Notes to Financial Statements

December 31, 2015 and 2014

1. PLAN DESCRIPTION

The following description of the Summit Fire Protection, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on April 1, 1999. Summit Fire Protection, Inc. (the Company), is engaged in fire sprinkler system design engineering, installation, service, and inspection with headquarters in St. Paul, Minnesota and is the Plan Sponsor. Employees with years of service with Fireguard Sprinkler Service, Aquarius Sprinkler, Inc., St. Cloud Fire and Equipment, Northland Fire & Security, Inc., and Minnesota Conway Fire & Safety, Inc., affiliates of the Company, are also considered employees under the Plan. Plan administrative expenses are paid by the Plan and audit fees for the Plan are paid by the Company. All employees who have reached age twenty-one are eligible to enroll in the Plan on the first day of the next month following the date they meet this requirement.

Contributions

The 401(k) feature allows participants to contribute a portion of their eligible compensation to the Plan on a pretax basis. Participants are also allowed to make Roth 401(k) deferrals. Participants may contribute up to 100% of annual compensation. Newly eligible employees are automatically enrolled in the Plan unless an affirmative election is made. Participants age 50 or older are allowed to make catch-up contributions set forth by the Internal Revenue Code.

The Company may make discretionary matching contributions to all eligible employees, provided the participant is employed on the last day of the year. During 2015, the Company made a discretionary matching contribution for eligible participants of 50% percent of the first 6 percent of base compensation that a participant contributed to the Plan. The Company made discretionary matching contributions for the year ended December 31, 2015 totaling \$319,387.

All contributions are subject to certain limitations under the Internal Revenue Code.

Participant Accounts

Participants' accounts may be credited with their 401(k) contributions, rollover contributions, Company matching contributions, and allocations of profit sharing contributions and Plan earnings, as set forth in the Plan. Allocation of profit sharing contributions are based on compensation. Earnings are allocated based on participants' account balances. Participants are also charged with an allocation of administrative expenses either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions and earnings thereon. Participants are vested in employer matching contributions and earnings thereon based on years of service as scheduled in the Plan document and become fully vested after five years.

Summit Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2015 and 2014

Forfeitures

Forfeitures of non-vested matching and profit sharing contributions, including earnings thereon, may first be used to pay Plan expense. The remaining amounts are used to reduce the amount of any Company contribution. At December 31, 2015 and 2014, forfeited amounts totaled approximately \$13,700 and \$26,900, respectively. Forfeitures applied to Plan expenses for the year ended December 31, 2015 was approximately \$10,900.

Notes Receivable from Participants

Eligible participants are able to take out loans on their contributed balance. Loans are granted to creditworthy applicants by the Plan Administrator. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may not have more than one outstanding loan at any given time. Interest is charged on the notes based on similar market rates charged by other lenders. Minimum participant payments are required to be made at least quarterly. Notes receivable from participants are valued at their unpaid principal balance plus accrued interest. Notes receivable outstanding at December 31, 2015 and 2014 were \$148,489 and \$130,739, respectively. Notes receivable are secured by the balance in the participants' account, bear interest at 4.25% to 6.50% and have maturity dates through October 2020. Principal and interest are paid via payroll deduction according to the amortization schedule prepared by the Company.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions and account balances to a variety of investment options through the Custodian. All investments are participant directed. Participants may change their investment allocation daily.

Payment of Benefits

A participant's vested benefit is distributed upon death, disability, retirement or termination as soon as administratively feasible following the date on which a distribution is requested or otherwise payable. Distribution may be made in a lump-sum payment or a partial withdrawal. In-service distributions are allowed under the Plan upon attainment of age 59 ½. Accounts of terminated employees with balances less than \$1,000 may be subject to an involuntary cash-out distribution. Plan participants may also be entitled to receive the full vested amount if they can demonstrate hardship, as defined by the Plan.

Plan Termination

Although the Company has no current intention of terminating the Plan, the Plan provides that, upon termination, the amounts credited to a participant's account are non-forfeitable. Net assets of the Plan would then be distributed to the participants as prescribed in the Plan documents.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Summit Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2015 and 2014

Fully Benefit-Responsive Investment Contracts

Accounting standards state that investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits and the statement of changes in net assets available for benefits is prepared on a contract value basis.

Payment of Benefits

Benefits are recorded by the Plan when paid.

Accounting Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Significant estimates, including the underlying assumptions, consist of the valuation of the investments with the Custodian. It is at least reasonably possible that these estimates may change in the near term.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adhere to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly for substantially the full term of the asset or liability.
- Level 3 Inputs are unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan uses valuation techniques in a consistent manner from year to year.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are stated at fair value as determined by the Custodian. The Plan's investment in the guaranteed return account is stated at contract value, as determined by the Custodian.

Summit Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2015 and 2014

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year and the unrealized gains and losses on assets held at the end of the year.

