We were engaged to audit the accompanying financial statements of Gordon Trucking, Inc. Employee Retirement Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of July 1, 2016 and December 31, 2015, and the related statement of changes in net assets available for benefits for the period January 1, 2016 to July 1, 2016 and the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 5, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of July 1, 2016 and December 31, 2015 and for the period January 1, 2016 to July 1, 2016 and the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

***Emphasis of Matter***

As discussed in Note 2(a) to the financial statements, on July 1, 2016 the Plan was merged with another plan also held by the Plan's sponsor. As a result, all of the Plan's assets were distributed to the other plan. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

July 1, 2016 and December 31, 2015

(1) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

(b) Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(d) Investment Valuation and Investment Income

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Expenses

Certain expenses of maintaining the Plan are paid directly by Gordon Trucking, Inc. (the Company) and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(2) Description of Plan

The following description of the Gordon Trucking, Inc. (Company) Employee Retirement Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) Plan Merger

Effective July 1, 2016, the Plan was merged into the Heartland Express, Inc. of Iowa 401(k) Plan and operates as one combined retirement plan covering all eligible employees of Heartland Express, Inc. and subsidiaries, including Gordon Trucking, Inc., on a go-forward basis. The merger did not adversely affect the employees participating in the Plan. The Plan had assets of \$29,251,302 that were transferred to the Heartland Express, Inc. of Iowa 401(k) Plan:

Funds converted out	\$	28,165,132
Loans converted out		<u>1,086,170</u>
Total of assets transferred	\$	<u><u>29,251,302</u></u>

(b) General

The Plan Trustee and Plan Administrator are responsible for the oversight of the Plan. The Company, with advice of the Trustee and investment advisors, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On November 11, 2013, Heartland Express, Inc. of Iowa, a subsidiary of Heartland Express, Inc. acquired the stock of the Company.

The Plan is a defined contribution 401(k) and profit sharing plan for the Company employees not participants in certain other plans. An amended and restated plan was adopted effective January 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(c) Eligibility

Participants were eligible to participate in the Plan upon completing three months of service. To receive an employer discretionary matching or profit sharing contribution, the participant must have completed 1,000 hours of service during the Plan year and have been employed by the Company on the last day of the Plan year.

(d) Contributions

Under terms of the Plan agreement, participant and Company contributions are determined as follows:

Employee	Participants may contribute 60% of their compensation annually, subject to statutory limitations. Participants age 50 and over are allowed to make additional catch-up contributions in excess of the limits they would otherwise be limited to, which are also subject to statutory limitations. Annual employee contributions were limited to \$18,000 in 2016 as indexed by the Internal

Revenue Service (IRS). Participants 50 years of age and older were also allowed to contribute an extra \$6,000 in 2016 for catch-up contributions.

Employer The Company may make discretionary profit sharing contributions to participants as a percentage of their taxable compensation. The Company may also make discretionary matching contributions based on a formula using their taxable annual compensation and employee contributions.

For the period January 1, 2016 to July 1, 2016, the Company did not make any matching contributions to the Plan. For the year ended December 31, 2015, the Company made matching contributions of \$1,373,597. Participants were also able to contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan included an autoenrollment provision whereby all newly eligible employees were automatically enrolled unless the employee affirmatively elected not to enroll in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated blended fund until changed by the participant. Effective March 31, 2016, the Plan was amended and restated to comply with the Pension Protection Act of 2006. As part of this amendment, the auto enrollment provision of the Plan was discontinued. Contributions are subject to certain IRS limitations.

(e) Participant Accounts

Each participant's account is credited weekly or biweekly, dependent on the employee's payroll cycle, with the participant's contribution and annually with his or her allocation of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, accounts, or specific participant transactions, as defined. All investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Notes Receivable from Participants

Participants were allowed to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. Principal and interest were paid ratably through weekly or biweekly payroll deductions. Notes receivable from participants outstanding at July 1, 2016 mature through November 2023 and bear a weighted average interest rate of 3.3%.

Notes receivable were included in the plan asset transfer to Heartland Express, Inc. of Iowa 401(k) Plan on July 1, 2016.

(g) Vesting

Participants are 100% vested immediately in their contributions plus actual earnings thereon.

**GORDON TRUCKING, INC.

(h) Forfeited Accounts

Any forfeited amounts of employer contributions were first used to reduce the contributions of the employer and then to offset Plan expenses. At July 1, 2016, there were no forfeited nonvested accounts. At December 31, 2015, forfeited nonvested accounts totaled \$170,611. For the period January 1, 2016 to July 1, 2016, there were no forfeitures used to fund employer contributions. For the year ended December 31, 2015, forfeitures of \$190,000 were used to fund employer contributions. On July 1, 2016, \$22,151 were converted as forfeitures under the Heartland Express, Inc. of Iowa 401(k) Plan.

(i) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive the value of the participant's vested interest in his or her account at the participant's election either in:

- A single lump-sum payment or
- Equal installments over a period of not more than the participant's and beneficiary's assumed life expectancies

For termination of service for other reasons, a participant would have been able to receive the value of the vested interest in his or her account as a lump sum distribution.

(3) Fair Value Measurements

The framework for measuring the fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at July 1, 2016 and December 31, 2015.

The *Money Market Fund and Mutual funds* are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(4) Related-Party and Party in Interest Transactions

Fees incurred by the Plan for the management investment services were included in net appreciation of fair value of the investments, as they were paid through revenue sharing rather than a direct payment. The Plan made a direct payment to Merrill Lynch for recordkeeping services of \$17,416 for the period January 1, 2016 to July 1, 2016 and \$31,008 for the year ended December 31, 2015, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations. For the period January 1, 2016 to July 1, 2016 and the year ended December 31, 2015, the Plan incurred expenses of approximately \$3,495 and \$585, respectively, which were paid by the Company directly and are not included in these financial statements.

(5) Information Certified By the Trustee

Under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan has included certain data in the financial statements, which is based on information certified by the trustee, Bank of America, N.A., as accurate and complete. Such data includes investments at fair value at July 1, 2016 and December 31, 2015 included in Note 3 and notes receivable from participants as of July 1, 2016 and December 31, 2015 as set forth in the statement of net assets available for benefits, and net appreciation in fair value of investments, interest, and dividends for the period January 1, 2016 to July 1, 2016 and the year ended December 31, 2015 as set forth in the statement of changes in net assets available for benefits.

(6) Tax Status

The IRS has determined and informed the Trustee by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 1, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(7) Subsequent Events

The Company evaluated the Plan's financial statements for subsequent events through February 1, 2017, the date the financial statements were available to be issued.

The Company is not aware of any additional subsequent events that would require recognition or disclosure in the Plan's financial statements.
