INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Retirement Plan for Employees of Kolmar
Laboratories, Inc. and its Subsidiaries and Affiliates

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement Plan for Employees of Kolmar Laboratories, Inc. and its Subsidiaries and Affiliates, which comprise the statement of net assets available for benefits as of December 31, 2015 (in liquidation), the related statement of changes in net assets available for benefits for the year ended December 31, 2015 (in liquidation), the statement of net assets available for benefits as of May 25, 2016 (in liquidation), the related statement of changes in net assets available for benefits for the period January 1 to May 25, 2016 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Bank of America Merrill Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of May 25, 2016 and for the period January 1, 2016 through May 25,2016, and as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As described in Note 9 to the financial statements, the plan sponsor has made application to the Pension Benefit Guarantee Corporation ("PBGC") for a distress termination of the Plan. During the year ended December 31, 2015 the PBGC approved the Notice of Intent to Terminate and effective February 11, 2015 the PBGC became the Statutory Trustee of the Plan. As a result, effective in 2015, the Plan has changed its basis of accounting from the ongoing basis to the liquidation basis in presenting their financial statements. Our opinion is not modified with respect to that matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of reportable transactions, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Retirement Plan for Employees of Kolmar
Laboratories, Inc. and its Subsidiaries and Affiliates

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement Plan for Employees of Kolmar Laboratories, Inc. and its Subsidiaries and Affiliates, which comprise the statement of net assets available for benefits as of December 31, 2015 (in liquidation), the related statement of changes in net assets available for benefits for the year ended December 31, 2015 (in liquidation), the statement of net assets available for benefits as of May 25, 2016 (in liquidation), the related statement of changes in net assets available for benefits for the period January 1 to May 25, 2016 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Bank of America Merrill Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of May 25, 2016 and for the period January 1, 2016 through May 25,2016, and as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As described in Note 9 to the financial statements, the plan sponsor has made application to the Pension Benefit Guarantee Corporation ("PBGC") for a distress termination of the Plan. NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD JANUARY 1 TO MAY 25, 2016
AND FOR THE YEAR ENDED DECEMBER 31, 2015

(1) DESCRIPTION OF THE PLAN

The accompanying summarized description of the Retirement Plan for Employees of Kolmar Laboratories, Inc. (the "Company") and its Subsidiaries and Affiliates (the "Plan") is intended only to highlight some of the features of the Plan. Participants should refer to the plan document for a more complete description of the Plan's provisions.

- General

  The Plan is a non-contributory, defined benefit pension plan sponsored by the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

- Pension Benefits

  Under the terms of the Plan, employees are eligible for participation upon attaining age 21 and completing one year (1,000 hours) of credited service. Benefits are generally paid in the form of a life annuity payable monthly. When the present value of the benefit is $5,000 or less, eligible participants will receive a lump-sum actuarial equivalent of the benefit in lieu of any other payments. Participants with at least 5 years of participation become eligible for monthly benefits at the normal retirement age of 65, or reduced monthly benefits at the early retirement age of 55. Participants who terminate their employment after periods of service equal to five or more years, or after attaining age 55, will receive specified retirement income benefits at their retirement date.

  During the year ended December 31, 2003 the Plan was amended effective January 1, 2004 to not allow any new participants to enter the Plan and to stop all future benefit accruals of current participants. Years of benefit service, compensation, covered compensation, and any other applicable benefit accrual service or compensation earned after December 31, 2003 shall not count for purposes of calculating any accrued benefit under the Plan.

(2) SIGNIFICANT ACCOUNTING POLICIES AND INFORMATION

This summary of significant accounting policies and information of Retirement Plan for Employees of Kolmar Laboratories, Inc., and its Subsidiaries and Affiliates is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's trustees, who are responsible for their integrity and objectivity. These accounting policies conform to U.S. generally accepted accounting principles and have been consistently applied in the preparation of these financial statements.

(2) SIGNIFICANT ACCOUNTING POLICIES AND INFORMATION – (Continued)

- Method of Accounting

  Effective in 2015, the accounting method was changed to the liquidation basis. The change in accounting method had no impact on the financial statements.

- Investment Valuation and Income Recognition

  Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. See Note 10 for a discussion of fair value measurements.

  Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

  The Fund follows Financial Accounting Standards Board Accounting Standards Update (ASU) 2009-12, Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). ASU 2009-12 amended Accounting Standards Codification 820 to allow entities to use net asset value (NAV) per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the NAV is calculated in a manner consistent with investment company accounting. The Fund adopted the guidance in ASU 2009-12 and has used the practical expedient to measure the fair value of investments within the scope of this guidance. ASU 2009-12 requires enhanced disclosures about the nature and risks of investments within its scope. Refer to Note 10 for such disclosures.

- Tax Status

  The Internal Revenue Service has determined and informed the Company by letter dated July 2, 2012 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

- Estimates

  The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(2) SIGNIFICANT ACCOUNTING POLICIES AND INFORMATION – (Continued)

- Administrative Expenses

  Substantially all administrative expenses are paid by the Plan. The balance of such expenses are paid by the Company. The Company provides certain administrative services to the Plan at no cost to the Plan.

- Accounting for Uncertainty in Income Taxes

  In accordance with guidance issued by the Financial Accounting Standards Board (FASB) on accounting for uncertainty in income taxes, management has evaluated the Plan's tax position and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. Management believes that the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2012.

- Subsequent Events

  Fund management has evaluated subsequent events for potential recognition or disclosure through October 13, 2016.

(3) LEGAL MATTERS

According to the Plan's Trustees and legal counsel, the Fund is not a party to any litigation the outcome of which would have a material effect on these financial statements.

(4) RISKS AND UNCERTAINTIES

The Plan's assets are invested in various securities and shares of common and collective funds. These investments are exposed to various risks, such as, interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially effect the amounts reported in the statements of net assets available for benefits and statements of changes in net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(5) INVESTMENT INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan's assets are held by a trust fund administered by the trustee. The following is a summary of assets (at fair value) and changes in assets certified as complete and accurate by the trustee as of and for the period ended May 25, 2016 and the year ended December 31, 2015. Investments that represent 5% or more of the Plan's total assets are separately identified.

Description	2016	2015
Investments at Fair Value		
Money Market Funds and Cash		
Capital One Bank ISA	$ -	$ 2,186
ISA Bank of America	-	23,237
Other	-	2
Total Investments at Fair Value	$ -	$ 25,425

During the period ended May 25, 2016 and for the year ended December 31, 2015 the Plan's investments including investments bought, sold, and held during the period appreciated (depreciated) in value as follows:

Net Appreciation (Depreciation) in Fair Value

	2016	2015
Mutual Funds/Exchange Traded Funds	$ -	$ (11,479)
Net Appreciation (Depreciation) in Fair Value of Investments	$ -	$ (11,479)

(5) INVESTMENT INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED) – (Continued)

Other additions and deductions to the Plan's assets during the years ended December 31, 2015 and 2014 were as follows:

	2016	2015
Interest Income	$ 2	$ 25
Dividend Income	-	118,899
Investment Expenses	-	21,185
Benefits Paid Directly to Participants	-	854,036
Administrative Expenses	-	11,960

(6) ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the services employees have rendered through the valuation date, which is as of January 20, 2015, which is the date of the Settlement Agreement that appoints the PBGC as the Statutory Trustee of the Plan. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the number of years of credited service and reported compensation.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is calculated by applying actuarial assumptions to accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Calculations of the present value of accumulated benefits were made using the unit credit cost method. The significant actuarial assumptions used in determining the actuarial present value of accumulated plan benefits were as follows.

Interest Rate	8.00%
Mortality Table	Males - RP 2000 system table with floating Scale AA projections for males Females - RP 2000 system table with floating Scale AA projections for females
Withdrawal Rates	Age 25 - 5.29% Age 40 - 4.19% Age 55 - 0.94%
Assumed Retirement Age	Age 65
Marriage Rates	Percentage married - 100%. Males are assumed to be 3 years older than their spouse.

