INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee of the E.L. Farmer and Company 401(k) Plan:

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the E.L. Farmer and Company 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting my audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan and Great West Trust Company, LLC and Great West Life and Annuity Insurance Company "Great West", the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executive investment transactions from October 1, 2015 to December 31, 2015, and Great West held the Plan's investment assets and executed investment transactions as of December 31, 2014 and for the period from January 1, 2014 to September 30, 2015. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year and the schedule of reportable transactions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 1: DESCRIPTION OF PLAN

The following description of the E.L. Farmer and Company 401(k) Plan (the Plan) provides only general information. The plan is sponsored by E.L. Farmer and Company, (the Company or Employer), a wholly-owned subsidiary of JCF, Inc. Effective August 20, 2013, the parent company sold all of its stock shares to TFI Holdings USA, Inc. The Company operates as an operating division of TFI Holdings USA, Inc. No changes were made to the Plan as a result of this sale. Effective October 1, 2015, Fidelity Management Trust Company (Fidelity) was named as the directed trustee and record-keeper for the Plan. Consequently, all Plan assets were transferred to Fidelity as of that date. In conjunction with the transfer, Plan investments were either mapped to the same mutual fund type or a similar fund with comparable investment strategies with Fidelity. Effective January 1, 2014, Great West Life and Annuity Insurance Company and Great West Trust Company, LLC (Great West) was named as the directed trustee and record-keeper for the Plan. Consequently, all Plan assets were transferred to Great West as of that date. In conjunction with the transfer, Plan investments were either mapped to the same mutual fund type or a similar fund with comparable investment strategies with Great West.

General

The Plan is a defined contribution benefit plan covering eligible employees as defined in the plan document. To become a participant in the plan, an employee must be 21 years old and is eligible to contribute to the plan after six months of service. Enrollment dates are semi-annually on January 1 and July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. This plan is not integrated with Social Security. The Plan is amended annually to conform to current rules and regulations under ERISA.

Contributions

Eligible employees may contribute up to \$18,000 in 2015 and \$17,500 in 2014; participants age 50 and over may contribute up to an additional \$6,000 in 2015 and \$5,500 in 2014 as “catch-up” contributions for each of those years. The Company permits rollover contributions into the Plan. The Company made discretionary matching contributions of 35% of employee contributions in 2015 and 2014. The Company may also make discretionary profit sharing contributions and Qualified Non-Elective Contributions.

Participant Accounts

The Plan allows participants to choose their investments from several investment options. Each participant's account is managed by the Plan and credited with (a) the participant's contributions, (b) company matching contributions and (c) allocation of Plan earnings, and (d) charged with an allocation of administrative expenses. The earnings allocated to a participant are based on the performance of the investments selected by the participant. The benefit to which a participant is entitled is the vested balance in the participant's account.

Investment Options

Fidelity – effective October 1, 2015: The Plan offers several investments in mutual funds and a stable value collective trust fund sponsored by Fidelity.

Great West – January 1, 2014 through September 30, 2015: The Plan offered several investments in mutual funds and a Key Guaranteed Portfolio Fund through a group annuity contract with Great West.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 1: DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service (20% per year after the second year of credited service). A participant immediately becomes 100% vested upon death, disability, or attainment of normal retirement age (65).

Notes Receivable from Participants

The Plan does not permit loans to participants.

Payment of Benefits.

Upon retirement, death, disability, or termination of employment, a participant (or beneficiary, if applicable) may receive a lump-sum distribution. Neither in-service distributions nor hardship distributions are permitted by the Plan.

Forfeitures.

