Plan Trustees
The Nord Center Retirement Plan for Non-Union Employees
6140 South Broadway
Lorain, OH 44055

We have conducted a DOL limited-scope audit of the financial statements of The Nord Center Retirement Plan for Non-Union Employees for the year ended June 30, 2016 and have issued our report thereon dated December 16, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 20, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by The Nord Center Retirement Plan for Non-Union Employees are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2016, except for the adoption of Accounting Standards Update No. 2015-12 as described in Note 2. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the disclosure of fair value in Note 4.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of risks and uncertainties in Note 11.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were discovered during the course of our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 16, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We have identified the following business advisory comments:

BUSINESS ADVISORY COMMENTS

Excess Revenue Sharing Account

Included in Plan assets at year end was \$27,693 which represents excess revenue sharing funds received from certain mutual fund investments. Some of these funds have been used to pay certain expenses of the Plan. We recommend that you discuss the use of these funds with your third party administrator to determine how and when these amounts should be used.

Plan Documentation

Incidences of missing or incomplete participant account information (such as enrollment forms, including forms showing elections not to participate, and investment allocation and deferral percentage change forms) were experienced during the audit. Maintaining proper documentation regarding participant data can safeguard the plan and the plan sponsor. Procedures should be implemented that ensure all documentation is forwarded and maintained in the participant file. Also, a record retention policy should be drafted covering all paper and electronic files.

Timely (and Consistent) Deposit of Participant Deferral Contributions

The Department of Labor (DOL) requires that participant deferral contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Organization's general assets but in no event later than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction that must be separately reported to the DOL and may result in penalties to the plan sponsor. While the contributions tested were all remitted by the 15th business day following the end of the month from which they were withheld from the participants' wages, the DOL could require the Organization to remit these funds in a more timely (and consistent) manner.

During a recent DOL audit of one of our clients, the DOL deemed that the organization could have reasonably remitted contributions to the plan within one business day from the date in which the participants' contributions were deducted from employees' wage. The DOL's position was that the participants' deferral contributions should be made on the earliest date on which such contributions can be segregated from the employer's general assets and that the 15th business day is an outside limit in the regulations and is not a safe harbor that plan fiduciaries may rely on when remitting amounts deducted from participants' wages. We recommend that the Organization review the procedures involved in remittance of participants' contributions to the Plan and implement the necessary policies and procedures to ensure participant contributions are remitted on the earliest date on which they can be reasonably segregated from the Organization's general assets and on a consistent basis each payroll period.

This communication is intended solely for the information and use of the Board of Trustees (who are charged with governance) and management of The Nord Center Retirement Plan for Non-Union Employees and is not intended to be and should not be used by anyone other than these specified parties.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Nord Center Retirement Plan for Non-Union Employees, which comprise the statements of net assets available for benefits as of June 30, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Newport Trust Company (trustee) and the Variable Annuity Life Insurance Company (VALIC) for the year ended June 30, 2016 and Matrix Trust Company and VALIC for the year ended June 30, 2015, the trustee/custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee/custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee/custodians as of and for the years ended June 30, 2016 and 2015, that the information provided to the plan administrator by the trustee/custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule on page 13 for the year ended June 30, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

THE NORD CENTER RETIREMENT PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2016 AND 2015

1. Description of Plan:

General:

The Nord Center Retirement Plan for Non-Union Employees (the "Plan"), established January 1, 1989, and as restated effective January 1, 2009, is a defined contribution plan covering all non-union employees of The Nord Center (the "Corporation") who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Management of the Plan has engaged Newport Trust Company (Newport) the trustee of the Plan, Matrix Trust Company (Matrix), and The Variable Annuity Life Insurance Company (VALIC) custodians of the Plan. VALIC only holds plan investments as collateral for a limited number of participants with outstanding loans issued when they were the only custodian. Subsequent to year end, the Plan engaged MassMutual to be the custodian of the Plan beginning in July 2016.

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the Internal Revenue Service) into the Plan on a pre-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions, including any employer contributions, into various investment options offered by the Plan.

The Corporation may make discretionary matching and nonelective contributions to participant accounts as determined periodically by the Corporation's Board of Trustees. During the years ended June 30, 2016 and 2015, the Corporation made discretionary matching contributions of 100% of participant elected deferrals limited to 2% of the participant's total compensation. These discretionary matching contributions totaled \$63,959 (\$79,678 less \$15,719 of forfeitures) in 2016 and \$31,549 (\$73,864 less \$42,315 of forfeitures) in 2015. The Corporation did not make any discretionary nonelective contributions for 2016 or 2015.

Forfeitures of nonvested accounts are retained in the Plan and are used to offset future employer contributions. There were no unused forfeitures at June 30, 2016 and \$1,375 at June 30, 2015. Additionally, the Plan has an account totaling \$27,693 at June 30, 2016 and \$35,505 at June 30, 2015 that includes excess revenue sharing funds received from certain mutual fund investments. These amounts are held to pay for Plan expenses or allocated to plan participants, but cannot be used to reduce employee contributions. The Plan received excess revenue sharing funds totaling \$11,942 during 2016 and \$7,314 during 2015 and are included in contributions, other.

