A&B Process Systems Corp 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1: Description of Plan

The following description of the A&B Process Systems Corp 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is effective May 1, 2015. It is an amendment and restatement of a pre-existing plan established on May 1, 1990. It is a defined contribution plan covering all qualifying full-time employees of A&B Process Systems Corporation (the "Plan"). An employee becomes eligible to participate in and contribute to the Plan on the first quarterly entry date (May 1, August 1, November 1, or February 1) subsequent to their date of hire. At that time, the employee also becomes eligible to receive an allocation of the Company discretionary matching contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants are allowed to contribute pretax annual compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows for Roth contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also includes an automatic enrollment provision whereby all newly eligible employees effective May 1, 2015, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may also contribute a discretionary matching contribution as determined by the Company's Board of Directors with respect to each plan year. For the year ended April 30, 2016, the Company contributed a discretionary matching contribution of 50% of the first 6% of base compensation that a participant contributed to the Plan. Catch-up contributions are matched. Rollovers are not matched. Matching contributions for the year ended April 30, 2016 were \$671,977.

The Company may also contribute a discretionary profit sharing contribution as determined by the Company's Board of Directors with respect to each plan year. These contributions are allocated to each qualifying participant based on an integrated formula as defined in the plan document. There were no discretionary profit sharing contributions for the year ended April 30, 2016. Contributions are subject to certain IRS limitations.

A&B Process Systems Corp 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's discretionary matching contribution, and allocations of (a) the Company's discretionary profit sharing contribution, (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contributions plus actual earnings (losses) thereon is based on years of continuous service. Participants vest at a rate of 20% per year beginning with the second year of service. Participants become fully vested after six years of service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a maximum of three loans with a minimum of \$1,000 each up to a maximum of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates on existing loans range from 3.25% to 4.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in partial payments. For termination of service due to other reasons, if the participant's balance does not exceed \$5,000, but is greater than \$1,000, the Plan will make a mandatory distribution in accordance with plan provisions. If the participant's vested account balance does not exceed \$1,000, it can be distributed only in a single lump-sum payment. In addition, hardship distributions out of the participant's voluntary account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's discretionary matching and discretionary profit sharing contributions. These forfeitures are first used to reduce the Company's discretionary matching contribution and then used to pay plan administrative expenses. At April 30, 2016 and 2015, unused forfeitures from nonvested accounts totaled \$5,838 and \$12,594, respectively. Forfeitures in the amount of \$30,455 were used to reduce Company discretionary matching contributions during the year ended April 30, 2016.

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Change in Accounting Policy

To reduce the complexity of plan investment accounting and disclosures, plan management has elected to apply the early adoption provisions of the Financial Accounting Standard Board (FASB) Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – Consensus of the Emerging Issues Task Force* (“ASU 2015-12”). This ASU is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Management has elected to early adopt Part II. Parts I and III are not applicable to the Plan. Early adoption of ASU 2015-12 also allows the retroactive simplification of investment note disclosures.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowance for credit losses has been recorded as of April 30, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company absorbs various plan expenses, including the annual audit fee and certain administrative expenses. Investment management fees are allocated proportionately to plan participants based on their respective account balances and are included in net investment income. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through January 12, 2017, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of April 30, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of April 30, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of April 30, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,691,091	\$ -	\$ -	\$ 14,691,091
	Assets at Fair Value as of April 30, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,709,014	\$ -	\$ -	\$ 14,709,014

Note 4: Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at April 30, 2016 and 2015, and net depreciation in fair value of investments, interest and dividends for the year ended April 30, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by WoodTrust Bank N.A. (the Trustee of the Plan).

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 6: Tax Status

The Company has adopted a nonstandard prototype document with an IRS notification letter, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Related-Party Transactions

Plan investments are managed by the Trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and administrative services were \$76,210 and \$7,597, respectively, for the year ended April 30, 2016.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 9: Subsequent Events

The Plan changed its Trustee to Fidelity Investments and adopted a new plan document effective November 1, 2016. The Plan also changed its year-end to December 31 from April 30, effective December 31, 2016. There were no substantial changes to the terms of the plan document.