Forfeitures are the non-vested portion of the employer matching contributions of a terminated participant's account balance. These may be used to reduce matching contributions or to pay administrative expenses of the Plan. Forfeitures totaled \$13,597 in 2015 and \$7,611 in 2014. Forfeited non-vested account balances totaled \$3,699 and \$8,208 as of December 31, 2015 and 2014, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit responsive group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating expenses

The Plan sponsor absorbs the significant operating expenses associated with administering the plan. Administrative expenses incurred in the administration of the Plan, to the extent not paid by the plan sponsor, are charged to and paid from the Plan's assets. Administrative expenses are recorded when incurred. Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents and record keeper as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Under Fidelity Management Trust Company, identifiable recordkeeping fees totaled \$568 in 2015, investment fee expense ratios range from .10% to .75% of asset balances of the plan's investments. Other fees may include transaction fees as described in the enrollment information provided by Fidelity and the employer.

Under Great West, identifiable expenses totaled \$10,086 in 2015 and \$8,364 in 2014. These were comprised of average asset fee charges of .88%. Each investment option has an investment management fee that varies by investment option. Gross/net investment expense fees ranged from .6% to 1.28% for the investment options offered by Great West. Participants should review each fund's prospectus and also their 401k enrollment guide provided by the employer for more information regarding investment fees.

Payment of Benefits

Benefits are accounted for when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted.

In July 2015, the FASB released ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). This amendment removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements (continued)

Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose: (a) individual investments that represent 5% or more of net assets available for benefits, (b) net appreciation (depreciation) by individual investment type, and (c) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. The amendment also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

The Plan elected to early adopt ASU 2015-07 and the applicable parts of ASU 2015-12. Accordingly, the Plan's statements of net assets available for benefits and notes to the financial statements reflect the amended disclosure requirements on a retrospective basis.

NOTE 3: FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for that asset or liability in an orderly transaction between market participants on the measurement date. An entity is required to establish a fair value hierarchy which maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. The three levels of input that may be used to measure fair values are listed below:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical assets or liabilities as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of Levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the quoted market prices, which represent the net asset value of shares held by the Plan at year end, which are traded in an active market.

Stable value collective trust fund: Fidelity Managed Income Portfolio Class 1 (“MIP CL 1 Fund”) is the only stable value collective trust fund available to the Plan. The Plan uses the NAV per share of the MIP CL 1 Fund provided by the trustee as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the MIP CL 1 Fund, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The MIP CL 1 Fund’s units are issued and redeemed daily at the constant NAV of \$1 per unit. The Fund’s investment objective is stability of principal and high current income.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan’s investments:

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Level 1</u>
Mutual funds	\$ 959,302	\$ 959,302
Stable value collective trust fund*	7,355	-

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) were obtained from data that has been prepared and certified to as complete and accurate by the trustees as of December 31:

<u>Investments, at fair value:</u>	2015	2014

<u>Investments, at contract value:</u>

Net appreciation (depreciation) in fair value of investments	(45,669)	(14,884)
Interest & dividends	41,179	99,577

NOTE 5: PARTIES-IN-INTEREST

Certain Plan investments are managed by the plan custodians, Fidelity in 2015 and Great West in 2015 and 2014. Because the Plan pays certain fees to these custodians, these transactions qualify as party-in-interest transactions. Additionally, since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. In each case, these are exempt party-in-interest transactions under ERISA.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time so as to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 7: INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter March 31, 2014 that by adopting a standardized volume submitter plan, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and are not subject to tax under present regulations. The Company itself has not applied for tax exemption status for the Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The IRS generally has the ability to examine Plan activity for up to three years.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Economic conditions affecting the labor market also have a direct effect on the Plan. The availability of jobs directly affects the number of participants enrolling in the Plan and therefore directly affects the Plan's existence.

NOTE 9: GROUP ANNUITY CONTRACT

Upon transferring the plan's assets to Great West, effective January 1, 2014, the Plan established a group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West") that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the fund at December 31, 2015 and 2014 was \$76,238 and \$77,430, respectively. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero%. Such interest rates are reviewed on a quarterly basis for resetting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 9: GROUP ANNUITY CONTRACT (continued)

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

NOTE 10: SUBSEQUENT EVENTS

Management has evaluated subsequent events through December 17, 2016, the date which the financial statements were available to be issued. No significant subsequent events have occurred that would require disclosure in the notes or recognition in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee of the E.L. Farmer and Company 401(k) Plan:

