ZACKS INVESTMENT RESEARCH, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
As of February 28, 2016 and 2015 and for the Year Ended February 28, 2016

NOTE 1 - Description of the Plan

The following description of the Zacks Investment Research, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Users of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Zacks Investment Research, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Zacks Analyst Watch, Inc., LBMZ Securities, Inc. and Zacks Investment Management, Inc. are affiliates of the Company and are covered by the Plan.

Administration of Plan Assets

The Plan's assets are administered under a contract with John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan (the "Custodian"). The Custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

Eligibility

All employees 21 years of age or older, except members of a collective bargaining unit and non-resident aliens with no U.S. source income, who have completed at least one month of service with the Company, as defined by the Plan document, are eligible to participate. Upon enrollment in the Plan, a participant may direct Company and participant contributions to any combination of available investment options.

Contributions

Participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the Plan document, subject to applicable limits of the Internal Revenue Code ("IRC"). Participants in the Plan may designate all or a portion of their contributions to the Plan into a Roth account. An eligible employee that has not made an affirmative election regarding Plan participation is automatically enrolled into the Plan. Automatically enrolled participants have their deferral rate set at 3% of pretax annual compensation and their contributions are invested into a designated fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company, at its sole discretion, may make a matching contribution to accounts of participants employed as of the end of the Plan year. The Company does not intend to make any matching contributions to the Plan and no contributions were made for the year ended February 28, 2016. Company contributions are subject to certain IRC limitations.

NOTE 1 - Description of the Plan (cont.)

Participant Accounts and Investment Fund Options

Participant contributions and investment earnings were directed by the individual Plan participants to certain investment choices offered under the Plan. Each participant's account is credited with the participant's contributions, rollover contributions and an allocation of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations of Company contributions, Plan earnings and administrative expenses are based on the participant's eligible compensation, account balances or specific participant transactions, as defined in the Plan document.

Vesting

Participants are immediately 100% vested in their salary reduction plus earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan document, are considered 100% vested. Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting Years of Service	Percentage Vested
0-1	0%
2	20%
3	40%
4	60%
5	80%
6+	100%

Forfeited Accounts

There were no forfeited non-vested accounts as of February 28, 2016 or 2015. These accounts would be used to reduce future Company contributions or administrative expenses of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at 4.25% as of February 28, 2016 and 2015, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator and at various maturities through 2030. Loan terms range from one to five years or greater for the purchase of a primary residence. Principal and interest is paid ratably through regular monthly payroll deductions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for normal retirement at age 65, but not before the fifth anniversary of a participant's entry date. In-service distributions are only allowed after attaining the age of 59-1/2. Participants experiencing financial hardship may withdraw a portion of their vested account balance, if certain criteria are met, as defined in the Plan document.

NOTE 1 - Description of the Plan (cont.)

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s administrator determines the Plan’s valuation policies utilizing information provided by the investment advisors and the Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of February 28, 2016 and 2015. Delinquent participant loans are reclassified as benefit payments to participants based upon the terms of the Plan document.

Administrative Expenses

Almost all expenses of maintaining the Plan are paid by the Plan, including Custodian contract administration fees, third party administrator service fees and participant generated transaction fees. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In June 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-10, *Technical Corrections and Improvements.* ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net (depreciation) appreciation in investments in the aggregate. Additionally, if an investment is measured using the NAV per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor ("DOL") Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. Management has elected to early adopt the provisions of Part II of this new standard. Accordingly, the provision was retrospectively applied. Management has determined that Parts I and III are not applicable to the Plan.

NOTE 3 - Information Prepared and Certified by the Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of February 28, 2016 and 2015. Accordingly, the Custodian, has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits as of February 28, 2016 and 2015, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of February 28, 2016 and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended February 28, 2016.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2016 and 2015.

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy.

The Custodian's short-term trading policy permits a participant a maximum of two exchanges per calendar month. After the exchange limit, participants may move 100% of their account to the money market fund where it must remain for 30 days. Trading can resume only once the 30 days have expired. In addition, the Domini Social Equity Fund has a 30 day holding period and participants are charged a 2.00% fee upon redemption if the holding period is not satisfied. There were no unfunded commitments as of February 28, 2016 and 2015.

NOTE 4 - Fair Value Measurements (cont.)

The Plan administrator is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan administrator has not historically adjusted the prices obtained from the pricing services.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy as of February 28, 2016 and 2015.

	Assets at fair value as of February 28, 2016			
	Total	Level 1	Level 2	Level 3
Pooled separate accounts	$ 9,971,001	$ -	$ 9,971,001	$ -
Investments at fair value	$ 9,971,001	$ -	$ 9,971,001	$ -

	Assets at fair value as of February 28, 2015			
	Total	Level 1	Level 2	Level 3
Pooled separate accounts	$ 9,873,909	$ -	$ 9,873,909	$ -
Investments at fair value	$ 9,873,909	$ -	$ 9,873,909	$ -

NOTE 5 - Related Party and Parties-In-Interest Transactions

Certain of the Plan's investments are managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services, professional services, and recordkeeping services are included in net depreciation in the fair value of the Plan's investments, rather than a direct payment, and are also considered party-in-interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances, which qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who have withdrawn from the Plan as of February 28, 2016 or 2015.

NOTE 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - Tax Status

The Plan adopted provisions of a prototype non-standardized profit sharing plan with CODA maintained by Datair Employee Benefit Systems, Inc. The prototype plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the prototype plan received the determination letter. The Plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Delinquent Participant Contributions

For the year ended February 28, 2015, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the DOL Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, which totaled $413, were corrected outside of the DOL Voluntary Fiduciary Correction Program during the year ended February 28, 2016. Additionally, the Company has compensated participants for lost earnings resulting from the delay in contributions.

NOTE 10 - Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of February 28, 2016 and 2015, the Plan held one such investment totaling $1,702,755 and $1,506,017, respectively.

NOTE 11 - Subsequent Events

The Plan administrator has evaluated subsequent events through December 14, 2016, which is the date that the financial statements were approved and available to be issued, for events requiring disclosure in the Plan's financial statements.
