Notes to Financial Statements

1. Description of the Plan

The following description of the RTT USA, Inc. 401(K) Profit Sharing Plan & Trust (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

Effective January 1, 2007, RTT USA, Inc. (the “Company”) established a 401(k) profit sharing plan (the “Plan”). The Plan is a defined contribution plan within the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2012, the Company adopted a Section 401(k) safe harbor design for the Plan, whereby the Plan automatically complies with the nondiscrimination requirements of Section 401 of the Internal Revenue Code (“IRC”).

Effective January 1, 2013, the Company amended and restated a Section 401(k) safe harbor design for the Plan, whereby the Plan automatically complies with the nondiscrimination requirements of Section 401 of the Internal Revenue Code (“IRC”). The Plan also contracted with ADP Retirement Services to provide Plan administration services and State Street Bank & Trust Company to act as Plan trustee and asset custodian. Due to this transaction, the Plan initiated a black-out period from January 1, 2013 to March 2, 2013 to allow for the migration of the Plan Platform and assets to the new provider.

Plan Merger

Effective June 1, 2015, the RTT USA, Inc. 401(k) Profit Sharing Plan & Trust merged into the Dassault Systemes Employee Savings Plan Plus with Dassault Systemes Employee Savings Plan Plus (the “Dassault Plan”) as the surviving plan. As a result of the merger, the Plan’s net assets in the amount of \$3,985,349 were transferred into the Dassault Plan such that each RTT USA, Inc. 401(k) Profit Sharing Plan & Trust participant’s benefit immediately after the merger is not less than the benefit they would have been entitled to receive had the Plan terminated prior to the merger.

Final payroll contributions to the RTT USA, Inc. 401(k) Profit Sharing Plan & Trust were made on March 31, 2015 for the March 27, 2015 pay date. Participants and eligible non-participants of the RTT USA, Inc. 401(k) Profit Sharing Plan & Trust were eligible to enroll in the Dassault Plan beginning April 1, 2015.

The following Plan provisions were effective prior the Plan merger.

Eligibility

Upon attaining the age of 21, employees are eligible to participate in the Plan and receive employer matching and profit sharing contributions immediately upon employment with the Company, except employees covered by a collective bargaining agreement.

RTT USA, Inc. 401(K) Profit Sharing Plan & Trust

Notes to Financial Statements

Contributions

The Plan allows for voluntary contributions by eligible employees of the Company. Participant contributions are made through authorized payroll deductions on a pretax basis, which may be from 1% to 90% of their annual compensation, as defined in the Plan agreement. Participant contributions may not exceed the limits prescribed in the IRC.

Under the safe harbor plan, the Company will match 100% of the first 3% of the compensation that a participant contributes to the Plan and 50% on the next 2% of participant's compensation which is deferred as an elective deferral.

Profit sharing contributions may be made at the discretion of the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions, (b) the Company's discretionary contribution, and (c) plan earnings, and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. Participants direct the investment of their accounts among the investment funds offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures

Forfeitures arising from terminated participants with less than a fully vested interest in the Plan may, at the employer's discretion, be applied first to pay administrative expenses or applied to the restoration of participants' accounts. Any remaining forfeitures shall be used to reduce employer matching contributions and/or employer profit sharing contributions for the year in which the forfeitures arose or, if necessary, any subsequent year following the year in which the forfeitures arose. There were no forfeited balances allocated to participant accounts during the period ended May 31, 2015. Forfeited balances of \$42 were allocated to participant accounts during the year ended December 31, 2014. There were no unallocated forfeitures in the Plan for the period from January 1, 2015 to May 31, 2015 or the year ended December 31, 2014.

Vesting

Participants are immediately 100% vested in their contributions, employer matching contributions, and any employer profit sharing or qualified non-elective contributions plus actual earnings thereon.