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the E.L. Farmer and Company 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting my audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan and Great West Trust Company, LLC and Great West Life and Annuity Insurance Company "Great West", the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executive investment transactions from October 1, 2015 to December 31, 2015, and Great West held the Plan's investment assets and executed investment transactions as of December 31, 2014 and for the period from January 1, 2014 to September 30, 2015. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year and the schedule of reportable transactions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 1: DESCRIPTION OF PLAN

The following description of the E.L. Farmer and Company 401(k) Plan (the Plan) provides only general information. The plan is sponsored by E.L. Farmer and Company, (the Company or Employer), a wholly-owned subsidiary of JCF, Inc. Effective August 20, 2013, the parent company sold all of its stock shares to TFI Holdings USA, Inc. The Company operates as an operating division of TFI Holdings USA, Inc. No changes were made to the Plan as a result of this sale. Effective October 1, 2015, Fidelity Management Trust Company (Fidelity) was named as the directed trustee and record-keeper for the Plan. Consequently, all Plan assets were transferred to Fidelity as of that date. In conjunction with the transfer, Plan investments were either mapped to the same mutual fund type or a similar fund with comparable investment strategies with Fidelity. Effective January 1, 2014, Great West Life and Annuity Insurance Company and Great West Trust Company, LLC (Great West) was named as the directed trustee and record-keeper for the Plan. Consequently, all Plan assets were transferred to Great West as of that date. In conjunction with the transfer, Plan investments were either mapped to the same mutual fund type or a similar fund with comparable investment strategies with Great West.

General

The Plan is a defined contribution benefit plan covering eligible employees as defined in the plan document. To become a participant in the plan, an employee must be 21 years old and is eligible to contribute to the plan after six months of service. Enrollment dates are semi-annually on January 1 and July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. This plan is not integrated with Social Security. The Plan is amended annually to conform to current rules and regulations under ERISA.

Contributions

Eligible employees may contribute up to \$18,000 in 2015 and \$17,500 in 2014; participants age 50 and over may contribute up to an additional \$6,000 in 2015 and \$5,500 in 2014 as “catch-up” contributions for each of those years. The Company permits rollover contributions into the Plan. The Company made discretionary matching contributions of 35% of employee contributions in 2015 and 2014. The Company may also make discretionary profit sharing contributions and Qualified Non-Elective Contributions.

Participant Accounts

The Plan allows participants to choose their investments from several investment options. Each participant's account is managed by the Plan and credited with (a) the participant's contributions, (b) company matching contributions and (c) allocation of Plan earnings, and (d) charged with an allocation of administrative expenses. The earnings allocated to a participant are based on the performance of the investments selected by the participant. The benefit to which a participant is entitled is the vested balance in the participant's account.

Investment Options

Fidelity – effective October 1, 2015: The Plan offers several investments in mutual funds and a stable value collective trust fund sponsored by Fidelity.

Great West – January 1, 2014 through September 30, 2015: The Plan offered several investments in mutual funds and a Key Guaranteed Portfolio Fund through a group annuity contract with Great West.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 1: DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service (20% per year after the second year of credited service). A participant immediately becomes 100% vested upon death, disability, or attainment of normal retirement age (65).

Notes Receivable from Participants

The Plan does not permit loans to participants.

Payment of Benefits.

Upon retirement, death, disability, or termination of employment, a participant (or beneficiary, if applicable) may receive a lump-sum distribution. Neither in-service distributions nor hardship distributions are permitted by the Plan.

Forfeitures.

Forfeitures are the non-vested portion of the employer matching contributions of a terminated participant's account balance. These may be used to reduce matching contributions or to pay administrative expenses of the Plan. Forfeitures totaled \$13,597 in 2015 and \$7,611 in 2014. Forfeited non-vested account balances totaled \$3,699 and \$8,208 as of December 31, 2015 and 2014, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit responsive group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating expenses

The Plan sponsor absorbs the significant operating expenses associated with administering the plan. Administrative expenses incurred in the administration of the Plan, to the extent not paid by the plan sponsor, are charged to and paid from the Plan's assets. Administrative expenses are recorded when incurred. Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents and record keeper as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Under Fidelity Management Trust Company, identifiable recordkeeping fees totaled \$568 in 2015, investment fee expense ratios range from .10% to .75% of asset balances of the plan's investments. Other fees may include transaction fees as described in the enrollment information provided by Fidelity and the employer.

