plan Administrator and shall be equal to the prime rate of interest at the beginning of the quarter in which the loan originates. Loans outstanding at February 29, 2016 have been transferred to the AIG ISP. Loan repayments by participants, including principal and interest, are generally paid ratably through payroll deductions.

Each loan is secured through the vested balance in the participant's Plan account. If a participant defaults on his or her loan by failing to make timely repayments, the outstanding principal and interest due on the loan is treated as a deemed distribution and reported as a taxable distribution to the participant in the year of default. If the participant has an outstanding loan and takes a distribution of his or her Plan benefit, the outstanding principal and interest due on the loan is deducted from the amount distributed to the participant.

## **Notes to Financial Statements**

### **February 29, 2016 and December 31, 2015**

#### ***Redemption Fees***

The Vanguard PRIMECAP Fund charges a redemption fee of 1% on shares that are exchanged out of the fund within one year after being exchanged into the fund. This fee is generally imposed by a fund to discourage short-term trading and protect the interests of long-term fund investors.

#### ***Forfeitures***

Participants terminating employment forfeit their non-vested Company matching contributions on the earlier of (1) the distribution of the entire non-forfeitable portion of their account or (2) upon incurring a period equal to five consecutive one-year breaks in service. Forfeitures are available to reduce future Company contributions and administrative expenses. Participants who terminate and are re-employed with a participating company before incurring five consecutive one-year breaks in service are entitled to the reinstatement of their non-vested or forfeited amounts, subject to certain provisions as stated in the Plan document. Amount in the Plan's forfeiture account was \$52,065 at December 31, 2015. The forfeiture account at February 29, 2016 has been transferred to the AIG ISP. For the two months ended February 29, 2016, forfeited contributions of \$12,413 were used to pay administrative expenses of the Plan.

## **2. Summary of Significant Accounting Policies**

#### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

#### ***Use of Estimates***

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; and disclosures including those for contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates and those differences could be material.

#### ***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

The net appreciation (depreciation) in the fair value of investments, including realized gains or losses and net change in unrealized gains or losses, is reflected in the Statement of Changes in Net Assets Available for Benefits. Realized gains or losses on the disposal of investments are determined by specific identification and recognized on the trade date basis. Interest income is recorded on an accrual basis. Dividend income is recognized on the ex-dividend date. Purchases and sales are recorded on a trade date basis.

## **Notes to Financial Statements**

### **February 29, 2016 and December 31, 2015**

---

#### ***Loans Receivable from Participants***

Participant loans are classified as Loans receivable from participants in the Statements of Net Assets Available for Benefits and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

#### ***Distributions***

Distributions paid to participants are recorded when paid.

#### ***Recently Issued Accounting Standards***

##### ***Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)***

In May 2015, the Financial Accounting Standards Board ("FASB") amended guidance on fair value disclosure for investments for which fair value is measured using the net asset value ("NAV") per share (or its equivalent) as a practical expedient. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient, and also eliminate certain disclosures for these investments. The standard is effective for the Plan's fiscal years beginning after December 15, 2016, with early application permitted. The Plan's management has decided to adopt this standard before its effective date, and determined that it did not have a material effect on the Plan's Statements of Net Assets Available for Benefits or Statement of Changes in Net Assets Available for Benefits.

##### ***Employee Benefit Plan Accounting Improvements***

In July 2015, the FASB issued an accounting standard update (the "ASU") that simplifies certain aspects of employee benefit plan accounting, including Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans and pertaining to the following topics: Fully Benefit-Responsive Investment Contracts (Part I), Plan Investment Disclosures (Part II), and Measurement Date Practical Expedient (Part III). Part III of the standard is not applicable to the Plan. Part I of the ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. Under the amendments, a plan will continue to provide disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. The amendments in Part II require that investments be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics and risks. In addition, certain other investment disclosures are eliminated. The standard is effective for fiscal years beginning after December 15, 2015, with early application permitted. Part II is to be applied retrospectively upon adoption. The Plan's management has decided to adopt this standard before its effective date, and has determined that it did not have a material effect on the Plan's Statements of Net Assets Available for Benefits or Statement of Changes in Net Assets Available for Benefits.