Benefits

Distributions from the Plan are made to participants or their beneficiaries upon termination of employment, attainment of age 59½, or upon disability or death. Participants are also able to receive loans from the Plan, limited to terms specified in the Plan.

RTT USA, Inc. 401(K) Profit Sharing Plan & Trust

Notes to Financial Statements

Administrative Expenses

The Company pays the administrative expenses of the Plan associated with any professional services provided to the Plan. Administrative expenses recorded in the Plan include various third party administrator fees.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. General purpose loans must be repaid within 5 years and loans used for the purchase of a principal residence can be repaid over a period of up to 30 years. The loans are secured by the balance of the participant's account and bear interest at the prime rate plus 2% for the period ended May 31, 2015 and the year ended at December 31, 2014. Current interest rates range from 4.25% to 5.25%. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan is used to purchase a primary residence in which case the loan term may not exceed thirty years.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

New Accounting Guidance

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "*Fair Value Measurement* (Topic 820): ("*ASU 2015-07*") Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or its Equivalent)." Under this guidance, investments measured at NAV, as a practical expedient for fair value, are excluded from the fair value hierarchy. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance of the Statement of Net Assets Available for Benefits. For employee benefit plans, ASU 2015-07 is effective for fiscal years beginning after December 31, 2016, with retrospective application to all periods presented. Early application is permitted. The Plan does not hold investments measured at NAV and, as such, will not adopt this guidance.

RTT USA, Inc. 401(K) Profit Sharing Plan & Trust

Notes to Financial Statements

In July 2015, the FASB issued ASU 2015-12, "*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contributions Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*" ("ASU 2015-12"). This guidance simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive investment contracts. Contract value is the only required measure for fully benefit-responsive investment contracts. This guidance also concluded that fully benefit-responsive investment contracts are limited to direct investment holdings between the plan and the issuer. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair value by type. Additionally, plans are no longer required to disaggregate the fair value of investment by nature, characteristics and risks, but shall classify them by general type of plan asset. Part III permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. For employee benefit plans, ASU 2015-12 is effective for fiscal years beginning after December 31, 2015, with retrospective application to all periods presented for Parts I and II and prospective application for Part III. Early adoption is permitted for all three parts individually or in aggregated. The Plan elected not to early adopt this guidance.

Investment Valuation, Transactions and Income Recognition

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Investments are valued at fair value, as determined and certified by the trustee, as of the end of each year. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds and Money Market Funds - Mutual funds and money market funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds and money market funds traded on national securities exchanges are valued at the NAV for the year ended December 31, 2014. The Plan did not hold any investments at May 31, 2015.

Equity securities for which market quotations are available are valued at the last reported sales price or official closing price on the primary market or exchange in which they trade. Debt securities are valued at the last quoted bid provided by an independent pricing service that are based on transactions in debt obligations, quotations from bond dealers, market transactions in comparable securities and various other relationships between securities. When prices are not readily available for any security, the security's fair value is determined in accordance with the procedures approved by the fund's Board of Directors.

RTT USA, Inc. 401(K) Profit Sharing Plan & Trust

Notes to Financial Statements

Common Collective Trust - Common collective trust ("CCT") are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCT will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the CCT, the investment advisor reserves the right to temporarily delay withdrawal from the CCT in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan had an investment in the State Street Global Advisors ("SSgA") Cash Series U.S. Government Fund (the "Fund") which was formed by State Street Bank under the State Street Bank and Trust Company Investment Funds for Tax Exempt Retirement Plans Declaration of Trust ("Trust").

State Street Bank is Trustee, Custodian, and Recordkeeper of the Fund and, as Trustee, has exclusive management and control of the Trust. SSgA, a division of State Street Bank, is the Fund's Investment Manager. The Fund seeks to maximize current income, to the extent consistent with the preservation of capital and liquidity and the maintenance of a stable \$1.00 per unit NAV, by investing in U.S. government securities and repurchase agreement collateralized by U.S. government securities. However, there is no assurance the Fund will be able to maintain a stable NAV per share.

