Note A – Description of Plan

Effective April 1, 2014, the Profit Sharing and 401(k) Plan for Employees of Carlton Fields, P.A. changed its name to Profit Sharing and 401(k) Plan for Employees of Carlton Fields Jorden Burt. The following description of the Profit Sharing and 401(k) Plan for Employees of Carlton Fields Jorden Burt (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was adopted by the Plan sponsor, Carlton Fields Jorden Burt, P.A. (the "Companies) with an effective date of February 1, 1969. Effective February 1, 2016, the Plan was amended and restated to comply with the requirements of the Pension Protection Act of 2006.

All employees of the Company are eligible to participate in the Plan except for union employees, leased employees, contract or temporary employees including interns, employees defined as Summer Associates and certain nonresident alien employees. Employees become eligible after immediately after beginning their employment. Eligible participants are enrolled semiannually in the Plan on February 1st and August 1st of each calendar year.

Contributions

Participants may make either pre-tax or Roth contributions up to 80% of their compensation to their participant account subject to limitations imposed by the Internal Revenue Code (IRC). The maximum employee deferral for January 31, 2015 and 2014 is $17,500. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $5,500, for January 31, 2015 and 2014.

The Employer may elect to match a portion of the employee deferral made by eligible Participants who have completed 1,000 hours of service during each Plan Year. Participants who are eligible to share in any employer matching contribution for the Plan shall include all Participants employed by the Employers as of the last day of the Plan Year, except the chief operating officer of the employer, the executive director financial Services Consulting, senior government consultants, of counsel attorneys, stockholder attorneys, and attorneys who are former stockholders of the Employer. The Plan permits the Board of Directors of the Employer to elect annually to make employer matching contributions. If an employer matching contribution is made, the Board will determine the percentage of each eligible Participant's employee pre-tax contributions, Roth elective deferrals and catch-up contributions to be matched, as well as the maximum amount to be contributed. For the Plan year ended January 31, 2015 and 2014, the Company's matching contribution is equal to 100% of the employee's contribution for the first 4% of the employee's compensation, up to a maximum contribution of $1,000.

Each Plan year, the Company may elect to make a discretionary profit sharing contribution to the Plan. During the years ended January 31, 2015 and 2014 the Company contributed approximately $4,007,000 and $3,264,000, respectively, in discretionary profit sharing contributions. Certain otherwise eligible employees are not entitled to receive discretionary profit sharing contributions.

The Plan also accepts rollovers and direct transfers from the other tax-qualified plans.

Note A – Description of Plan (continued)

Effective March 1, 2014, the Plan has automatic enrollment for all eligible non-shareholder employees at 4%. If the employee does not make an affirmative election, whether to keep the 4%, change the percentage or opt out of the Plan entirely, the Plan will automatically defer the 4% for the employee. The Trustee website handles all participant changes or opt outs. Each year the deferral rate automatically increases to 4% for participants who have elected a deferral rate of less than 4% and who have also not opted to out of participation in the plan. In addition, beginning on February 1, 2015, the Plan has an automatic increase of 1% up to a maximum rate of 15% of eligible compensation for participants who have elected an amount greater than or equal to 4%.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contribution, after tax (Roth) contributions, rollover contributions from other qualified retirement plans and an allocation of the Company's contributions. Plan earnings and losses are allocated to each participant's account based upon the ratio of their account of the total of all participants' accounts.

Vesting

Vesting is based on years of service. Participants are immediately 100% vested in their own salary deferral, rollover contributions employer matching contributions, and earnings thereon. A participant is fully vested in discretionary contributions upon retirement, death, or total and permanent disability, and after 4 years of service as follows.

Years of Service	Vesting Percentage
Less than 2	0 %
2	30 %
3	60 %
4 or more	100 %

Investment Options

Under the Plan, participants may currently direct investments to any of 36 investment options. Participants may change their investment elections daily through a telephone access system or online system.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms can be up to five years, unless the loan is for a primary residence. All participant primary home loans with terms greater than five years are approved by the Plan Administrator. Principal and interest are paid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than semi-monthly.

In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of the last day of the calendar quarter following the calendar quarter in which the participant made their last payment.

Note A – Description of Plan (continued)

Distribution of Benefits

Participants may be eligible to withdraw a portion of their vested account balances while employed by the Company. Employee elective deferral contributions may be distributed to a participant while still employed only to meet a qualifying financial hardship. Employee after-tax contributions and rollover contributions may be withdrawn in single sum payments. Employees that terminate and have an account balance of less than $5,000 will be automatically distributed from the plan.

On termination of service due to death, disability, retirement or termination from the employer, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as defined in the Plan document. The lump-sum can be paid in a cash distribution, direct rollover distribution, or a combination cash & direct rollover distribution.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses or reduce future employer contributions. During the year ended January 31, 2016, administrative expenses or employer contribution payments were reduced by forfeited non-vested accounts. There were approximately $11,000 and $20,000 outstanding that could be used to offset future Company contributions for January 31, 2015 and 2014, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in changes to the footnote disclosures related to fair value measurements in Note B.

Note B – Summary of Significant Accounting Policies (continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II early. Accordingly, the amendments were retrospectively applied resulting in changes to the footnote disclosures related to fully benefit-responsive investments. Part III is not applicable to this Plan.

As described in the Code *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the Code), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the Code, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Plan had no fully benefit-responsive investments as of January 31, 2015 and 2014.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Notes receivable from participants are valued at their outstanding balances, which approximate fair value. The Plan's interest in the common collective trust valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan pays all of the administrative expenses. For the year ended January 31, 2015 the Plan paid administrative expenses totaling approximately $209,000.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements

The Code has established a framework for measuring fair value, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets;
Level 2	Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 31, 2015 and 2014:

Note B – Summary of Significant Accounting Policies (continued)

	Assets Measured at Fair Value at 01/31/2015	Fair Value Measurements at Reporting Date Using: Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)

Note C – Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of January 31, 2015 and 2014, and for the year ended January 31, 2015, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income and, and the information in the supplemental schedule of assets (held at end of year).

Note D – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 8, 2012, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2012.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are mutual funds and guaranteed interest contracts managed by the Trustee. Transactions related to these investments qualify as party-in-interest transactions. The Plan invests in mutual funds and common collective trusts managed by the Trustee. Transactions in such investments qualify as party-in-interest transactions. These fees are netted against investment income for the year ended January 31, 2015.

Note G – Merged Plan

Associated with the Company's merger of Jorden Burt, LLP, assets totaling approximately $48,701,000 were transferred into the Plan, leaving the Plan as the surviving retirement plan. The amount of total transferred funds is reflected as transfers in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ending January 31, 2015.

Note H – Subsequent Events

Subsequent events have been evaluated through January 13, 2017, which is the date the financial statements were available to be issued.

Effective February 1, 2016, the Plan was amended and restated. The restatement brought the Plan in compliance with the Pension Protection Act of 2006. The amendment also reduced the number of loans participants are allowed to have outstanding from three to one.