(6) ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS – (Continued)

Actuarial Cost Method – The actuarial cost method used for determining the plan's ERISA funding requirements is the unit credit method. Under this method, an accrued benefit is determined at each active participant's assumed retirement age based on compensation and service at both the beginning and the end of the current year. The plan's normal cost is the sum of the present value of the excess of each active participant's accrued benefit at the end of the current year over that at the beginning of the current year. The plan's accrued liability is the sum of (a) the present value of each active participant's accrued benefit at the beginning of the current year plus (b) the present value of each inactive participant's future benefits.

Asset Valuation Method – The Actuarial Value of Assets used for determining the plan's ERISA funding requirements is equal to the Adjusted Market Value of Assets minus a decreasing fraction of the investment gain or loss for each of the two immediate preceding plan years, but it cannot be less than 90% nor more than 110% of the Adjusted Market Value of Assets. The expected investment return for a plan year is based on the lesser of the expected rate of return on plan assets (currently 8% per year) or the applicable statutory interest rate for the year.

Changes in Assumptions
None

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of January 20, 2015 and January 1, 2015 was as follows:

	Jan 20, 2015	Jan 1, 2015
Vested Benefits		
Participants Currently Receiving Payment	$ -	$ 9,444,460
Other Participants	-	10,903,768
Total Vested Benefits	-	20,348,228
Nonvested Benefits	-	-
Actuarial Present Value of Accumulated Plan Benefits	$ -	$ 20,348,228

(6) ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS – (Continued)

The changes in the actuarial present value of accumulated plan benefits for the period January 1, 2015 to January 20, 2015 were as follows

Actuarial Present Value of Accumulated Plan Benefits	
Beginning of Year	$ 20,348,228
Increase (Decrease) During the Year Attributable to:	
Plan Amendments	(20,348,228)
Net Increase (Decrease)	(20,348,228)
Actuarial Present Value of Accumulated Plan Benefits	
End of Period	$ -

(7) FUNDING POLICY

The Company makes contributions to the Plan as determined by the Plan's independent actuary in amounts that meet or exceed the minimum funding requirements of ERISA. Contributions for the period January 1 through May 25, 2016 and for the year ended December 31, 2015 were $0 and $0, respectively.

(8) PARTY-IN-INTEREST TRANSACTION

The Plan's investments are managed by an affiliate of Bank of America, N.A.. Bank of America, N.A. is the Plan's Trustee and provides recordkeeping services to the Plan. As such, these transactions qualify as exempt party-in-interest transactions. Usual and customary fees were paid by the Plan for the investment management and recordkeeping services.

(9) PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(9) PLAN TERMINATION – (Continued)

Upon termination, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. Upon termination, the employees become vested in the present value of their accrued benefit, to the extent funded, and benefits will be distributed in the following order:

- Monthly benefits former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- All other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC"), up to specified limitations. The PBGC is a government agency established under ERISA.
- All other vested retirement benefits under the Plan not insured by the PBGC.
- All nonvested benefits.

As mentioned above, certain benefits under the Plan are insured by the PBGC when the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

Participant benefits will depend on the sufficiency of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

On June 22, 2012, the plan sponsor filed Notice of Intent to Terminate ("NOIT") with the Pension Benefit Guarantee Corporation ("PBGC") for a distress termination of the Plan to be effective June 30, 2012. A distress termination of the Plan would result in the transfer of Plan assets and liabilities to the PBGC. During the year ended December 31, 2015 the PBGC approved the NOIT and effective February 11, 2015 the PBGC became the Statutory Trustee of the Plan.

Following is a summary of the assets transferred to the PBGC during the period January 1 through May 25, 2016 and for the year ended December 31, 2015:

	2016	2015
Investments at Fair Value		
Cash	$ 13,467	$ 9,997,288
Mutual Funds/Exchange Traded Funds	-	7,635,773
Total	$ 13,467	$ 17,633,061

The Plan's benefit obligations were also transferred to the PBGC during the year ended December 31, 2015

(10) FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures* (formerly FAS 157 Fair Value Measurements), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at May 25, 2016 and December 31, 2015.

Money Market Funds: Valued using cost which approximates fair value.

The valuation methods used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the valuation date.

(10) FAIR VALUE MEASUREMENTS - (Continued)

The following tables sets forth by level, within the fair value hierarchy, of the plan's investment assets at fair value as of May 25, 2016 and December 31, 2015:

Assets at Fair Value as of May 31, 2016
