Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Investment Committee
Duro Hilex Poly, LLC National Hourly Employees Pension Plan
Hartsville, South Carolina

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Duro Hilex Poly, LLC National Hourly Employees Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of February 29, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by BMO Harris Bank and State Street Bank & Trust and Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended February 29, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) and the schedule of reportable transactions as of February 29, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of February 28, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by BMO Harris Bank, the trustee of the Plan. Their report, dated December 9, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2016

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2016 AND FEBRUARY 28, 2015

1. Description of Plan:

The following description of the Duro Hilex Poly, LLC National Hourly Employees Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined benefit pension plan sponsored by Duro Hilex Poly, LLC (the "Plan Sponsor") covering certain union and hourly employees not covered under a separate pension plan. State Street Bank & Trust serves as the trustee of the Plan (the "Trustee"). Transamerica Retirement Solutions is the Plan's actuary (the "Actuary"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Duro Bag Manufacturing Company Northern Kentucky Hourly Employees Pension Plan was amended on October 28, 2005 to effectively "freeze" the Plan effective October 15, 2005, at which time all participants under the Plan ceased to accrue additional benefits from that point forward. Additionally, effective the date of the freeze, the Plan does not permit new entrants.

The Duro Bag Manufacturing Company Hourly Employees Pension Plan was amended on June 4, 2003 to effectively "freeze" the Plan effective August 31, 2003, at which time all participants under the Plan ceased to accrue additional benefits from that point forward. Additionally, effective the date of the freeze, the Plan does not permit new entrants.

The Duro Bag Manufacturing Company Richmond, Virginia Hourly Employees Pension Plan was amended on April 2, 2004 to effectively "freeze" the Plan effective May 1, 2004, at which time all participants under the Plan ceased to accrue additional benefits from that point forward. Additionally, effective the date of the freeze, the Plan does not permit new entrants.

The Duro Bag Manufacturing Company New Jersey Hourly Employees Pension Plan was amended on December 16, 2005 to effectively "freeze" the Plan effective January 31, 2006, at which time all participants under the Plan ceased to accrue additional benefits from that point forward. Additionally, effective the date of the freeze, the Plan does not permit new entrants.

Effective February 28, 2009, the Duro Bag Manufacturing Company Hourly Employees Pension Plan, Duro Bag Manufacturing Company Richmond, Virginia Hourly Employees Pension Plan and Duro Bag Manufacturing Company New Jersey Hourly Employees Pension Plan were merged into the Plan. Concurrent with this merger, the Plan name changed from Duro Bag Manufacturing Company Northern Kentucky Hourly Employees Pension Plan to the Duro Bag Manufacturing Company National Hourly Employees Pension Plan.

As a result of an asset purchase agreement involving the Company, on June 11, 2014, the Plan Sponsor was changed to Duro Hilex Poly, LLC (previously Duro Bag Manufacturing Company) and the Plan changed its name to Duro Hilex Poly, LLC National Hourly Employees Pension Plan (previously Duro Bag Manufacturing Company National Hourly Employees Pension Plan).

Pension Benefits

Benefits are received at normal retirement age or, if elected, at early retirement. Employee participants may elect early retirement beginning at age 55 after a completion of ten years of credited service. Benefits under the Plan are based on years of credited service multiplied by a unit multiplier stated in the various union contracts. A vested participant who terminated for any reason other than retirement, disability or death is entitled to the monthly vested termination benefit beginning on the normal retirement date in the amount of their accrued benefit. Participants may elect to receive their distributions, subject to certain Plan provisions, in the form of an annuity or in a lump-sum payment. If the participant's accrued benefit is less than \$5,000, the participant is paid a lump-sum payment as soon as practical after the termination date.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2016 AND FEBRUARY 28, 2015

1. Description of Plan (continued):

Generally, payment of benefits will be in the form of a single life annuity for unmarried participants and a joint and survivor annuity for married participants, unless the employee, with spousal consent, elects another form of benefit permitted by the Plan. Other optional forms of pension benefits are available at the participant's option.

Death and Disability Benefits

If an active employee dies, a death benefit equal to 50% of the value of the employee's accumulated pension benefit is paid to the employee's spouse. To be eligible for a disability benefit employees must have 10 years of service and be fully disabled under the Federal Social Security Act on or before the respective freeze dates noted on Page 5. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefit actuarially reduced for commencement prior to the normal retirement date.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the plan agreement. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Expenses incurred in connection with the administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

YEARS ENDED FEBRUARY 29, 2016 AND FEBRUARY 28, 2015

2. Summary of Significant Accounting Policies (continued):

Date of Management's Review

Subsequent events have been evaluated through December 14, 2016, which is the date the financial statements were available to be issued

3. Funding Policy:

Contributions to provide benefits under the Plan are made solely by the Plan Sponsor. The Plan Sponsor's funding policy is to make cash contributions to the Plan in amounts computed by the Plan's actuary using the unit credit actuarial cost method. Under this method, both the service cost and projected benefit obligation are based on the annual accrual of benefits as accruals occur each year. This method and the actuarial assumptions referred to in Note 6 have been designed to provide sufficient funds to pay benefits as they become payable under the Plan. The Plan Sponsor met minimum funding requirements of ERISA in 2016, as advised by the Plan's actuary. During the year ended February 29, 2016, contributions made by the Plan Sponsor to the Plan during 2016 of \$567,806.