**3. Certified Investment Information**

As permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the information in this footnote, as well as any information related to investments and investment activity, was prepared by or derived from information certified by the Trustee and custodian, which was furnished to Plan management. Plan management has obtained certifications from the Trustee and custodian that such information is complete and accurate.

| Interest income from participant loans | <u>\$ 6,430</u>              |                              |

In addition, disclosures included in notes 4 and 5 and the Supplemental Schedule of Assets (Held at End of Year) which are related to the investments and investment income detailed above have been derived from information certified by the trustee and custodian.

**4. Fair Value Measurements**

The Plan carries its investments at fair value which for disclosure purposes are classified in accordance with a fair value hierarchy that prioritizes inputs to valuation techniques based on whether those inputs are observable or unobservable. Observable inputs, which reflect market data obtained from independent sources, and unobservable inputs, which reflect the Plan's market assumptions, create the following hierarchy:

- Level 1 – Fair value measurements based on quoted prices for identical instruments in active markets.
- Level 2 – Fair value measurements based on quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and significant inputs and significant value drivers that are observable in active markets.
- Level 3 – Fair value measurements based on valuation techniques using one or more significant inputs or significant value drivers that are unobservable.

This hierarchy requires the Plan to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value. The Plan's investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

## **Notes to Financial Statements**

### **February 29, 2016 and December 31, 2015**

---

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Based on the Plan's investment strategy, Plan management believes it has no significant concentrations of risk.

Following are descriptions of the valuation methodologies used for instruments carried at fair value in the Plan; the methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other entities, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### ***Mutual Funds***

Shares of mutual funds are valued at the net asset value ("NAV") of the shares held by the Plan at year end. The NAV per share is calculated daily by each fund based on observable market values of the underlying securities within each fund. Mutual Funds are classified as Level 1 in the valuation hierarchy because mutual funds are publicly traded and the NAV is quoted in active markets and may be redeemed daily.

#### ***Common Collective Trust Funds***

Shares of common collective trust funds are valued at the net asset value ("NAV") of the shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV per share is calculated daily by each fund based on observable market values of the underlying securities within each fund.

#### ***AIG Warrants***

The fair value of the AIG warrants are determined by obtaining quoted prices in active markets. Market price data generally is obtained from the New York Stock Exchange.

#### ***Investments at Fair Value by Level***

The following table presents information about the Plan's investments measured at fair value and indicate the level of the fair value measurement based on the observability of the inputs used at December 31, 2015. As of February 29, 2016 there were no investments held by the Plan.

**5. Master Trust Information – AIG Master Trust**

A portion of the Plan's investments are in the AIG Master Trust, which is a master trust established by AIG to hold certain assets for various defined contribution plans. The AIG Master Trust holds the AIG Stable Value Fund and the AIG Stock Fund, which were contributed by the participating plans to the AIG Master Trust on January 3, 2011. The assets of the AIG Master Trust are held by Mercer Trust Co. The custodian of AIG Stable Value Fund is Wells Fargo Bank, N.A.

Each participating plan has a divided interest in the AIG Master Trust based on the individual plan participants' investment elections. The value of each plan's interest is based on the beginning of the year value of the plan's interest in the AIG Master Trust plus the plan's participants' contributions and allocated investment income less withdrawals and allocated expenses. The participating plans' percentage interests in the investment funds comprising the AIG Master Trust for 2015 are summarized below:

## Notes to Financial Statements

### February 29, 2016 and December 31, 2015

---

#### ***Investment valuation***

Following are descriptions of the valuation methodologies used for AIG Master Trust investments carried at fair value:

##### *Common stock*

Valued at the closing price reported on the active market on which the security is traded.

##### *Collective trusts*

Valued at the contract value of the underlying investments held by the fund less its liabilities.

#### ***Fully-benefit responsive investment contracts***

The AIG Stable Value Fund invests in fully-benefit responsive investment contracts issued by insurance companies and other financial institutions. Contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts. Contract value represents contributions made to the investment contract plus earnings, less participant withdrawals and administrative expenses.

The Plan is exposed to credit risk in the event of non-performance by counterparties to these contracts. However, the plan sponsor does not anticipate non-performance by these counterparties.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

## **6. Tax Status**

The Plan received a determination letter from the IRS dated May 3, 2012, stating that the Plan is qualified under the appropriate sections of the Code and, therefore, the related trust is exempt from taxation. The Plan has been amended and restated since receiving the determination letter and the Plan Administrator and legal counsel believe the Plan document remains in compliance with ERISA and the Code and the Plan is being operated in material compliance with the applicable requirements of the Code.

