INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
Suarez Corporation Industries 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Suarez Corporation Industries 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan through March 31, 2015, and Fidelity Management Trust Company, the trustee of the Plan starting April 1, 2015, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian and trustee hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodian and trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the custodian and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) and delinquent participant contributions and loan repayments as of and for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Suarez Corporation Industries 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

1. DESCRIPTION OF PLAN

The following description of the Suarez Corporation Industries 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Suarez Corporation Industries (“Company”) established the Plan effective January 1, 1991. The Plan was originally named The Suarez Corporation Incentive Savings Plan and Trust; the name was changed to The Partners of the Suarez Corporation 401(k) Plan later in 1991 and was subsequently changed to its current name during 2006. The Plan operates in accordance with Section 401(k) of the Internal Revenue Code. The Plan is a defined contribution plan covering substantially all employees of the Company who are 21 years old and have completed one year of service, as defined in the Plan. The Plan allows employees to enter the Plan the first day of January, April, July or October following the date on which the employee completes the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective April 1, 2015, the Plan adopted a volume submitter plan document sponsored by Fidelity Management & Research Company and also transferred recordkeeping and trustee responsibilities to Fidelity Management Trust Company. These changes had minimal impact on plan provisions and benefits available to participants.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a discretionary matching contribution, typically \$0.20 for each \$1.00 of participant salary deferrals up to a maximum of 4% of the participant’s eligible compensation. Employees of the Company may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions to any of the investment options available to them through Fidelity Management Trust Company. Participants may also purchase life insurance policies with a portion of their contributions. The amount of funds a participant may invest in such policies is subject to limitations as described in the Plan document. Each policy designates the Plan as the beneficiary. All benefits, rights and privileges under each policy, which are available while the participant is living, are vested in the Plan.

Suarez Corporation Industries 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan, including legal and audit fees, have been paid by the Company and are, therefore, not expenses of the Plan. The Plan pays fees related to the management of participating accounts.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, subject to the following limitations. The minimum loan amount is \$1,000 and the maximum aggregate dollar amount of loans outstanding to any participant may not exceed \$50,000. This maximum amount is reduced by the excess of the participant's highest outstanding balance of all loans on any day during the one year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the participant's loan is made. Beginning August 1, 2012, participants may only have one loan outstanding at a time. Participants with more than one loan outstanding as of August 1, 2012 were required to pay off the existing loans per the amortization schedule in place at that time.

Repayments must be amortized in level payments, not less frequently than quarterly, over a period not extending beyond five years from the date of the loan. A loan is not subject to the five-year repayment requirement if it is used to buy a principal residence. The loans are secured by the balance in the participant's account and bear interest rates of 4.25%, which is commensurate with local prevailing rates as determined by the plan administrator.

Payment of Benefits

The vested portion of a participant's account becomes payable upon death, disability, normal retirement age or termination of service for any other reason. Participants may choose to receive vested account balances as an annuity, in a lump sum, or in equal monthly, quarterly, semi-annual or annual cash installments not to exceed the participant's life.

In-service distributions of vested balances may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Involuntary distributions of amounts less than \$1,000 are permitted under the Plan. In-service hardship withdrawals of participant and employer contributions are permitted upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. In the event of termination of employment for reasons other than normal or early retirement, death or disability, a participant shall have a vested right in the Company's matching contributions based on the participant's years of service with the Company. Participants vest 20% per calendar year of service after the first calendar year of service and are 100% vested after six years of service.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$10,483 and \$10,098, respectively. These accounts may be used to reduce employer matching contributions in future years, pay administrative expenses of the Plan, and/or be used to restore previously forfeited participant account balances. During the year ended December 31, 2015 and 2014, \$3,139 and \$0, respectively, were used to reduce employer matching contributions as described above.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants generally would receive if they were to initiate permitted transactions under the terms of the plan. Plan assets did not include any fully benefit responsive investment contracts as of December 31, 2015 and 2014.

Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan early adopted the new guidance in 2015 and applied it retrospectively as required by the ASU.

In July 2015, (FASB) issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan early adopted the new guidance in Part II in 2014 and has applied it retrospectively as required by the ASU.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Suarez Corporation Industries 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014**

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code and regulations thereunder are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through January 27, 2017, the date the financial statements were available to be issued.

3. TRUSTEE CERTIFICATION

The plan administrator received certifications from John Hancock Life Insurance Company (U.S.A.) for the period January 1, 2014 through March 31, 2015 and from Fidelity Management Trust Company for the period April 1, 2015 through December 31, 2015. The following information included in the financial statements is covered by the certifications: Statements of Net Assets Available for Benefits – Investments, at fair value; Statement of Changes in Net Assets Available for Benefits – Investment income (loss) - Net depreciation in fair value of investments and Interest and dividends. As directed by the plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements and the supplemental schedules.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Suarez Corporation Industries 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the net asset value ("NAV") of the underlying investments held by each account, minus its liabilities, and then divided by the number of units outstanding. The NAV, as reported to the Plan, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The pooled separate accounts offer a variety of different investment strategies, including asset preservation, income generation, growth, target date asset accumulation and sector specialization. Purchases and sales may occur daily within these accounts and the redemption period is immediate. As of December 31, 2014, there were no unfunded commitments.

Common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Guaranteed investment contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including a review of existing contracts, market interest rates, economic conditions, industry and market developments, and overall credit ratings.

Cash surrender value of life insurance: Valued at cash surrender value of the policies as reported by the insurer. The Investment Committee reviews the valuation from the insurer annually, primarily assessing the inputs used and comparing the valuation to the previous year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. NONEXEMPT PROHIBITED TRANSACTIONS

During the year ended December 31, 2015, the Company failed to remit, on several occasions, participant contributions and loan repayments totaling \$139,680 as soon as administratively feasible after being withheld from participants, thus constituting nonexempt prohibited transactions between the Plan and the Company. All but \$2,571 of these participant contributions and loan repayments were deposited into the Plan during 2015. Correction of these delinquencies is still pending.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments as of December 31, 2015 and 2014 were units of participation in pooled separate accounts and guaranteed investment contracts that were managed by affiliates of John Hancock Life Insurance Company (U.S.A.), the Plan's custodian and mutual funds managed by affiliates of Fidelity Management Trust Company, the Plan's trustee. Therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants totaling \$141,339 and \$176,402 as of December 31, 2015 and 2014, respectively, are considered party-in-interest transactions. Interest income pertaining to notes receivable from participants totaled \$6,430 for the year ended December 31, 2015.

8. TAX STATUS

The Plan has adopted a volume submitter plan document on which the Internal Revenue Service has issued an opinion letter dated March 31, 2014 that stated that the volume submitter document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The volume submitter document has been amended since issuance of the most recent opinion letter. The Plan has not requested an individual determination letter from the Internal Revenue Service. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and intends to take corrective action for any identified deficiencies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

Participant contributions made in excess of amounts allowed by the Internal Revenue Code and regulations thereunder and investment earnings thereon, totaling \$21,300, are recorded as accounts payable in the accompanying statement of net assets available for benefits as of December 31, 2015 and as a reduction of participant contributions in the accompanying statement of changes in net assets available for benefits.

10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

11. SUBSEQUENT EVENTS

As of January 27, 2017, the Plan's net assets available for benefits have decreased to approximately \$4.1 million, with the decrease primarily attributable to subsequent distributions of participant balances.
