INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Power Service, Inc. 401(k) Plan
Casper, Wyoming

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Power Service, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits and the related statement of changes in net assets available for benefits for the year then ended as of December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Wells Fargo Business Retirement Solutions (Wells Fargo), trustee, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Wells Fargo holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Wells Fargo as of and for the year ended December 31, 2012 that the information provided to the Plan administrator by them is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than derived from the information certified by Wells Fargo Business Retirement Solutions (Wells Fargo), have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Compilation

We have compiled the accompanying statement of net assets available for benefits of Power Service, Inc. 401(k) Plan as of December 31, 2011. We have not audited or reviewed the accompanying financial statement and, accordingly, do not express an opinion or provide any assurance about whether the financial statement is in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statement.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist the plan administrator in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 DESCRIPTION OF PLAN

The following description of Power Service, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Power Service, Inc. (the Company), who have completed one year and 1,000 hours of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Union employees and non-resident aliens are excluded from the Plan.

Contributions

Annually, participants may contribute up to 100% of pretax annual compensation as defined in the Plan agreement, up to the maximum annual contribution permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, 403(a) and 403(b) annuities, 457 governmental plans and individual retirement accounts.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

The Company may make profit-sharing contributions to participant accounts. Profit-sharing contributions are allocated to participant accounts on a pro-rata basis. Additional amounts may be contributed at the discretion of the Company. Participants must be employed at the last day of the Plan year to be eligible for Company discretionary and profit-sharing contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, an allocation of the Company’s contributions, earnings on the investments in their account and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their employee contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Notes receivable from participants are not permitted.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon a participant's retirement, disability, death, or termination of employment, a participant may receive a lump-sum payment or a direct rollover to an individual retirement account or another qualified plan equal to the value of the participant's vested interest in his or her account. A participant who has attained the age of 59-1/2 may withdraw any portion of their vested account balance.

The Plan will make a Mandatory Distribution of a participant's vested account balance following severance from employment, for balances less than or equal to $5,000.

The Plan allows for hardship distributions under certain specific circumstances.

Forfeited Accounts

At December 31, 2012 and 2011, forfeited nonvested accounts totaled $15,486 and $12,275, respectively. These accounts will be used to reduce future employer contributions. During 2012 and 2011, no forfeiture balances used to reduce employer contributions.

NOTE 2 SUMMARY OF ACCOUNTING PRINCIPLES AND POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract-value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTE 2 SUMMARY OF ACCOUNTING PRINCIPLES AND POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net unrealized appreciation or depreciation represents the difference between the book value and the fair value of investments held at year-end. Book value is the fair value at the end of the previous fiscal year, or cost of if the investment was purchased during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative expenses paid by participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through December 23, 2016, the date the financial statements were available to be issued.

NOTE 3 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

* Fund was not held or did not meet the 5% criteria at the respective financial statement date.

NOTE 3 INVESTMENTS (CONTINUED)

For the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	$ 105,457
Common collective trust funds	2,660
Total	$ 108,117

NOTE 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards* Codification (ASC) 820, *Fair Value Measurements and disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.
Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds (CCT): The underlying funds are valued at their respective net asset value per share/unit reported for a given day. Underlying investments whose values are based on quoted market prices in active markets include active listed equities and futures contracts. The fund does not adjust the quoted price for such investments. Investments in underlying money market funds are valued at their transactable NAV daily. Underlying investments in the fund that do not have quoted market prices in active markets and/or are subject to transfer restrictions may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information. Investments in non-registered funds are valued at their NAV daily. The net asset value for each unit class of the Fund is calculated daily by dividing the net assets applicable to each unit class by the respective number of units outstanding for that class.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012

NOTE 5 COMMON COLLECTIVE TRUST FUND – STABLE RETURN

The Plan has entered into a benefit-responsive stable return fund with Wells Fargo Bank, N.A. Wells Fargo maintains the contributions in a collective trust fund account sponsored by the Wells Fargo. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable return fund issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the stable return fund was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The stable return fund is presented on the face of the Statements of Net Assets Available for Benefit at fair value with an adjustment to contract value in arriving at net assets available for benefits as of December 31, 2012. Contract value, as reported to the Plan by Wells Fargo, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $228,142 and $167,348, respectively. There are no reserves against contract value for credit risk of the contract's issuer or otherwise. The average yield and crediting interest rates for the year ended December 31, 2012 were .94% and 1.95%, respectively. The average yield and crediting interest rates for the year ended December 31, 2011 were 1.56% and 2.33%, respectively. The crediting interest rate was based on a formula agreed upon with the issuer, but could not be less than 0%. Such interest rates are generally reviewed on a monthly basis for resetting.

Per Wells Fargo, generally, there are no events that could limit the Plan's ability to transact at contract value with Wells Fargo within 90 days.

NOTE 6 INFORMATION PREPARED AND CERTIFIED

The following information has been certified as complete and accurate by Wells Fargo:

- Investments included in the Statement of Transactions and List of Securities as of December 31, 2012 and information included in the Supplemental Schedule of Assets (Held at End of Year).

- Investment income included in the Statements of Changes in Net Assets Available for Benefits, comprised of net appreciation or depreciation in fair value of investments and interest income for the year ended December 31, 2012.

NOTE 7 TAX STATUS

On March 31, 2008, the Internal Revenue Service issued an opinion letter indicating that the prototype plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself and has since been amended. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS. However, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2009.

NOTE 8 PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Wells Fargo Business Retirement Solutions (Wells Fargo) is the issuer of the Plan's group funding agreement, holds Plan assets and executes investment transactions. Therefore, these transactions qualify as party-in-interest transactions. For these services, Wells Fargo charges fees that are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 10 RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
