Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by MassMutual Retirement Services, the custodian of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the period ended March 31, 2013, and year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

GCM HOLDINGS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2013 AND DECEMBER 31, 2012

NOTE 1 DESCRIPTION OF PLAN

The following description of the GCM Holdings 401(K) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of GMC Holdings LLC. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Contributions are subject to certain IRS limitations. The Plan Trustees are responsible for oversight of the Plan, which include determining the appropriateness of the Plan's investment offerings, monitoring investment performance, and reporting to the Company's Board of Directors.

Eligibility

All employees may enter the Plan who have six months of service and are age 21 or older, as defined by the Plan.

Contributions

Participants – Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan, and subject to certain IRS limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Matching – The Company may contribute a discretionary percentage allocated proportionate to a participant's elective deferrals, as defined by the Plan. There were no discretionary matching contributions for the period year ended March 31, 2013. For the plan year ended December 31, 2012, discretionary matching contributions were \$111,250.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's respective account is credited with the participant's contributions and Company matching contributions, as well as an allocation of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may move portions of their accounts between investment options, and can change their salary deferral.

Vesting

Participants are vested immediately in their deferral contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

At March 31, 2013, and December 31, 2012, forfeited non-vested accounts totaled \$0 and \$12,118, respectively. These accounts will be used to first pay administrative expenses under the Plan. To the extent they are not used to reduce administrative expenses, forfeitures will be applied to reduce the matching contributions of the Company. No funds from the forfeiture account were used to reduce Plan administrative expenses or applied to matching contributions of the Company for the period ended March 31, 2013. For the year ended December 31, 2012, matching contributions made by the Company were reduced by \$11,487 from forfeited non-vested accounts.

Merger

On March 26, 2013, the Board of Directors of the Company voted to merge the Plan and transfer account balances out of the Plan and into the Precision Castparts Corp. 401(k) Retirement Savings Plan, effective March 31, 2013.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements of the Plan for the year ended December 31, 2012 were prepared under the accrual method of accounting. The financial statements of the Plan for the period ended March 31, 2013 have been prepared on the liquidation basis of accounting in accordance with principles generally accepted in the United States of America. There were no material differences in the Plan's financial statements using the liquidation basis of accounting compared with the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2013 AND DECEMBER 31, 2012

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Recently Issued Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose the individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part I and II early.

In May, 2015, the FASB issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)." ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. For nonpublic business entities, ASU 2015-07 is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Management has elected to adopt ASU 2015-07 as of and for the year ended December 31, 2015. Accordingly, investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy.

Subsequent Events

The Plan has performed an evaluation of subsequent events through December 1, 2016, which is the date the financial statements were available to be issued. Subsequent to year-end, the Plan has not identified any subsequent events requiring financial statement disclosure.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2013, and December 31, 2012.

Pooled Separate Accounts:

Valued at the account's share balance and the net asset value (NAV) received from the underlying fund's external managers. Interest and dividends are earned on the underlying investments held by the pooled separate accounts (PSAs). There are no dividends or realized and unrealized gains with respect to the PSAs. Instead, the dividends and realized and unrealized gains for the underlying funds are factored into the value of the PSAs.

Guaranteed Interest Accounts:

Fair market value is determined by multiplying the book value by a combination of variables, which include the composite rate for the distinct account being valued; the present new money interest rate for the account duration and type under consideration; and the number of complete months remaining to the maturity date.

The trustee believes the Guaranteed Interest Accounts (GIA) do not constitute Level 3 assets, as the trustee publishes the rates on which they pay interest for the specified terms. Although the rates may change from time to time they are available daily. And although there is not a secondary market for the GIA's to which fair values can be compared, the fact that the trustee publishes the rates daily and applies them both to new deposits and to the calculation of fair value would appear to constitute an active market, similar to the pooled separate accounts. The Company has deemed these GIA's to constitute Level 2 assets.

NOTE 4 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at March 31, 2013, and December 31, 2012, and net appreciation in fair value of investments for the period ended March 31, 2013 and year ended December 31, 2012, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MassMutual Retirement Services (the custodian of the Plan).

NOTE 5 PARTY IN INTEREST TRANSACTIONS

The Company is a party in interest to the Plan. However, there were no transactions with the Company other than the payment of certain administrative expenses to the Plan. These transactions qualify as exempt party in interest transactions.

GCM HOLDINGS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2013 AND DECEMBER 31, 2012

NOTE 6 TAX STATUS

Effective December 1, 2009, the Plan adopted a new Prototype Non-Standardized Profit Sharing Plan with CODA. Datair Employee Benefit Systems Inc., the sponsor of this prototype plan, obtained its latest IRS determination letter on March 31, 2008, in which the IRS stated that the form of the Plan, as then designed was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by any applicable tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