The Fund shall invest substantially all of its investable assets in the State Street U.S. Government Money Market Portfolio ("Portfolio"), a money market fund managed by an affiliate of the trustee and registered with the Securities and Exchange Commission as part of the State Street Master Funds. The Investment objective and policies are substantially similar to those of the Funds and the performance of the Fund is directly affected by the performance of the Portfolio. The value of the Fund's investment in the Portfolio reflects the Fund's proportionate interest in the net assets of that Portfolio. The Plan did not hold any investments at May 31, 2015.

Investment transactions are reflected on a trade-data basis. Investment income is recognized when earned. Gains and losses on investments are based on average costs. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Income from other investments is recorded as earned on an accrual basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefits are recorded when paid.

RTT USA, Inc. 401(K) Profit Sharing Plan & Trust

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any unpaid accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded in administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks and values of investments in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements is complete and accurate.

Notes to Financial Statements

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

4. Investments

The fair market value of individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	May 31, 2015	December 31, 2014
Mutual Funds		
T. Rowe Price Retirement 2040	\$ *	\$ 268,072
Hartford Capital Appreciation	*	251,764
Invesco Van Kampen Comstock	*	236,084
Franklin Rising Dividends	*	225,527
T. Rowe Price Retirement 2050	*	194,540

* The Plan did not hold any investments at May 31, 2015.

5. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Notes to Financial Statements

The Plan did not hold any investments at May 31, 2015. The following table sets forth by level within the fair value hierarchy the Plan investment assets at fair value, for the year ended December 31, 2014. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Common Collective Trust	\$ -	\$ 69,048	\$ -	\$ 69,048
Mutual Funds				
Growth	1,146,945	-	-	1,146,945
Growth and income	613,863	-	-	613,863
Income	613,547	-	-	613,547
Aggressive	608,665	-	-	608,665
Target date	649,363	-	-	649,363
Total Investments at Fair Value	\$ 3,632,383	\$ 69,048	\$ -	\$ 3,701,431

6. Plan Merger

Effective June 1, 2015, the Plan merged into another Plan which was subject to ERISA provisions. See Note 1 for further information. At the time of the merger, participants became fully vested in their participant accounts.

7. Income Tax Status

On March 31, 2008, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and is exempt from federal income tax. The Plan has not filed for its own determination letter from the IRS. The Plan has been amended since receiving the opinion letter, including amendments made to comply with recent law changes. However, the Plan administrator believes the Plan has continued to operate in compliance with the applicable requirements of the IRC since the date of the opinion letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of May 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

RE: Reasonable explanation for late filing

Plan #: 680064
Tax Year: 2015 (short year)
EIN: 20-2394780
Plan Name: RTT USA, Inc, 401K Plan and Trust

To Whom It May Concern,

In addition to the attached letter dated, April 8, 2016 explaining the initial late filing of the Form 5500, I am submitting this letter explaining the late submission of the final return due to delays in receiving the required Independent Auditors Opinion.

As you will see from the filing, the Auditor's Opinion is dated December 12, 2016. There were many reasons for the delay in the auditor issuing the opinion as required for the Efast2 system to accept the filed return. The bulk of the reason for the delay was that we were unable to obtain many of the records required for testing from ADP until late June/early July of this year, other delays stemmed from lack of response from separated employees that were selected for testing which required the auditor to select different employees (except for distributions testing) and start the testing process all over again.

Additionally, in the midst of the 401k audit, our company was selected for IRS income tax and State of Michigan income and sales/use tax audits which took a significant amount of my time and attention in the early phases and thus, I was not always able to assist the auditor in reconciliations in a timely manner.

Please let me know if you need anything further to support the late filing and I apologize for the significant delay in filing the completed return with accountant's opinion.

Sincerely,

A handwritten signature in cursive script that reads 'Tracy A. Greene'.
