Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company (the Trustee), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of Associated Urological 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan was established in 2005 to allow Associated Urological Specialists, LLC (the Company) to share a portion of its profits with its employees, to promote within them the strongest interest in the successful operation of the business, to increase efficiency in their work, to assure them that they will share in the prosperity of the business and to provide them with an opportunity for accumulation of funds for retirement. The Plan is a defined-contribution plan covering all eligible employees of the Company who have at least six months of eligibility service and are age 21 or older. Eligibility service is 1,000 hours for elective deferrals and safe harbor contributions and one year for employer profit-sharing plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute pre-tax compensation up to the lesser of the Federal Statutory limit including the catch up contribution, if applicable or 90% of the participant's annual compensation, subject to certain limitations, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan does not permit nondeductible contributions by participants.

The Company is required to make safe harbor contributions of 3% of all eligible employees' compensation on an annual basis.

Each year, the Company may contribute a discretionary profit-sharing contribution to participants. These contributions are subject to legal, Plan and compensation limitations. Furthermore, generally a participant must be employed on the last day of the year to receive a contribution. During the year ended December 31, 2015, the Company made a \$469,154 discretionary contribution to the Plan for the 2014 Plan year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Vesting:

Participants are immediately 100% vested in their elective deferrals. Vesting for employer contributions is based on years of continuous service in accordance with the following table:

<u>Completed years of service</u>	<u>Percentage of account balance vested</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Forfeited accounts:

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$22,837 and \$20,429, respectively. Forfeitures from participant's nonvested accounts may be used to reduce employer contributions or pay administrative fees. The amount of forfeited nonvested accounts used in 2015 was \$-0-.

Notes receivable from participants:

Active participants may borrow from their accounts an amount equal to the lesser of \$50,000 or 50% of their vested account balance. Active participants can only have one outstanding loan at a time. The minimum amount a participant can borrow is \$1,000. Loans are secured by the balance in the participant's account and bear interest at a rate equal to the Prime rate as published in the Wall Street Journal on the 14th day of each month plus one percent. The note interest rate will be determined on the date of the loan request and will not change for the duration of the loan repayment period. Principal and interest is paid ratably through bi-weekly payroll deductions. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

1. Description of the Plan (continued)

Payment of benefits:

On retirement or termination of service, a participant may elect to receive a lump-sum, partial payment, installment payments or an annuity contract in an amount equal to the value of his or her account.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses, if any. Allocations are based on participant's share of employer contributions or account balances, as prescribed by the Plan. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account balance. The Plan allows participants to direct their and company contributions to any of the provided investment alternatives.

2. Summary of significant accounting policies

Basis of accounting:

The accompanying financial statements are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Consequently, discretionary employer contributions to the Plan are recognized when received rather than when earned and certain deductions from net assets are recognized when cash is disbursed rather than when the obligation is incurred.

Early adoption of accounting for plan investment disclosures:

During the year ended December 31, 2015, management has elected to early adopt FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedients (a consensus of the FASB Emerging Issues Task Force)*.

ASSOCIATED UROLOGICAL 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Early adoption of accounting for plan investment disclosures: (continued)

The ASU removes the requirement that the Plan report individual investments that exceed 5% of net assets available for benefits. In addition, disaggregation of net appreciation and depreciation by general type is no longer required, but only required to be presented in the aggregate. Also, investments are no longer required to be disclosed by nature, characteristic and risk, but only required to be disclosed by general type. Finally, disclosure of the investment strategy is no longer required for investments that are recorded at fair value using the Net Asset Value practical expedient as permitted by ASC 820-10 and that are in a fund that directly files Form 5500 with the U.S. Department of Labor. This ASU was required to be adopted retrospectively. There was no effect on net assets available for benefits and changes in net assets available for benefits.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Transactions are recorded at trade date. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Realized gains and losses are computed either by the average value or specific identification of the securities sold.

Notes receivable from participants:

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

The Company directly absorbs a majority of all costs related to the administration of the Plan.

ASSOCIATED UROLOGICAL 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

3. Investments (information prepared and certified by the Trustee)

The following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Reliance Trust Company (the Trustee) at December 31, 2015 and 2014 and for the year ended December 31, 2015.

Notes receivable from participants of \$73,378 and \$64,092 were also certified by the Trustee at December 31, 2015 and 2014, respectively. The interest on these receivables was 4.25% in both 2015 and 2014.

For the year ended December 31, 2015, the Plan's investments (including gains and losses on investments bought, sold and held during the year) depreciated in value in the amount of \$883,457. Dividend and interest income was \$683,379 for the year ended December 31, 2015. Interest on participant loans was \$2,641 for the year ended December 31, 2015.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate:

- Plan investments and participant loans, as shown in the statement of net assets available for benefits as of December 31, 2015 and 2014 and schedule of assets (held at end of year) as of December 31, 2015.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820) *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ASSOCIATED UROLOGICAL 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. Fair value measurements (continued)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015 and 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

December 31,	2015	2014
	Level 1	
Mutual funds, at fair value	\$ 11,956,870	\$ 11,548,780

5. Plan termination

It is the intent of the Trustees to continue the Plan in full force and effect. However, in the event of termination and in order to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved by the Trustees. In the event of termination, the Trustees shall first satisfy or make provisions to satisfy the obligations of the Plan. Any remaining assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. In the event of Plan termination, participants would become 100% vested in their employer contributions.

ASSOCIATED UROLOGICAL 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

6. Tax status

The Plan adopted a Volume Submitter Profit Sharing Plan with CODA (Cash or Deferred Arrangement) which received a favorable opinion letter from the Internal Revenue Service (IRS) as of March 31, 2008, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the Code) and that any employer adopting this form of the Plan will be considered to have a qualified plan under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its tax qualification. Although the Plan has been amended and restated since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, as a result, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Risks and uncertainties

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect the participant's account balances and the amounts reported in the financial statements.

8. Party-in-interest transactions

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Indirect fees were paid to Merrill Lynch during the year ended December 31, 2015. Merrill Lynch is the investment advisor and, therefore, these transactions qualify as party-in-interest transactions.

9. Subsequent events

The Plan Administrator has reviewed and evaluated subsequent events from December 31, 2015, the financial statement date, through October 14, 2016, the date the financial statements were available to be issued. No events have occurred in this period that would be required to be recognized and/or disclosed in these financial statements as required by the modified cash basis of accounting.
