STAFFMARK/EMS 401(K) SAVINGS PLAN

Notes to Financial Statements

NOTE 1 SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Staffmark/EMS 401(k) Savings Plan (the "Plan") are prepared under the accrual basis of accounting using accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. The cost of investments sold is computed on an average cost basis for all realized gains and losses. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Benefit Payments to Participants

Benefit payments to participants are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

STAFFMARK/EMS 401(K) SAVINGS PLAN

Notes to Financial Statements (Continued)

NOTE 1 SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain Plan expenses are paid by Staffmark Holdings, Inc. (the "Plan Sponsor" and the "Company"), and accordingly, are not reflected in the Plan's financial statements. Certain investment related expenses are included in net depreciation of fair value investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Related Party Transactions

Certain administrative functions are performed by the officers or employees of the Plan Sponsor. The Plan is not charged by the Plan Sponsor for the services of such officers or employees.

Accounting Changes

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has decided to adopt Part II early.

Reclassifications

Certain reclassifications were made to the 2014 amounts in order to be consistent with the classifications adopted for reporting in 2015. These reclassifications had no effect on net income.

Subsequent Event Evaluation

The Plan Sponsor has evaluated events subsequent to the balance sheet date through January 23, 2017, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF PLAN

The following description of the Plan is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering non-highly compensated employees, unless over age fifty for catch-up contributions only, of Staffmark Holdings, Inc., CBS Personnel Services, LLC ("CBS") (dba Venturi Staffing and Staffmark), Staffmark Investment, LLC, Robert Lee Brown, Inc., and Kilgore Group, Inc. (dba Columbia Staffing, Columbia Healthcare, and Venturi Staffing).

The Company also provides human resources and payroll services through its Employee Management Services ("EMS") division, a professional employment organization. EMS establishes an employment relationship with client personnel assigned to perform client functions on an ongoing basis ("Leased Employee"). The Plan covers Leased Employees of EMS clients ("Client Organization") if the client adopts the Plan and the Leased Employee elects to participate in the Plan. As a result, the Plan constitutes a multiple employer plan subject to Section 413(c) of the Internal Revenue Code for participants of any participating employer. The eligibility requirements range from no service or age requirements to age twenty-one and one year of service with at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In 2012, a Department of Labor advisory letter addressed guidance on open multiple-employer plans, which is a collection of individual plans maintained by separate employers that are unrelated. The Plan and their legal counsel have determined that this advisory opinion does not apply.

Contributions

Each year participants may contribute up to 90% of plan compensation or up to 100% of pretax annual compensation, as defined by the Plan document, depending on the adoption agreement. However, contributions may not exceed limits established under Section 402(g) of the Internal Revenue Code ("IRC") of 1986 as amended (\$18,000 at December 31, 2015). The Plan permits catch-up elective deferrals for participants over 50 years of age subject to IRC limitations. Participants designate the percentage of their total contributions invested in each account and may make transfers between accounts anytime during the year.

The Plan Sponsor can make discretionary matching contributions to the accounts of its participating employees. The matching contribution is based on the participant's contribution and the Plan Sponsor's success at meeting earnings goals. During 2015, the Plan Sponsor elected to make matching contributions totaling \$605,437 and a qualified non-elective contribution totaling \$164,512.

The Plan also allows for each Client Organization to contribute a matching contribution as determined by the respective Client Organization's adoption agreement. These contributions are credited to the corresponding participant accounts. During 2015, matching contributions made by Client Organizations totaled \$330,200.

Minimum coverage testing requirements are applied on an employer by employer basis.

Notes to Financial Statements (Continued)

NOTE 2 DESCRIPTION OF PLAN (CONTINUED)

Rollover Contributions

Participants can contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Merger

During 2015, there was one merger of an EMS client organization that caused a transfer into the Plan, and three transfers out of the Plan. As a result, the following assets were transferred into and out of the Plan during 2015:

Transferred into the Plan:

<u>Client Organization</u>	<u>Date</u>	<u>Assets Transferred</u>
Exochem Corp	January 13, 2015	\$ 27,224

Transferred out of the Plan:

<u>Client Organization</u>	<u>Date</u>	<u>Assets Transferred</u>
Netrada	March 5, 2015	\$ 2,581,177
Schaefer Box and Pallet	May 20, 2015	682,399
Hauser Heating	May 20, 2015	311,164
Total		<u>\$ 3,574,740</u>

Participant's Account

Each participant's account is credited with allocations of (a) the participant's contribution, (b) the Plan Sponsor or Client Organization's contribution and (c) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

STAFFMARK/EMS 401(K) SAVINGS PLAN

Notes to Financial Statements (Continued)

NOTE 2 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately 100% vested in their elective contributions and rollover contributions, and the actual earnings thereon. Vesting in the discretionary matching contributions as well as the actual earnings thereon is based on years of continuous service. Vesting varies from immediate, a three year cliff and being 100% vested after five years of continuous service, as illustrated below:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes receivable from participants are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 10.25 percent, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Client Organizations may also permit their participants to borrow from their fund accounts if the Client Organization has elected this option in their respective adoption agreement.

