Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility on the 2015 Financial Statements

Our responsibility is to express an opinion on the 2015 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.) (John Hancock) and Nationwide Financial Services, Inc. (Nationwide), the custodians of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the plan administrator that John Hancock held the Plan's investment assets and executed investment transactions for the period January 1, 2015 to May 6, 2015, and that Nationwide held the Plan's investment assets and executed investment transactions for the period May 7, 2015 through December 31, 2015. The plan administrator has obtained certifications from the custodians as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion on the 2015 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Costas Provisions 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution 401(k) plan covering all eligible employees of Costas Provisions Corporation (the Plan Sponsor) (the Company) who have rendered at least one year of service and are age twenty-one or older, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan year ended December 31, 2015 is the first year the Plan was subject to audit requirements under provisions of ERISA.

b. Eligibility

All employees are eligible to participate in the Plan and are eligible for the employer contributions provided they have attained the age of twenty-one and completed one year of service with 1,000 hours. All employees are eligible for the discretionary profit-sharing contributions provided they are employed on the last day of the Plan year.

c. Contributions

Each year, participants may contribute up to 100% of pre or post tax annual compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Service (IRS). Participants may also contribute amounts distributed from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions as defined in the Plan document. The Company's matching contribution may not exceed more than 4% of an individual participant's compensation. The Company contributed $108,580 in matching contributions during the year ended December 31, 2015. The Company may also make discretionary profit-sharing contributions as determined by the Board of Directors, allocated based on a formula comparing an employee's compensation to the compensation of all employees within the same category of employment. The Company contributed $237,907 in profit sharing contributions during the year ended December 31, 2015.

d. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

e. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's contributions after six years of credited service based upon a 20% graded schedule. Participants become fully vested upon death or disability.

The following represents the vesting schedule of the Company's contributions:

Years of Service	Percentage Vested
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

f. Forfeitures

Forfeitures of terminated participants' non-vested accounts are retained by the Plan and are used to reduce employer contributions. At December 31, 2015, forfeited non-vested accounts totaled $3,036. At December 31, 2014, there were no forfeited non-vested accounts. There was $7,224 of forfeitures used to reduce employer matching contributions during 2016.

g. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65. Upon termination of service, a participant receives a lump-sum amount equal to the value of his or her account, installments of the participant's vested balance or annuity payments. There are also retirement benefits available upon disability and death. Beneficiaries are entitled to receive benefit payments on behalf of the participant upon the death of the participant.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code (the Code) or standards established by the Secretary of the Treasury or his delegate.

h. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their accounts a minimum of $1,000. The loans are secured by the balance in the participant's account and bear interest at 3.25%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting standards and principles established by the Financial Accounting Standards Board (FASB). References to generally accepted accounting principles (U.S. GAAP) in these notes are to the FASB Accounting Standards Codification (ASC).

Accounting Principle Adoptions

In 2015, the Plan adopted FASB Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, removing the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. As early application is allowed, the Plan has used the retrospective approach for all periods presented whereby investments for which fair value is measured using the NAV per share practical expedient have been removed from the fair value hierarchy.

In addition, the Plan adopted FASB ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient*, allowing the Plan to eliminate the disclosure of (1) individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. As early application is allowed, the Plan has used the retrospective approach for all periods presented.

Investment Valuation and Income Recognition

Investments are stated at fair value. Investments consist of mutual funds and pooled separate accounts as of December 31, 2015 and 2014, respectively. Units held by the Plan in pooled separate accounts are based on each fund's daily NAV, which is considered by the plan administrator to be the best approximate of fair value. Shares of registered mutual funds are stated at quoted market prices on public exchanges, which represent the NAV of shares held by the Plan at year-end. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2015 and 2014.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants (Continued)

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. There was no loan default distributions during the years ended December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of participant loans and processing of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through December 22, 2016, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition for disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. John Hancock Life Insurance Company (U.S.A.) (John Hancock), a custodian of the Plan, has certified the following information for the period January 1, 2014 to May 6, 2015. Nationwide Financial Services, Inc. (Nationwide), a custodian of the Plan, has certified the following information for the period May 7, 2015 through December 31, 2015:

