To the Plan Administrator of
Swett & Crawford 401(k) Retirement Plan:

Report on the financial statements

We were engaged to audit the accompanying financial statements of **Swett & Crawford 401(k) Retirement Plan** (the "Plan"), which comprise the statements of net assets available for benefits as of July 29, 2016, December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the period January 1, 2016 through July 29, 2016, and for the year ended December 31, 2015, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from the entity as of July 29, 2016, December 31, 2015 and December 31, 2014 and for the period January 1, 2016 through July 29, 2016 and for the year ended December 31, 2015, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified information described in Note 4, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 Description of the Plan

The following brief description of the Swett & Crawford 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

During 2016, The Swett & Crawford Group, Inc. ("the Company") was acquired by BB&T Corporation. Effective July 29, 2016, the Plan merged with and into the CRC Insurance Services, Inc. 401(k) Retirement Plan (the "CRC 401(k) Plan"). The description of the Plan in this footnote are prior to the Company's acquisition by BB&T Corporation.

General

The Plan is a defined contribution plan covering substantially all employees of the Company except for non-resident aliens and leased employees. Participants must have one month of service and then they are eligible to enroll the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

The record keeper of the Plan is BMO Retirement Services. The trustee of the Plan is BMO Harris Bank. The Plan is administered by the Company's Benefits and Investment Committee.

Contributions

Participants may contribute up to 25 percent of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective May 1, 2014, the Plan was amended to permit Roth Elective deferrals and to remove all provisions which permit employees to make after-tax contributions into the Plan. Effective October 1, 2014, the Plan was amended to include an automatic enrollment feature. Eligible employees who become a participant on or after October 1, 2014, were automatically deemed to have elected to defer 6% of compensation. Participants must make a salary deferral election form if they wish to defer a different rate under the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make matching contributions. During the period ended July 29, 2016 and the year ended December 31, 2015, the Company match was 50 percent of the first 6 percent of eligible compensation that a participant contributed to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Participant accounts may be invested in one or more of the investment funds available under the Plan at the direction of the participant. Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant's account is 20 percent vested after year one, 40 percent vested after year two, 60 percent vested after year three, 80 percent vested after year four, and 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years, or one to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1 percent. Participants may have no more than 1 loan outstanding at a time. Interest rates on loans outstanding as of December 31, 2015 range from 4.25 percent to 7.75 percent and mature through July 2025. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or separation from service, a participant may elect to receive their benefits as either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of installments. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeitures

Forfeitures of the non-vested portion of participant accounts are used to pay plan expenses first, and then to reduce future Company contributions. During the period ended July 29, 2016, no forfeitures were used to pay plan expenses or to offset Company contributions. During the year ended December 31, 2015, \$13,913 in forfeitures were used to pay plan expenses and \$1,030 in forfeitures were used to offset Company contributions. The forfeiture balance as of December 31, 2015 and 2014 was \$44,761 and \$22,147, respectively. The \$44,761 in forfeitures were transferred to the CRC 401(k) Plan on July 29, 2016.

Administrative Expenses

Administrative expenses of the Plan are generally paid by the Company as allowed by the service agreement, except for participant-directed transaction expenses. Participant-directed transaction expenses (e.g., participant loan origination and distribution fees) and third party plan administration service fees are borne by plan participants and included on the accompanying Statements of Changes in Net Assets Available for Benefits as administrative expenses. Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan.

2 Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

Collective Trust

The BMO Employee Benefit Stable Principal Fund is a stable value fund with an intended purpose of maintaining safety of principal while generating a level of current income generally exceeding that of a money market fund. Investments in this fund include guaranteed investment contracts (GICs), synthetic guaranteed investment contracts, money market mutual funds, and other stable value products.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the collective trust at contract value. The crediting interest rate to participants was 2.09 percent and 1.81 percent at December 31, 2015 and 2014, respectively.

The collective trust owns traditional and synthetic GIC contracts with various crediting rate formulas. Fixed rate traditional GIC contracts have no reset and are deemed to remain at par. Monthly reset traditional GIC contracts are credited off of one month LIBOR rate and a rolling twelve month Consumer Price Index. These contracts, are reset monthly at a spread to their index. Contracts are deemed to be par. Monthly reset synthetic GIC contracts are credited off the internal rate of return, dollar duration, and dollar weighted duration of an underlying portfolio. The monthly reset contracts are maintained at contract value. The underlying portfolios are priced at market value. As rates rise, the market value falls versus contract value. Crediting rates will rise with a lag due to reinvestment. As rates fall, the market value will rise versus the contract value. Crediting rates will fall with a lag due to reinvestment.

