Corporate Express U.S. Inc. Union 401(k) Retirement Plan

Notes to Financial Statements

March 4, 2016

1. Description of the Plan

Corporate Express, Inc. (the “Company”), acquired by Staples, Inc. on July 2, 2008, is the plan sponsor for the Corporate Express U.S. Inc. Union 401(k) Retirement Plan (“the Plan”). The Plan was established for the benefit of the eligible employees of the Company. The following description of the Plan provides only general information. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (the “IRC” or the “Code”), covering union employees of the Company. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

John Hancock Retirement Plan Services (formerly New York Life Trust Company) (the “Trustee”) served as trustee of the Plan during 2016 and 2015. The Trustee provided the trust and recordkeeping services for the Plan.

Effective March 4, 2016, the Company merged the Plan into another plan sponsored by the Company. As a result of this merger, net assets in the amount of \$4.2 million were transferred to the other plan on March 4, 2016. All provisions of the Plan will remain the same.

Eligibility

All employees (“associates”) of the Company covered by a collective bargaining agreement (the terms of which provide for participation in the Plan) are eligible to participate in the Plan. Leased employees are specifically excluded from participation in the Plan.

Eligible associates may begin making pre-tax contributions to the Plan as of the first day of the month following the attainment of age 21 and completion of sixty (60) consecutive days of employment with the Company.

Eligible associates that have failed to complete the requisite sixty (60) consecutive days of employment during the twelve month period following the date of hire may begin making pre-tax contributions, as of the first day of the month following the later of the one year anniversary date; or the date following the attainment of age 21.

Employee Contributions

Employees who meet the eligibility requirements may contribute from 1% up to 50% of their eligible compensation on a pretax basis, within the limits prescribed by Section 401(k) of the Code. Participants' contributions are recorded each pay period when the Company makes payroll deductions from participants' wages.

Corporate Express U.S. Inc. Union 401(k) Retirement Plan

Notes to Financial Statements (continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for auto-enrollment, whereby at five years of service an eligible employee is auto-enrolled into the plan with a deferral amount of 3% of compensation, as a pretax contribution.

Company Contributions

The Company matches 50% of employee contributions, not to exceed 6% of the participant's compensation. The Company's match cash contributions are allocated in the same manner as that of the participant's elective contributions.

Transfers In

Transfers into the Plan from the Staples, Inc. Employees' 401(k) Savings Plan during 2015 are a result of eligible employees electing to join the union during the year. As eligible employees elect to join the Plan related funds are subsequently transferred as well.

Transfers Out

Transfers out of the Plan to the Staples, Inc. Employees' 401(k) Savings Plan during 2016 are a result of the Plan merging with another plan sponsored by the Company. Net assets of \$4.2M were transferred on March 4, 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contribution plus any investment earnings, realized and unrealized, which is net of expenses less any benefit payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, subject to vesting restrictions.

Vesting

Participants are immediately 100% vested in their contributions, any rollover contributions, and actual earnings thereon. Vesting in the Company matching contributions plus actual earnings thereon is based on the length of vesting service over a period of up to five vesting years, as further defined in the Plan.

Forfeited Amounts

Non-vested participant amounts are used to reduce future Company contributions and administrative expenses, as defined in the Plan Document. There were no forfeitures available to reduce future Company contributions at March 4, 2016 and \$2,802 during December 31, 2015. During 2016, there were \$2,802 forfeitures used to offset employer contributions and administrative expenses and none in 2015.

Benefit Payments

Benefits are payable in a lump sum upon retirement or normal retirement age, death, separation from service, reasons of proven hardship, or attainment of age 59 1/2. In any event, payment of benefits must commence

Corporate Express U.S. Inc. Union 401(k) Retirement Plan

Notes to Financial Statements (continued)

when the participant reaches age 70 1/2, unless elected otherwise. Participants may also have distributions from rollovers of prior qualified plans at anytime.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their vested participant account balance, comprised of employee contributions, their respective earnings and rollover monies. Loan terms range from one to five years, or up to ten years for the purchase of a principal residence. The notes receivable are secured by the vested balance in the participant's account, and bear interest at a rate consistent with local prevailing rates as determined by the Plan. All notes receivable are subject to the principal repayment terms and interest rate guidelines set forth in the Plan Document.

Administrative Expenses

Recordkeeping and most administrative expenses are paid by the Plan. Certain other plan expenses are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year.

The MetLife Stable Value Solutions invests in fully benefit-responsive investment contracts. This fund is recorded at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. There are no redemption restrictions related to the MetLife Stable Value Solutions.

The Plan invests in a fully benefit-responsive guaranteed investment contract (GIC) through its investment in the New York Life Guaranteed Investment Account (GIA). These investment contracts are recorded at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Corporate Express U.S. Inc. Union 401(k) Retirement Plan

Notes to Financial Statements (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to the participants are recorded upon distribution.

Participant Notes Receivable

Participant notes receivable are valued at their outstanding principal balances, plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when it is earned. Related fees, if any, are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 4, 2016 and December 31, 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles of the United States requires the Plan's management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedules. Actual results could differ from these estimates.

New Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Plan management adopted Parts I and II early in 2015 with retrospective application. These financial statements reflect the requirements of ASC 2015-12 for all periods presented.

Subsequent Events

Management evaluated subsequent events for the Plan through December 20, 2016, the date the financial statements were available to be issued.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule including investments held and notes receivable from participants at March 4, 2016 and December 31, 2015, and net depreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the period January 1, 2016 through March 4, 2016 and year ended December 31, 2015, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by John Hancock Retirement Plan Services, the trustee of the Plan. The contract values of the GIA and MetLife Stable Value Solutions were certified as complete and accurate by the trustee.

4. Fair Value Measurements

Fair value is defined under ASC 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2015:

The mutual funds include investments in equity securities of large, small and medium sized companies in the U.S. and in foreign companies, including those in developing countries. The funds are valued using quoted market prices.

- (3) This category represents the Plan's investment in Mainstay Cash Reserves Fund which is comprised of U.S. dollar denominated money market instruments maturing in 13 months or less.

5. Risk and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated July 7, 2010, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and therefore believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

8. Related Party Transactions

The Plan holds units of guaranteed investment contract funds managed by New York Life Trust Company, the trustee of the Plan. Staples, Inc., which acquired Corporate Express on July 2, 2008, is a party-in-interest. The Plan invests in common stock of Staples, Inc.; however, they are also exempt from the prohibited transactions rules under ERISA. During the period January 1, 2016 through March 4, 2016, the Plan received \$134 in common stock dividends from the Company, which are included in the *Interest income and dividends* line of the Statement of Changes in Net Assets Available for Benefits.