Tax positions taken by the Plan must be evaluated and a tax liability (or asset) recognized if the Plan Administrator deems it more-likely-than-not that the Plan has taken an uncertain position that would not be sustained upon examination by the IRS. As of February 29, 2016, it was determined that there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset)

or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits in progress for any tax periods.

#### **7. Administrative Expenses**

The Plan recorded administrative expenses, including asset management, Trustee and recordkeeping fees amounting to \$9,887 for the two months ended February 29, 2016. Professional fees and all other administrative expenses in excess of forfeited contributions used are paid by the Company.

#### **8. Plan Termination**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Effective as of February 29, 2016 the Plan merged into the AIG ISP and participants became one hundred percent vested in the employer contribution portion of their balance.

#### **9. Related Party Transactions**

The Plan held shares of AIG common stock. The Plan held 11,921 units of the Stock fund with a fair value of \$738,739 at December 31, 2015. The Plan did not purchase any units of the Stock Fund during the two months ended February 29, 2016 and the year ended December 31, 2015, respectively. Also, the Plan sold \$33,646 and \$130,003 of the Stock fund during the two months ended February 29, 2016 and the year ended December 31, 2015, respectively. The Plan received no dividends on the Stock Fund for the two months ended February 29, 2016.

Mercer is the Trustee of the Plan's Trust; it is also the Trustee of the AIG Master Trust that holds the AIG Stable Value Fund and the AIG Stock Fund. The assets of the AIG Master Trust are held by Mercer Trust Co. and Wells Fargo Bank, N.A. is the custodian of the Stable Value Fund; therefore, these investments qualify as party-in-interest transactions.

Plan investments include units of AIG warrants, which entitled holders to AIG common stock managed by Mercer. The Plan held 6,236 units of AIG warrants with a fair value of \$162,644 at December 31, 2015.

#### **10. Risks and Uncertainties**

The Plan's investments are exposed to various risks such as interest rate fluctuations, market volatility and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks and changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan investments include a variety of investments that may directly or indirectly invest in securities with contractual cash flows. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

At December 31, 2015 approximately 1% of the Plan's total investments were invested in the Stock Fund. The value of the underlying AIG stock is subject to operational and market risks.

**11. Litigation**

Between June 25, 2008 and November 25, 2008, AIG, certain directors and officers of AIG, and members of AIG's Retirement Board and Investment Committee were named as defendants in eight purported class action complaints asserting claims on behalf of participants in certain pension plans sponsored by AIG or its subsidiaries (the "Plans"). The United States District Court of the Southern District of New York (the "Court") subsequently consolidated these eight actions as *In re American International Group, Inc. ERISA Litigation II*. On December 19, 2014, lead plaintiffs' counsel filed under seal a third consolidated amended complaint. The action purports to be brought as a class action under ERISA, on behalf of all participants in or beneficiaries of certain benefit plans of AIG and its subsidiaries that offered shares of AIG Common Stock. In the third consolidated amended complaint, plaintiffs allege, among other things, that the defendants breached their fiduciary responsibilities to plan participants and their beneficiaries under ERISA, by continuing to offer the AIG Stock Fund as an investment option in the Plans after it allegedly became imprudent to do so. The alleged ERISA violations relate to, among other things, the defendants' purported failure to monitor and/or disclose certain matters, including the Subprime Exposure Issues.

On January 6, 2015, the parties informed the Court that they had accepted a mediator's proposal to settle the action for \$40 million. On June 5, 2015, the Court issued an order preliminarily approving the settlement and notice procedures. On September 18, 2015, the Court held a final settlement hearing and, on the same day, issued an Order and Final Judgment approving the class settlement and dismissing the action with prejudice. The settlement, net of fees and expenses, was distributed amongst the Plans in accordance with the Plan of Allocation approved by the Court in March 2016 and the Plans received \$25,672,036, of which \$2,581,626 was allocated to the Plan which was transferred to the AIG ISP.

**12. Transfer out**

On February 29, 2016 assets of the Plan were transferred to the AIG ISP.

**13. Subsequent Events**

The Plan's management evaluated subsequent events through December 15, 2016, the date on which the financial statements were available to be issued and no additional disclosures were required.
