Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Shaw Material Handling Systems Retirement Savings Plan (Plan), which comprise the statements of net assets available for Plan benefits as of March 31, 2016 and December 31, 2015, and the statement of changes in net assets available for Plan benefits for the three-month period ended March 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing the certified information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of March 31, 2016 and December 31, 2015 and for the three-month period ended March 31, 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (continued)

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SHAW MATERIAL HANDLING SYSTEMS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements For the Three-Month Period Ended March 31, 2016

1. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments and notes receivable from participants are stated at fair value. All Plan assets were transferred to The Raymond Corporation Consolidated Dealers Savings Plan before the close of business on March 31, 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold during the three-month period ended March 31, 2016, as well as gains and losses on investments held during the period until they were transferred to The Raymond Corporation Consolidated Dealers Savings Plan before the close of business on March 31, 2016.

Notes Receivable from Participants

Notes receivable from participants include the unpaid principal balance plus any accrued but unpaid interest. If a participant stops making note receivable payments and the Plan administrator determines the note is in default, the note receivable balance is reduced and a benefit payment is recorded. Interest income on notes receivable from participants is recorded on the accrual basis.

Payment of Benefits

Benefits are deducted when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor, Shaw Material Handling Systems, Inc. (Company), and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participant's accounts when incurred and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

SHAW MATERIAL HANDLING SYSTEMS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements For the Three-Month Period Ended March 31, 2016

2. Description of Plan

The following description of the Shaw Material Handling Systems Retirement Savings Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Merger

In accordance with an agreement between the Company and its parent, The Raymond Corporation, effective March 31, 2016 all plan assets were transferred to The Raymond Corporation Consolidated Dealers Savings Plan (Raymond Plan).

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have met the following eligibility requirements: 1) completion of three months of service and 2) at least 21 years old. An employee could have elected to become a participant in the Plan on the first day coincident with the date they became eligible. In addition, after completion of one year of service, an employee was eligible to participate in the profit sharing portion of the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator was responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Participants specified the amount of eligible compensation to be contributed to the Plan (participant salary deferral contributions). Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Discretionary employer matching contributions of 40% of participant deferrals, not to exceed 5% of eligible compensation, were made in the three-month period ended March 31, 2016. Participants were able to direct contributions to any of the various investment options offered by the Plan. Contribution amount changes, allocation changes and fund transfers could be done daily. The employer could make a discretionary profit sharing contribution each year. This contribution was allocated to participants who were employed on the last day of the Plan year based on their earnings. There was no profit sharing contribution for the three-month period ended March 31, 2016. The total annual employee and employer contributions on behalf of each participant could not exceed certain IRS limitations. New participants were automatically enrolled in the Plan at a 5% employee salary deferral rate, unless they opted not to participate or to defer a different percentage of their salary. Participant salary deferral rates were automatically increased annually by 1% of compensation until the employee salary deferral rate equaled 10%, unless the participant elected otherwise.

Participant Accounts

Each participant's directed account was credited/charged with an allocation of the directed investment's earnings/losses and credited with the participant's contributions and discretionary employer contributions. Investment earnings/losses were credited/charged to each participant's directed account based on the actual earnings/losses of the investments in that participant's directed account. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

2. Description of Plan (continued)

Vesting

Participants vested immediately in their contributions plus actual earnings/losses thereon. Upon death, disability, attainment of normal retirement age or plan termination, a participant also became fully vested in all accounts attributable to discretionary employer matching contributions; otherwise, the participant became fully vested in employer matching contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	100

Notes Receivable from Participants

Prior to the transfer of the plan's assets to the Raymond Plan, participants could borrow from the non-profit sharing portion of their account a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Note terms ranged from one to five years except notes for the purchase of a primary residence could be for a longer term. The notes were secured by the balance in the participant's account. The interest rate charged on notes was determined by Plan management and ranged from 4.25% to 8.00% for outstanding notes immediately prior to the transfer to the Raymond Plan. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

On termination of service, participants could elect to receive their distribution in a lump-sum payment or they could make a qualified rollover. If a participant's benefits were \$5,000 or less but greater than \$1,000, the participant could elect to receive a lump-sum distribution or make a qualified rollover and, if no election was made, the vested benefit amount was automatically rolled into an Individual Retirement Account. If a participant's benefits were less than \$1,000, a lump sum payment was automatically made as soon as administratively feasible unless the participant elected to receive a qualified rollover. Under terms of the Plan, normal retirement age was the date the participant attained age 65.

Forfeited Accounts

Forfeited nonvested matching contributions were first used to reduce future employer matching contributions and then used to offset Plan administrative expenses. Finally, any remaining forfeitures were allocated to Plan participants.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following cash, investments, notes receivable from participants, investment (loss), net and interest on notes receivable from participants certified by Bank of America, N.A. (BOA), the trustee of the Plan, as complete and accurate, except for comparing the certified information to the related information included in the Plan's financial statements. The following table includes the fair values of the Plan's cash, investments and notes receivable from participants at March 31, 2016 and December 31, 2015, as certified by Bank of America, N.A.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurement, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. All investments in the fair value hierarchy are valued using Level 1 inputs.

Following is a description of the valuation methodologies used to determine the fair value of investments. There have been no changes in the methodologies used at March 31, 2016 and December 31, 2015.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- The collective investment trust funds are valued at the net asset value (NAV) of the shares held by the Plan at December 31, 2015 as reported by the investment advisors using the audited financial statements of the collective investment trusts at December 31, 2015. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the Plan will sell the investments for an amount different than the NAV. Participant transactions (purchases and sales) could occur daily. Were the Plan to initiate a full redemption of the collective investment trust funds, the investment advisors generally reserve the right to temporarily delay withdrawal from the funds in order to ensure the securities liquidation will be carried out in an orderly business manner.

The preceding valuation methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table includes the fair values of investments by level within the fair value hierarchy at March 31, 2016 and December 31, 2015:

	<u>2016</u>	<u>2015</u>
Mutual funds (level 1):	\$ _____ -	\$ <u>3,092,083</u>
Total investments in the fair value hierarchy	-	3,092,083
Collective investment trusts (a)	_____ -	<u>640,271</u>
Total investments at fair value	\$ _____ -	\$ <u>3,732,354</u>

- (a) In accordance with FASB ASC 820-10, certain investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the three-month period ended March 31, 2016, there were no transfers between fair value levels.

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Wells Fargo Stable Return Fund	\$ 235,990	N/A	Daily	12 months
State Street S&P 500 Index	<u>404,281</u>	N/A	Daily	N/A
	<u>\$ 640,271</u>			

5. Party-In-Interest Transactions

Fees paid by the Plan to Merrill, Lynch, Pierce, Fenner and Smith (ML), an affiliate of BOA, qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. Fees paid to ML were \$865 for the three months ended March 31, 2016.

6. Tax Status

The Plan adopted a prototype plan, which received an opinion letter dated March 31, 2014 from the Internal Revenue Service (IRS) indicating that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan was amended after receiving the opinion letter; however, the Plan administrator believes the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and tax-exempt as of the financial statement date and no provision for income taxes has been recorded in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2016 and December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. Risks and Uncertainties

The Plan allowed participants to invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risk. Due to the transfer of all Plan investments and assets to the Raymond Plan on March 31, 2016, these risks were also transferred to the Raymond Plan.

8. Subsequent Events

The Plan has evaluated subsequent events through January 12, 2017, the date the financial statements were available to be issued.