Payment of Benefits

On termination of service due to death, disability, retirement, or other termination of employment with the Plan Sponsor, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments.

In-service distributions are permissible for participants that have obtained the age of 59 1/2. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits in a lump sum payment or annual installments. Participants may also withdraw at any time, all or any portion of their account attributable to rollover contributions.

In conditions of "financial hardship", a participant may apply to the Plan administrator for approval to withdraw that portion of their elective deferrals necessary to meet the financial hardship, subject to the limitations of the Plan and the IRC.

Forfeited Accounts

For the years ended December 31, 2015 and 2014, forfeited non-vested accounts totaled \$44,708 and \$24,650, respectively. Forfeitures are to be used to reduce employer contributions or pay plan expenses. In 2015 and 2014, Plan expenses of \$42,523 and \$22,250, respectively, were paid from forfeited non-vested accounts. In 2015 and 2014, employer contributions were reduced by \$1,898 and \$53,024, respectively, from forfeited non-vested accounts.

STAFFMARK/EMS 401(K) SAVINGS PLAN

Notes to Financial Statements (Continued)

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 4 INFORMATION CERTIFIED BY ASSET CUSTODIAN

The following information provided by Massachusetts Mutual Life Insurance Company for the years ended December 31, 2015 and 2014 was certified by them to be complete and accurate:

- (a) The assets held by Massachusetts Mutual Life Insurance Company at December 31, 2015 and 2014, as well as the transactions involving these assets for the year ended December 31, 2015.
- (b) The amount of investment income for the year ended December 31, 2015.
- (c) The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2015.

NOTE 5 TAX STATUS

The Plan Sponsor has adopted a prototype plan which has received an opinion letter from the IRS dated May 11, 2009, which states that the provider's prototype, as then designed, was in compliance with the applicable requirements of the IRC. Furthermore, the Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 FAIR VALUE MEASUREMENTS

GAAP provisions for Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP provisions for Fair Value Measurements are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

STAFFMARK/EMS 401(K) SAVINGS PLAN

Notes to Financial Statements (Continued)

NOTE 6 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation approaches used for assets measured at fair value.

Mutual Funds: Value at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Value at the daily closing prices as reported by the fund. The money market fund held by the Plan is an open-ended mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Common/Collective Trust: Investment fund formed by the pooling of investments by institutional investors, such as a group of not necessarily affiliated pension or retirement plans, typically with the intention of achieving cost savings over similar investment options such as mutual funds. Common/collective trusts are similar to mutual funds, with a named investment manager and documented investment objective. These investments, however, are not registered with the SEC (unlike mutual funds, which are registered) and participation is not open to the public. The NAV is measured by the custodian or investment manager as of the close of regular daily trading. When measuring the fair value of such funds, the NAV, as provided by the fund sponsor, is corroborated with observable inputs provided by pricing services for the securities. In certain instances, NAVs may require adjustments to more appropriately reflect the fair value. No adjustments to NAVs were required.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 COMMON/COLLECTIVE TRUST

The Plan entered into a common/collective trust investment with Wells Fargo Stable Value Fund (the "Fund"). Certain events limit the ability of the Plan to transact at contract value with Wells Fargo. Such events include the following: (1) material amendments to the Fund's structure or administration; (2) changes to the participating plan's competing investment options including the elimination of equity wash provisions; (3) complete or partial termination of the Fund, including merger with another fund; (4) the failure of the Fund to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (5) the redemption of all or a portion of the interest in the Fund held by a participating plan at the discretion of the plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the participating plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of a plan sponsor, the merger of the plan with another plan, or the plan sponsor's establishment of another tax qualified defined contribution plan; (6) any changes in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Fund or participating plans; (7) the delivery of any communication to plan participants designed to influence a participant not to invest in the fund. At this time, the Fund does not believe that the occurrence of any such market value event, which would limit the Fund's ability to transact at contract value with participants, is probable.

Explanation:

At the time of filing in October of 2016, the financial statements and auditor's opinion were not yet available. Also, Mass Mutual provided an incorrect participating employer's listing. We moved our plan to Empower Retirement on 2/29/2016 and the transition delayed some audit and administrative tasks due to Mass Mutual not agreeing to do our annual testing.
