Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Trustee as of May 31, 2016 and 2015, and for the year ended May 31, 2016, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matters

As discussed in Note 2 to the financial statements, the Plan adopted new accounting guidance related to the presentation of fair value of certain investments and disclosure of investments. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to these matters.

Other Matter

The supplemental schedule of assets held at end of year as of May 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the East Manufacturing Corporation Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all full-time employees of East Manufacturing Corporation (Company or Plan Sponsor) who have completed one year of service and have worked at least 1,000 hours. Plan entrance days occur on the first day of each Plan year and the first day of the seventh month of each Plan year. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan is funded solely by discretionary employer profit sharing contributions determined annually by the Board of Directors of the Plan Sponsor. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is (a) credited with allocations of the Company's contributions, (b) credited (reduced) with actual earnings (losses) thereon, (c) charged with administrative expenses, and (d) reduced by participant withdrawals. Allocations are based on a participant's eligible compensation and years of service, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested in their accounts based on years of continuous service. A participant is 100 percent vested after six years of credited service on a graded scale. Additionally, participants become fully vested, regardless of vesting table, upon attainment of normal retirement age, upon retirement due to disability, upon death, or upon termination of the Plan.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution or a direct rollover equal to the value of the participant's vested account balance. For termination of employment due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution after the participant has incurred a one year break in service. In-service distributions are available if certain criteria are met.

Forfeited accounts: Forfeiture of non-vested accounts arising from employee terminations and withdrawals may be used to offset employer contributions or reallocated to participants, as provided by the Plan document. As of May 31, 2016 and 2015, forfeited nonvested accounts totaled \$2,658 and \$4,518, respectively. During the year ended May 31, 2016, \$20,000 of forfeitures were reallocated to participants.

Investment options: Participants are permitted to direct the investment of their account balances into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment allocations on a daily basis.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payments of benefits: Benefits are recorded when paid.

Reclassifications: Certain reclassifications have been made to the 2015 financial statements to conform to the 2016 presentation.

Subsequent events: In preparing these financial statements, the Plan Sponsor evaluated events that occurred through December 12, 2016, the date the financial statements were available to be issued, for potential recognition or disclosure.

Recent accounting pronouncement: In July 2015, the Financial Accounting Standards Board (FASB) issued guidance with the purpose to reduce complexity in employee benefit plan accounting. Previous guidance relative to Part I required fully benefit-responsive investment contracts to be measured at fair value for purposes of presentation and disclosure. This guidance requires contract value as the only required measure for fully benefit-responsive investment contracts. Previous guidance relative to Part II required plans to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type. This guidance will eliminate these requirements for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments will no longer be required to be disaggregated and disclosed by general type. Relative to Part III, this guidance will provide a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month end. The guidance in Part I applies only to reporting entities within the scope of Topics 962 (Defined Contribution Pension Plans) and 965 (Health and Welfare Benefit Plans) that classify investments as fully benefit-responsive investment contracts. The guidance in Part II applies to those entities that follow the requirements in Topics 960 (Defined Benefit Pension Plans), 962, and 965. The guidance in Part III applies only to entities that have fiscal year ends that do not coincide with a month end and follow the requirements in Topics 960, 962, and 965 referenced above. An entity should apply Part I and Part II guidance retrospectively for all financial statements presented, and Part III should be applied prospectively. All Parts are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Plan adopted this guidance during the year ended May 31, 2016. Adoption of this guidance did not have a material impact on the Plan's financial statements.

EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity), the Trustee

The following is a summary of the investment information as of May 31, 2016 and 2015, and for the year ended May 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of May 31:

	2016	2015
Investments at fair value:		
Registered investment companies	\$ 10,046,207	\$ 10,952,663
Cash	2,391,780	2,610,733
	<u>\$ 12,437,987</u>	<u>\$ 13,563,396</u>

Fidelity also certified the completeness and accuracy of \$(868,942) of net depreciation in fair value of registered investment companies, and \$525,753 of interest and dividends related to the aforementioned investments for the year ended May 31, 2016.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of May 31, 2016 or 2015:

Registered investment companies: Valued based on quoted market prices.

Cash: Valued at the cash value at end of year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of May 31, 2016:

Assets at Fair Value as of May 31, 2016				
	Total	Level I	Level II	Level III
Registered investment companies	\$ 10,046,207	\$ 10,046,207	\$ -	\$ -

Note 5. Related Party Transactions

Certain Plan investments are investments in registered investment companies and a cash account managed by Fidelity. Fidelity is the Trustee of these investments and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$3,726 for the year ended May 31, 2016.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Tax Status – Prototype Plan

The Plan has adopted a non-standardized form of a prototype plan. The sponsor of the prototype plan has received an opinion letter, dated March 31, 2008, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended May 31, 2013, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits. During the Plan year ended 2016, the credit and liquidity environment in the United States of America and throughout the global financial system resulted in substantial volatility in financial markets and the banking system.

Note 9. Reconciliation of Federal Form 5500 to Financial Report

Differences occur between the federal Form 5500 filed with the Internal Revenue Service and the financial report. These differences are due to the employer contribution receivable. The following is a reconciliation of Form 5500 to the financial report as of and for the years ended May 31:

	2016	2015
Net assets available for benefits per federal Form 5500	\$ 12,437,987	\$ 13,563,396
Add:		
Employer contributions receivable, ending	675,000	565,000
Net assets available for benefits per financial report	\$ 13,112,987	\$ 14,128,396

(Less):