Under Great West, identifiable expenses totaled \$10,086 in 2015 and \$8,364 in 2014. These were comprised of average asset fee charges of .88%. Each investment option has an investment management fee that varies by investment option. Gross/net investment expense fees ranged from .6% to 1.28% for the investment options offered by Great West. Participants should review each fund's prospectus and also their 401k enrollment guide provided by the employer for more information regarding investment fees.

Payment of Benefits

Benefits are accounted for when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted.

In July 2015, the FASB released ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). This amendment removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements (continued)

Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose: (a) individual investments that represent 5% or more of net assets available for benefits, (b) net appreciation (depreciation) by individual investment type, and (c) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. The amendment also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

The Plan elected to early adopt ASU 2015-07 and the applicable parts of ASU 2015-12. Accordingly, the Plan's statements of net assets available for benefits and notes to the financial statements reflect the amended disclosure requirements on a retrospective basis.

NOTE 3: FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for that asset or liability in an orderly transaction between market participants on the measurement date. An entity is required to establish a fair value hierarchy which maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. The three levels of input that may be used to measure fair values are listed below:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical assets or liabilities as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

DECEMBER 31, 2015 and 2014

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of Levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the quoted market prices, which represent the net asset value of shares held by the Plan at year end, which are traded in an active market.

Stable value collective trust fund: Fidelity Managed Income Portfolio Class 1 ("MIP CL 1 Fund") is the only stable value collective trust fund available to the Plan. The Plan uses the NAV per share of the MIP CL 1 Fund provided by the trustee as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the MIP CL 1 Fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The MIP CL 1 Fund's units are issued and redeemed daily at the constant NAV of \$1 per unit. The Fund's investment objective is stability of principal and high current income.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments:

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Level 1</u>
Mutual funds	\$ 959,302	\$ 959,302
Stable value collective trust fund*	7,355	-
	<u>\$ 966,657</u>	<u>\$ 959,302</u>
<u>December 31, 2014</u>		
Mutual funds	\$ 1,187,107	\$ 1,187,107
	<u>\$ 1,187,107</u>	<u>\$ 1,187,107</u>

*In accordance with ASU 2015-07, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5: PARTIES-IN-INTEREST

Certain Plan investments are managed by the plan custodians, Fidelity in 2015 and Great West in 2015 and 2014. Because the Plan pays certain fees to these custodians, these transactions qualify as party-in-interest transactions. Additionally, since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. In each case, these are exempt party-in-interest transactions under ERISA.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time so as to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7: INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter March 31, 2014 that by adopting a standardized volume submitter plan, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and are not subject to tax under present regulations. The Company itself has not applied for tax exemption status for the Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The IRS generally has the ability to examine Plan activity for up to three years.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Economic conditions affecting the labor market also have a direct effect on the Plan. The availability of jobs directly affects the number of participants enrolling in the Plan and therefore directly affects the Plan's existence.

NOTE 9: GROUP ANNUITY CONTRACT

Upon transferring the plan's assets to Great West, effective January 1, 2014, the Plan established a group annuity contract with Great-West Life & Annuity Insurance Company ("Great-West") that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the fund at December 31, 2015 and 2014 was \$76,238 and \$77,430, respectively. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero%. Such interest rates are reviewed on a quarterly basis for resetting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 9: GROUP ANNUITY CONTRACT (continued)

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

NOTE 10: SUBSEQUENT EVENTS

Management has evaluated subsequent events through December 17, 2016, the date which the financial statements were available to be issued. No significant subsequent events have occurred that would require disclosure in the notes or recognition in the financial statements.
