Wolfe Engineering, Inc. Profit Sharing 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wolfe Engineering, Inc. Profit Sharing 401(k) Plan which comprise the statements of net assets available for benefits as of April 30, 2016 and December 31, 2015, and the related statement of changes in net assets available for benefits for the period January 1, 2016 through April 30, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

WOLFE ENGINEERING, INC. PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Wolfe Engineering, Inc. Profit Sharing 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was a defined contribution plan that was established in 1995 by Wolfe Engineering, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger: In 2015, Jabil Circuit, Inc. (“Jabil”) acquired Wolfe Engineering, Inc. On March 15, 2016, the Board of Directors of the Jabil 401(k) Retirement Plan (“Jabil Plan”) voted to amend the Jabil Plan and to merge the Plan into the Jabil Plan effective April 1, 2016. Participants were eligible to join the Jabil Plan on January 1, 2016 and the Plan was frozen effective December 31, 2015.

In conjunction with this merger participants became 100% vested in their account balance and participant’s entire account balances, totaling approximately \$4.6 million, were transferred into the Jabil 401(k) Retirement Plan between April 1 and April 20, 2016.

Contributions and Allocations: Each year, participants could contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document or the limits set by the IRS. Participants who had attained the age of 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts received from any other retirement plan which satisfied the tax rules for rollovers. Unless instructed otherwise by the participant, upon becoming eligible to participate in the Plan, 3% of the participant’s eligible compensation was contributed to the Plan subject to annual limits set by the IRS.

The Company was allowed to make discretionary matching contributions to the Plan, as defined in the Plan and as approved by the Board of Directors. The Plan also provided for a discretionary profit sharing contribution. No discretionary matching or profit sharing contributions were made for the period January 1, 2016 through April 30, 2016.

Participant Accounts: Each participant’s account was credited with the participant’s contributions, the Company’s contributions, and allocation of plan earnings. Allocations of participant earnings (losses) were based on account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant’s vested account balance.

Investment Options: Participants directed the investment of contributions into various investment options offered by the Plan. The Plan offered several mutual funds and a guaranteed investment contract as investment options for participants.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting: Participants were immediately vested in their contributions and employer's matching contributions allocated to their account. Participants were only fully vested in the profit sharing contributions allocated to their account after six years of credited service.

Notes Receivable from Participants: Participants could borrow a minimum of \$1,000 and a maximum of the lesser of 50% of their vested account balance or \$50,000. Interest rates on these loans were at prime, plus 1%. Loans must be repaid within five years, unless the loan was taken for the purchase of a primary residence, which may be repaid over a period not to exceed 30 years. Participants repaid principal and interest through payroll deductions. If participants were terminating or retiring, they had the choice of repaying the loan or having the loan offset from their account. The offset loan amount was considered a taxable distribution.

Payment of Benefits: Benefits could be distributed to participants upon termination of employment by reason of retirement (65 years or older), disability, death, or other separation from service. Participants who terminated employment and had an account balance less than \$1,000 received a lump sum distribution of their benefits. A participant could also request a withdrawal upon attainment of age 59 1/2, or upon demonstration by the participant to the Plan Administrator that the participant was suffering from a hardship, as defined in the Plan document.

Forfeited accounts: Forfeited non-vested accounts would be used to reduce future employer contributions or pay Plan administrative expenses. There were no forfeited non-vested accounts at April 30, 2016 and December 31, 2015.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan were required to be reported at fair value, except for the fully-benefit responsive investment contracts which were reported at contract value. Contract value was the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value was the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition: Investments were reported at fair value, except for the fully-benefit responsive investment contract which was reported at contract value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilizing information provided by the investment advisers, trustees and other parties involved with the Plan. See Note 5 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilized various investment instruments. Investment securities, in general, were exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it was reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefits paid to participants were recorded when paid.

Notes Receivable from Participants: Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they are incurred. No allowance for credit losses has been recorded as of April 30, 2016 and December 31, 2015.

Administrative Expenses: Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation of fair value of investments.

Uncertain Tax Positions: Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator had analyzed the tax positions taken by the plan, and has concluded that as of April 30, 2016, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believed it was no longer subject to income tax examinations for years prior to 2013.

NOTE 3: TAX STATUS

The Plan had adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Company believes that the Plan was operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, was exempt from federal income and state franchise taxes.

NOTE 4: CERTIFICATION OF CUSTODIAN

In accordance with Department of Labor Regulations, various information presented herein, was prepared from statements certified as being complete and accurate by the Plan's custodian. Except for the excess contribution refundable recognized in the statements of net assets available for benefits and the related impact on the statement of changes in net assets available for benefits, all information in the statements of net assets available for benefits, statement of changes in net assets available for was derived from statements certified by the Plan's custodian.

NOTE 5: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board, ("FASB") Accounting Standards Codification (ASC) 820, "Fair Value Measurement and Disclosures", provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.
- Level 2 - inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - inputs that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There had been no change in the methodologies used at April 30, 2016 and December 31, 2015.

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that are registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of April 30, 2016 and December 31, 2015:

2016				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ -	\$ -	\$ -	\$ -
Total investments in fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

2015				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 4,539,886	\$ -	\$ -	\$ 4,539,886
Total investments in fair value hierarchy	<u>\$ 4,539,886</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,539,886</u>

NOTE 6: GUARANTEED INVESTMENT CONTRACTS

In November 2012, the Plan entered into a benefit-responsive investment contract with The Standard Insurance Company (The Standard). The Standard maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by The Standard, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6: GUARANTEED INVESTMENT CONTRACTS (CONTINUED)

On a quarterly basis, The Standard's asset advisory group declared a crediting rate for all assets in the fund during the coming quarter. The crediting rate was declared in advance and is reset quarterly. The declared crediting rate was never be below 1%. Management approval was required for all crediting rates. The fund's NAV increased with the daily equivalent of the crediting rate. Past crediting rates are not indicative of future rates.

Certain events limited the ability of the Plan to transact at contract value with The Standard. Such events included the termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawals or transfer rules. Upon occurrence of any of these events, a payout adjustment would apply. The Plan administrator did not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, was probable.

The contract owner could terminate the contract at any time with 30 days advance written notice to The Standard. The Standard could terminate the contract with 30 days advance writing notice to the contract owner for reasonable cause, which included the contract owner's failure to abide by federal or state law, failure to maintain assets of at least \$25,000, Plan disqualification, and failure to adopt the Plan in a reasonable period of time. Upon termination by either party, the payout value would be subject to adjustment, either in a single lump sum payment or in installment payments.

NOTE 7: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were held primarily in mutual funds offered by The Standard, an affiliate of the third-party administrator of the Plan and the Plan paid certain related fees. As The Standard is an affiliate of the third-party administrator of the Plan, they were considered to be exempt party-in-interest transactions. Total fees paid to the Standard amounted to \$11,978 and \$23,473 for the period January 1, 2016 through April 30, 2016.