4. Information Certified by the Trustee:

The following information included in the accompanying financial statements and supplemental information as of, and for the years ended February 29, 2016 and February 28, 2015, was provided and certified by State Street Bank and Trust Company, the trustee of the Plan (the "Trustee") and BMO Harris Bank, the Plan's predecessor trustee, as complete and accurate:

Investments, at fair value
Interest and dividend income
Net appreciation or depreciation in fair value of investments
Schedule of assets (held at end of year)
Schedule of reportable transactions

Investments, at fair value, representing five percent or more of net assets available for Plan benefits are as follows:

	2016	2015

* Investment did not meet the five percent threshold as of February 28, 2015, but is presented for comparative purposes.

During the year ended February 29, 2016, the Plan's investments depreciated in value by \$1,494,877. The change in value includes gains and losses on investments bought and sold, as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2016 AND FEBRUARY 28, 2015

5. Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements* ("ASC 820") defines fair value, establishes a consistent framework for measuring fair value and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under ASC 820 are described as follows:

- Level 1 Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at February 29, 2016 and February 28, 2015.

- Money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end and amortized cost to approximate the current fair value of certain securities.
- Mutual Funds: Valued at the daily closing price as reported by the fund. Net asset values (NAV) are general obtained from the National Securities Clearing Corporation, directly from the fund house, and or/ a secondary processing source.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DURO HILEX POLY, LLC NATIONAL HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2016 AND FEBRUARY 28, 2015

5. Fair Value Measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of February 29, 2016 and February 28, 2015:

Assets at Fair Value as of February 29, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>16,928,860</u>	<u>-0-</u>	<u>-0-</u>	<u>16,928,860</u>
Total assets at fair value	<u>\$ 16,928,860</u>	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$ 16,928,860</u>

Assets at Fair Value as of February 28, 2015

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ -0-	\$ 356,982	\$ -0-	\$ 356,982
Mutual Funds	<u>18,132,408</u>	<u>-0-</u>	<u>-0-</u>	<u>18,132,408</u>
Total assets at fair value	<u>\$ 18,132,408</u>	<u>\$ 356,982</u>	<u>\$ -0-</u>	<u>\$ 18,489,390</u>

6. Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future benefit payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and it is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The effect of plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The actuarial present values of accumulated plan benefits based on projection by the Plan's actuary as of the most recent dates available, March 1, 2015 and 2014 are as follows:

	<u>2015</u>	<u>2014</u>
Vested benefits:		
Participants currently receiving payments	\$ 9,570,714	\$ 8,706,964
Other participants	<u>8,100,191</u>	<u>10,576,880</u>
Total vested benefits	17,670,905	19,283,844
Nonvested benefits	<u>4,033</u>	<u>37,861</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 17,674,938</u>	<u>\$ 19,321,705</u>

DURO HILEX POLY, LLC NATIONAL HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2016 AND FEBRUARY 28, 2015

6. Actuarial Present Value of Accumulated Plan Benefits (continued):

The changes in actuarial present value of accumulated plan benefits as of March 1, 2015 and 2014 are as follows:

	<u>2015</u>
Actuarial present value of accumulated plan benefits at beginning of year	\$ <u>19,321,705</u>
Increase (decrease) during the year attributable to:	
Changes in actuarial assumptions	381,404
Benefits accumulated	869,073
Benefit payments	(4,017,389)
Interest	<u>1,120,145</u>
Net decrease	<u>(1,646,767)</u>
Actuarial present value of accumulated plan benefits at end of year	\$ <u><u>17,674,938</u></u>

The significant actuarial assumptions used in the valuation of March 1, 2015 and 2014 are as follows:

Interest Rate	
Funding:	Effective interest rate of 6.26% (2015) and 6.52% (2014)
Discount Rate:	4% (2015) and 3.60% (2014), compounded annually
Long Term Return:	6.50% (2015 and 2014), compounded annually
Mortality	
Funding:	IRS 2015 Static Mortality Table (2015) and (2014)
Expense:	RP-2014 with Blue Collar adjustment for Employee and Health Annuitant Tables adjusted projected with scale MP-2014 for all years (2015) and RP-2000 Mortality Table with Blue Collar adjustment for Employee and Health Annuitant Tables combined, with generational improvements (2014)
Retirement	Average retirement age – 63.14
Benefit Limit	\$210,000 (2015) and (2014)

The foregoing actuarial assumptions are based on the presumptions that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

7. Plan Termination:

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the plan document. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates.

DURO HILEX POLY, LLC NATIONAL HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2016 AND FEBRUARY 28, 2015

7. Plan Termination (continued):

Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit. Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

8. Tax Status:

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated July 5, 2012, that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code. The Plan has been amended subsequent to this date. However, the Plan Sponsor and the plan administrator believe that the Plan, was at all times during the years ended February 29, 2016 and February 28, 2015, designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and that the Plan and related trust continued to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and/or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 29, 2016 and February 28, 2015, there is no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

9. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date reduced by the sum of:

1. 66.67% of gains and losses of the prior year;
2. 33.33% of gains and losses of the second prior year.

Investment gains and losses are determined by the excess or deficiency of the expected return over the actual return on the market value (including employer contributions receivable for any given year). However, the expected return on assets may be limited by certain statutory interest rates.

The actuarial valuation of assets is further constrained to be not less than 90% or more than 110% of market value (including employer contributions receivable).