- Total investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Net depreciation in fair value of investments, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- All investment-related information in the accompanying supplemental schedule Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2015.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The determination of where assets and liabilities fall within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The pooled separate accounts are stated at the market value which equals the number of participation units owned in the subaccount multiplied by unit value of the participation unit. The unit values of participation units in the subaccounts are determined by John Hancock based on the value of the underlying mutual fund held in the subaccount, minus the fund's liabilities, which are the contract charges imposed by John Hancock, divided by the number of participation units outstanding. This value is also commonly referred to as the NAV of the participation units, which is considered by Plan management to be a practical expedient to the determination of fair market value. The daily charges imposed on these subaccounts for any valuation period are equal to the daily mortality and expense risk charge and the daily administrative charge multiplied by the number of calendar days in the valuation period. The value of each accumulation unit is published each business day. There are no unfunded commitments from participants in the Plan who invest in these accounts.

4. FAIR VALUE MEASUREMENT (Continued)

There have been no changes in the methodologies used at December 31, 2015 and 2014.

The following tables present by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 5,888,622	$ -	$ -	$ 5,888,622

	2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts *	$ -	$ -	$ -	$ 5,579,426

* In accordance with Subtopic 820-10, the Plan's pooled separate accounts that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table is intended to permit reconciliation of the fair value hierarchy to the amount presented in the statements of net assets available for benefits.

In accordance with the fair value measurements and disclosures guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan's pooled separate account investments, the fair values of which are estimated using the NAV per share as a practical expedient as of December 31, 2014:

	Fair Value	**Redemption Frequency**	**Redemption Notice Period**
Pooled separate accounts:			
Conservative funds (a)	$ 2,158,086	Daily	Daily
Growth funds (b)	1,121,852	Daily	Daily
Income funds (c)	985,056	Daily	Daily
Other funds (d)	430,867	Daily	Daily
Balanced funds (e)	427,195	Daily	Daily
Bond funds (f)	250,240	Daily	Daily
Small & mid cap funds (g)	206,130	Daily	Daily
Total pooled separate accounts	$ 5,579,426		

(a) The funds seek to achieve a high level of current income with some consideration given to growth of capital by investing approximately 80% of the portfolios' assets in underlying portfolios that invest primarily in fixed income securities and 20% of its assets in underlying portfolios that invest primarily in equity securities.

(b) The funds seek long term growth of capital by investing approximately 80% of the portfolios' assets in underlying portfolios that invest primarily in fixed-income securities. Current income is also a consideration.

4. FAIR VALUE MEASUREMENT (Continued)

(c) The funds seek to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on income by investing approximately 60% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and 40% of its assets in portfolios that invest primarily in equity securities.

(d) The funds invest in either Real Estate securities or primarily in equity securities.

(e) The funds seek to achieve a balance between a high level of income and growth of capital, with a greater emphasis on growth of capital. The fund normally invests approximately 40% of its assets in underlying funds that invest primarily in fixed-income securities with approximately 60% of its assets in underlying funds that invest primarily in equity securities.

(f) The funds seek to provide a high level of current income consistent with the maintenance of principle and liquidity. The funds invest a majority of their assets in investment grade bonds.

(g) The funds seek long-term capital appreciation by investing primarily in the common stocks of small and mid-sized U.S. companies.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

6. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the custodian, expenses paid to the Plan's third-party administrator out of plan assets, and notes receivable from participants are considered party-in-interest transactions. The Plan paid the custodian administrative expenses and processing fees of $379 for the year ended December 31, 2015.

7. TAX STATUS

The IRS has determined in its opinion letter dated September 30, 2014, that the prototype non-standardized plan document adopted by the Plan constitutes a qualified plan under Section 401(k) of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a number of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the IRS Form 5500 as of December 31, 2014:

Net assets available for benefits per the financial statements	$ 5,902,464
Less - Employer contributions receivable	(206,310)
Net assets available for benefits per the Form 5500	$ 5,696,154

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the IRS Form 5500 for the year ended December 31, 2015:

Net increase in net assets available for benefits per the financial statements	$ 370,972
Change in employer contributions receivable	206,310
Net increase in net assets available for benefits per the IRS Form 5500	$ 577,282

For the year ended December 31, 2015 employer contributions receivable are reflected in the Plan's Form 5500.
