1. Description of Plan

The following description of Sutter Home Winery, Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Sutter Home Winery, Inc. (the "Company") on July 1, 1988, and was most recently amended effective July 1, 2015 to comply with the Pension Protection Act of 2006. The Plan is defined as a contribution retirement plan of the 401(k) and profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). Employees who are at least 18 years of age become eligible for the 401(k) portion of the Plan upon the date of hire. Employees who are at least 18 years of age become eligible to enter into the profit sharing portion of the Plan when they have completed six months and a minimum of 500 hours of service and are eligible for a profit sharing contribution if they are in an eligible class of employees, are employed on the last day of the Plan year, and have completed 1,000 hours of service in the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The 401(k) and Profit Sharing Plan Committee has retained The Newport Group as the administrator of the Plan. Merrill Lynch is the investment advisor for the Plan.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Profit sharing contributions are made at the discretion of the Company incorporating the compensation limits under ERISA. Contributions are allocated in the same ratio that the participant's compensation bears to the compensation of all eligible participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer profit sharing contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income as presented on the statements of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Continued

1. Description of Plan, continued

Vesting, continued

Discretionary employer profit sharing contributions, as well as all earnings on these contributions vest according to the following schedule:

Year of Service	Vesting Percentage
0–1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested upon death, retirement, total and permanent disability, and if the Plan is terminated.

Notes Receivable from Participants

Participants are allowed one loan at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their vested account balance, or $50,000, whichever is less. Loan terms range from one to five years, except for loans used to purchase a primary residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. The loans are secured by no more than fifty percent of the balance in the participant's account. Loans that began prior to January 29, 2013 bear interest at 130% of Applicable Federal Rates ("AFR"). New loans beginning January 29, 2013 and later bear interest at prime plus two percent. Interest rates on participant loans ranged from 1.4% to 9.91% as of June 30, 2016 and .26% to 9.91% as of June 30, 2015. Principal and interest are paid through payroll withholding.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer profit sharing contributions, rollovers, and the net earnings thereon in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship or a disability.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the plan administrator. Account values will be determined as of the day the distribution is made.

Once requested by the participant (or their beneficiaries), distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment.

Investment Options

The selection of investments in the Plan is not directed by the participants.

Continued

1. Description of Plan, continued

Forfeitures

Forfeitures that occur during a plan year will be added to employer discretionary contributions and will be allocated in the same manner. There were no forfeited non-vested accounts as of June 30, 2016. As of June 30, 2015, forfeited non-vested accounts totaled $335,947. Forfeited funds in the amount of $750,835 were transferred to participant accounts in addition to the profit sharing contribution during the year ended June 30, 2016.

2. Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Recognition of Benefit Payments

Benefits are recorded when paid.

Expenses

The Plan paid certain administrative expenses relating to the maintenance of the Plan's records incurred by the Plan. Other expenses related to the Plan such as audit fees are paid by the Company.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement* (Topic 820), *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU No. 2015-07 apply to reporting entities that measure an investment's fair value using the net asset value per share (or its equivalent) practical expedient. The ASU eliminates the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. Effective for fiscal years beginning after December 15, 2015, with earlier application permitted. The Plan is currently evaluating the impact of this new guidance on its financial statements and related disclosures.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016 and 2015:

Money Market and Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2016 and 2015:

	Assets at Fair Value as of June 30, 2016

4. Information Prepared and Certified by Trustee (unaudited)

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified as complete and accurate by Newport Trust Company and Verisight Trust Company as of and for the years ended June 30, 2016 and 2015, respectively:

	2016	2015
Investments, at fair value	$ 204,057,648	$ 202,832,146
Net depreciation in fair value of investments	$ (2,194,100)	$ (1,478,762)
Dividends	$ 7,595,416	$ 7,019,369

5. Nonparticipant-Directed Investments

All of the investments in the Plan are nonparticipant-directed and all of the changes in net assets relate to nonparticipant-directed investments.

6. Party-in-Interest and Related-Party Transactions

The Preferred Deposit Business account is managed by Bank of America, an affiliate of Merrill Lynch, Pierce, Fenner & Smith Inc. The account totaling $63,181 and $125,395 as of June 30, 2016 and 2015, respectively, is included in the money market fund total in Note 3. Any purchases and sales of this fund are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments.

7. Tax Status

The Plan uses a prototype plan document sponsored by Verisight, Inc. Verisight, Inc. received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, distributions will be made to participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through January 17, 2017, the date which these financial statements were available to be issued. Except as noted below, management concluded that no material subsequent events have occurred since June 30, 2016 that requires recognition or disclosure in such financial statements.

The Plan administrator changed and the Plan adopted a new plan document that became effective September 1, 2016. Changes to the Plan were as follows: 1) participants will be allowed to invest all contributions into a menu of investment funds offered by the Plan and there will no longer be nonparticipant-directed investments, 2) employees become eligible to enter into the profit sharing portion of the Plan when they have completed six months of service (the 500 minimum hours is no longer required), 3) participant loans used to purchase a primary residence will have a maximum term of 15 years.