Participant accounts:

Separate accounts for each participant are maintained by the custodians. Each account is credited with contributions and earnings from investments held in the account.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2016 AND 2015

1. Description of Plan (continued):

Vesting:

Participants are immediately vested in their pre-tax contributions plus earnings thereon. The following is the vesting schedule for employer discretionary matching and nonelective contributions:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, a partial lump sum distribution not to exceed the vested value of their account balance, or in installments not to exceed the life of the participant.

Benefits are recorded when paid.

Participant notes:

Participants may borrow from their accounts. The minimum loan is \$1,000 to a maximum of the lesser of \$50,000 or 50% of the participant balance. Loan transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note is to be repaid over a reasonable period of time that may not exceed 30 years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest may be paid through payroll deductions.

Included in investments at June 30, 2016 and 2015 are \$15,848 and \$15,028, respectively, held as collateral for notes by participants from VALIC. These loans are not included in participant notes, as the funds borrowed are from VALIC and these loan collateral funds are held and invested in VALIC's group annuity contracts while the loans are outstanding.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2016 AND 2015

1. Description of Plan (continued):

Investment income:

Participants may direct their contribution into various investment options. Income is allocated to participant accounts based on earnings in the respective investment accounts.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's mutual funds and money market fund investments are recorded at fair value, which is determined by quoted market prices provided by either Newport, Matrix and VALIC, the trustee/custodians of the Plan, at June 30, 2016 and June 30, 2015.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. These amounts were provided by the trustee/custodians for the years ended June 30, 2016 and 2015.

Reclassifications:

Certain amounts included in the 2015 financial statements have been reclassified to conform with the 2016 presentation.

THE NORD CENTER RETIREMENT PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2016 AND 2015

2. Summary of significant accounting policies (continued):

Change in accounting principle:

During 2015, the Plan adopted a change in accounting principles related to the measurement of fully benefit-responsive investment contracts and investment disclosures, that are part of the amendments of Accounting Standards Update (ASU) No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plan (Topic 962), Health and Welfare Benefit Plans (Topic 965). The fully benefit-responsive investment contract was previously measured at fair value with an adjustment to the contract value on the statement of net assets available for benefits. Due to this change in accounting principle being required to be implemented retrospectively, the investment contract is measured at contract value on the statements of net assets available for benefits, effective July 1, 2014.

The investment disclosures were previously required to include 1) the disaggregation of the fair value of investments by type and class, 2) investment appreciation (depreciation) in fair value by general type, and 3) individual investments with a value equal to or greater than 5% of net assets available for benefits. Due to this change in accounting standard being required to be implemented retrospectively, the footnotes no longer include the above investment disclosures, effective July 1, 2014.

3. Investments:

The following table presents the value of participant-directed investments at June 30, 2016 and 2015: All investments are participant directed.

	<u>2016</u>	<u>2015</u>
Mutual funds, at fair value	\$ 6,509,421	\$ 6,885,511
Money market fund, at fair value	1,009,038	1,032,072
Guaranteed investment contracts, at contract value	<u>18,278</u>	<u>17,368</u>
	<u>\$ 7,536,737</u>	<u>\$ 7,934,951</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE NORD CENTER RETIREMENT PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2016 AND 2015

4. Fair value (continued):

Level 2 – Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2016:

	2016 <u>(Level 1)</u>	2015 <u>(Level 1)</u>
Mutual funds	\$ 6,509,421	\$ 6,885,511
Money market fund	<u>1,009,038</u>	<u>1,032,072</u>
	<u>\$ 7,518,459</u>	<u>\$ 7,917,583</u>

The fair value of the money market fund is valued at face value which approximates fair value.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2016 AND 2015

5. Party-in-interest transaction:

Certain Plan investments were managed by VALIC representing guaranteed investment contracts that were the insurance company's assets with the Plan maintaining rights to assets underlying the funds. VALIC is a custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

6. Investment contracts with insurance company:

The Plan participates in benefit-responsive investment contracts with VALIC. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the plan by VALIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with VALIC. Such events include the following: (a) amendments to the plan documents (including, complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

7. Information certified by trustee/custodians:

Certain information related to investments and participant notes receivable disclosed in the accompanying financial statements and supplemental schedule, including investments and participant notes receivable held at June 30, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport and VALIC for the year ended June 30, 2016 and by Matrix and VALIC for the year ended June 30, 2015, in accordance with Section 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

THE NORD CENTER RETIREMENT PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2016 AND 2015

8. **Administrative expenses:**

Certain administrative expenses are performed by employees of the Corporation. No such employee, or the Corporation receives compensation from the Plan.

Plan expenses:

Certain expenses of maintaining the Plan are paid directly by the Corporation and are excluded from these financial statements. Fees related to the administration of participant notes are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net decrease in fair value of investments.

9. **Income tax status:**

The Internal Revenue Service has determined that the prototype plan under which The Nord Center Retirement Plan for Non-Union Employees is organized is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

10. **Plan termination:**

Although it has not expressed any interest to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the individual accounts of the affected participants become nonforfeitable and fully vested.

11. **Risks and uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

YEARS ENDED JUNE 30, 2016 AND 2015

12. Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through December 16, 2016, the date the Plan's financial statements were available to be issued.