Certain extraordinary events limit the ability of the Plan to transact at contract value with the issuer. Such events may include Plan sponsor layoffs, bankruptcy or sale of a line of business. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (an exit price) at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade dates. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all notes receivable from participants with no payments received for 6 months as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits.

Benefit Payments

Benefits are recorded when paid.

Concentration of Market Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

New Accounting Pronouncements

In July 2015, the FASB issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively for all financial statements presented. Early application is permitted. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively. Early application is permitted.

Part I clarified that indirect investments in fully benefit-responsive investment contracts ("FBRICs") (for example, the Plan's investment in the BMO Employee Benefit Stable Principal Fund) are not in the scope of the FBRIC guidance and that such stable value funds are generally in an investment company that calculates net asset value ("NAV") per share (or its equivalent) in a manner consistent with the measurement principles in ASC 946, *Financial Services – Investment Companies*. Management elected to early adopt Part I, and the amendments were retrospectively applied whereby, the amount related to this fund that was previously presented as contract value in the Plan's financial statements is now reported on the statement of net assets available for benefits with investments at fair value under the new guidance. Total net assets available for benefits did not change, and the adjustment from fair value to contract value that was previously reported is eliminated.

Management elected to early adopt Part II for the 2015 plan year. Accordingly, the amendment was retrospectively applied resulting in the elimination of the disclosures for individual investments that represent 5 percent or more of net assets available for benefits, net appreciation or depreciation in fair value of investments by general type, disaggregating investment by nature, characteristics, and risk, and investment strategy disclosures for investments measured at net asset value or its equivalent that were previously disclosed in the financial statements as of December 31, 2014. Part III is not applicable to this Plan. Adoption of ASU 2015-12 Part II had no material impact on the financial statements.

3 Fair Value Measurements

The guidance for fair value measurements establishes the authoritative definition for fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies discussed in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value as of December 31, 2015 and 2014:

Investment Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Collective trust fund	-	15,335,987	-	15,335,987
Mutual funds	77,192,613	-	-	77,192,613
Total investments, at fair value	77,192,613	15,335,987	-	92,528,600

Investment Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Collective trust fund	-	16,165,479	-	16,165,479
Mutual funds	77,048,862	-	-	77,048,862
Total investments, at fair value	77,048,862	16,165,479	-	93,214,341

The Plan's investments in mutual funds are valued at quoted market prices from active markets, and are classified as Level 1. Also, the Plan invests in a collective trust fund for which the fair values are based on the values of the underlying investments. Since the collective trust is not traded on an active market, the investments in the collective trust are classified as Level 2. The collective trust fund is based on the fund's NAV, as a practical expedient, and is classified as a Level 2 investment based on the Plan's ability to redeem in less than three months.

The fair value of participation units held in the collective trust is based on NAV after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts. At December 31, 2015, the Plan had no unfunded commitments related to this investment. The redemption of these investments is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption.

Fair values for the investments within the collective trust are based on quoted prices in active markets and securities valued using either observable inputs or quotations from inactive markets. The Plan is permitted to redeem investment units at NAV on the measurement date.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

4 Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, BMO Harris Bank, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of July 29, 2016, December 31, 2015, and December 31, 2014.
- Total net investment income (loss) and interest income from notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the period from January 1, 2016 through July 29, 2016, and for the year ended December 31, 2015.
- Schedule of assets (held at end of year) as of December 31, 2015.

5 Related Party Transactions

Certain Plan investments are shares of mutual funds and a collective trust, which are investments managed by BMO Harris Bank, the trustee of the Plan, and accordingly, the related fees paid to BMO Harris Bank qualify as party-in-interest transactions.

6 Tax Status

The Plan adopted a prototype basic plan document which received an opinion letter from the Internal Revenue Service ("IRS") on November 11, 2001, which stated that the prototype basic plan document is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter from the IRS since adopting the prototype basic plan document. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7 Plan Merger

Effective July 29, 2016, the Plan merged with and into the CRC 401(k) Plan maintained by BB&T Corporation. All investments of the Plan were liquidated and the funds were transferred to the CRC 401(k) Plan. Participants of the Plan who were employed by BB&T Corporation or by one of its affiliates as of June 1, 2016 became participants of the CRC 401(k) Plan on June 1, 2016. All other participants of the Plan as of July 29, 2016 became participants in the CRC 401(k) as of July 29, 2016. Transfers out in The Statement of Changes in Net Assets Available for Benefits for the period ended July 29, 2016 reports the assets of the Plan transferred to the CRC 401(k) Plan.

8 Subsequent Events

Plan management has evaluated subsequent events through January 3, 2017, the date the financial statements were available to be issued.
