STAR TOYOTA
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

1. Description of Plan

The following description of Star Toyota 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

A. General

The Plan is a 401(k) plan covering employees who are at least 21 years of age, have completed 12 months of service, complete 1,000 hours of service during the first 12 months of employment, and choose to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Participants	-	At participant's discretion
	-	Maximum $18,000
	-	Maximum Catch-Up $6,000
Limits	-	Maximum percent of compensation – 15%
	-	Maximum dollar amount - $53,000
	-	Maximum deductible employer contribution is 25% of total considered compensation
	-	Maximum compensation - $265,000

C. Participants' Accounts

Each participant establishes his or her own separate investment account within State Street Bank solely for that individual's contributions. Each participant's account is credited with the actual investment performance realized by the investments of his or her investment account.

D. Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

YEARS OF SERVICE	VESTED PERCENTAGES
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

1. Description of Plan - (Continued)

D. Vesting – (Continued)

A Participant is also 100% vested under any of the following conditions:

- Death before retirement date;
- Disability before retirement date; or
- Attainment of normal retirement age.

E. Payment of Benefits

Upon termination of service due to death, disability, retirement, or any other reason, a participant or his beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount.

Distribution of benefits will also begin when a participant attains the age of 70½.

F. Participant Loans

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be repaid within 5 years unless the loan is used for the purchase of the participant's primary residence. The maximum term of a residence loan is 30 years. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 9.5%, which are commensurate with local prevailing rates at the time the loan was issued. Principal and interest is paid ratably through weekly payroll deductions.

2. Summary of Significant Accounting Policies

A. Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Investment Valuation

In accordance with FASB Statement 157, the Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

2. Summary of Significant Accounting Policies – (Continued)

C. Payment of Benefits

Benefits are recorded when paid.

D. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded. All participants directed investments are held in Level 1 mutual funds.

3. **Fair Value Measurements – (Continued)**

All participants in the Star Subaru 401(k) Plan had their account balance rolled into the Star Toyota 401(k) Plan. An aggregate of $185,910 was rolled into the Plan during the year ended December 31, 2015, and is included in rollovers on the statement of changes in net assets available for benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Pan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions.

6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan may have been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

7. Administrative Expenses

The Company pays administrative expenses associated with the management of and professional services for the Plan and are therefore excluded from these financial statements. Certain administrative fees, including fees for hardship withdrawals, are paid by the participants.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

The Company has adopted ASC855 "Subsequent Events", and evaluated events and transactions that occurred through January 13, 2017 which is the date of the financial statements, for possible disclosure and recognition in the financial statements.

RETURN HAS BEEN AMENDED TO PROPERLY INCLUDE AUDITORS' REPORT.