Recently Issued and Adopted Accounting Pronouncements

In July 2015, the FASB issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient* ("ASU 2015-12"). The FASB is issuing this Update in response to a proposal developed by the Emerging Issues Task Force (EITF) that simplifies certain aspects of employee benefit plan accounting.

Part I of ASU 2015-12 requires fully benefit-responsive investment contracts to be measured, presented and disclosed at contract value. Contract value is the relevant measure for those contracts because that is the amount participants normally would receive if they were to initiate permitted transactions (for example, withdrawals). The Plan early adopted this provision as of January 1, 2014 and retrospectively applied it. The adoption of this guidance did not have a significant effect on the financial statements.

Part II of ASU 2015-12 requires that investments (both participant-directed and nonparticipant-directed) of employee benefit plans be grouped only by general type, such as the following: registered investment companies, government securities, common-collective trusts, pooled separate accounts, short-term securities, corporate bonds, common stock, mortgages, real estate and self-directed brokerage accounts. Plans would no longer have to disclose the net appreciation or depreciation in fair value of investments by general type or individual investments equal to or greater than 5% of net assets available for benefits. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient and that investment is in a fund that files a U.S. Department of Labor Form 5500 as a direct filing entity, disclosure of that investment's strategy will no longer be required. Part II is to be applied retrospectively and early adoption is permitted. The Company has elected to adopt Part II of this ASU for the year ended December 31, 2014 and retrospectively applied it. Other than the elimination of the above noted disclosures, the early adoption of Part II of the ASU did not have a material impact on the financial statements.

Part III of ASU 2015-12 provides a practical expedient to permit plans to measure investments and investment related accounts (for example, a liability for a pending trade with a broker) as of a month-end that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month-end. If a plan applies the practical expedient and a contribution, distribution, and/or significant event occurs between the alternative measurement date and the plan's fiscal year end, the plan should disclose the amount of the contribution, distribution, and/or significant event. The Plan does not expect this part to have a significant effect on its financial statements.

The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015; early application is permitted.

Subsequent Events

The Plan has evaluated subsequent events through January 25, 2017, the date which the financial statements were available to be issued.

Summit Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

3. FAIR VALUE

The following table provides information on those assets that are measured at fair value on a recurring basis.

	December 31, 2015			
	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Pooled separate accounts	\$ 8,511,101	\$ -	\$ 8,511,101	\$ -
Total	\$ 8,511,101	\$ -	\$ 8,511,101	\$ -

	December 31, 2014			
	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Pooled separate accounts	\$ 7,628,998	\$ -	\$ 7,628,998	\$ -
Total	\$ 7,628,998	\$ -	\$ 7,628,998	\$ -

4. GUARANTEED RETURN ACCOUNT

The Plan entered into a fully benefit responsive group investment contract, a variable group annuity, with the Custodian, which maintains the contributions in a general account. The account is credited with contributions made under the contract plus earnings and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute. The guaranteed investment contract is presented in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer. The average yield, net of administrative expenses, was 1.53% and 1.77%, for the years ended December 31, 2015 and 2014, respectively. The crediting interest rate is declared from time to time by the Custodian in accordance with its usual practices for contracts of this class, and shall not be less than 1.5%. The credit rate in effect at year-end was 1.50% and 1.67% at December 31, 2015 and 2014, respectively.

Summit Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2015 and 2014

5. LIMITATION ON SCOPE OF EXAMINATION

The Plan has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Custodian of the Plan, except for comparing such information certified by the Custodian with information included in the Plan's financial statements and supplemental schedules. The Custodian held the Plan's investment assets for the years ended December 31, 2015 and 2014, and executed investment transactions for the year ended December 31, 2015. The Custodian has certified investments, notes receivable from participants, net investment depreciation from pooled separate accounts, interest income from the investment contract with insurance company, and the information included in the supplemental schedules is complete and accurate.

6. INCOME TAX STATUS

The Company adopted a volume submitter Plan document which was issued an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the document provider received the opinion letter. However, the Plan's management and Custodians believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan Administrator believes it is no longer subject to tax examination for years prior to 2012.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and an investment contract managed by the Custodian. The Custodian is defined by the Plan; therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for the Plan Administration services to the Custodian amounted to approximately \$11,900 for the year ended December 31, 2015. Notes receivable from participants also qualify as party-in-interest transactions. ERISA regulations provides an exemption for such transactions.

9. TIMELY REMITTANCE OF EMPLOYEE CONTRIBUTIONS

During the year ended December 31, 2015, the Company was untimely in remitting select contributions to the Plan. The late remittances totaled \$163,580 and were remitted to the Plan before the end of the year. The lost earnings on these late remittances were remitted, and the lost earnings and penalties totaling \$88 are to be remitted in February 2017. In addition, the Company submitted an additional \$19,669 of contributions to the Plan to correct for improper employee withholdings.
