Report on the Financial Statements

We have audited the accompanying financial statements of the International Brotherhood of Electrical Workers, Local Union No. 212, Pension Fund, which comprise the statements of net assets available for benefits and of accumulated plan benefits as of April 30, 2016 and 2015, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such

opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the International Brotherhood of Electrical Workers Local Union No. 212 Pension Fund as of April 30, 2016 and 2015 and the changes in its financial status for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary Schedule of Administrative Expenses and Summary of Assets, together referred to as "supplementary information," are presented for the purpose of additional analysis and are not a required part of the financial statements. Additionally, the supplementary Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The supplementary schedules of History of Contribution Rates and Historical Information marked "unaudited" have not been subjected to the auditing procedures applied in the audits of the financial statements. Accordingly, we do not express an opinion or provide any assurance on them.

NOTES TO FINANCIAL STATEMENTS

April 30, 2016 and 2015

**NOTE A - Description of the Pension Fund -**

The following brief description of the International Brotherhood of Electrical Workers, Local Union No. 212, Pension Fund ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

*General* - The Plan is a defined benefit plan providing retirement, disability, and death benefits to all eligible employees. The Plan was established June 1, 1965, under an agreement between the Contractors' Association and the International Brotherhood of Electrical Workers, Local Union No. 212 ("the Union") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and all amendments thereto. An Agreement and Declaration of Trust ("the Trust") have been executed between the employers and the Union and subscribed and accepted by the Board of Trustees ("the Trustees") under the terms of which a Trust Fund shall be established to receive and hold contributions payable by the employers under the Plan, interest and other income, and to pay the benefits provided under said Plan and the expenses of operation of the Plan.

*Participants' Accounts* - Under the Plan provisions, amounts are credited by the Plan to the participants' accounts. The current agreement provides, among other things, for employers of the Union members to contribute various amounts up to \$7.60 for each hour worked. These contributions are made to trust funds held for the sole benefit of Plan participants.

*Funding Policy* - The Plan's funding policy is based on the hourly contribution rates paid by employers for Plan participants. The contributions for 2016 and 2015 exceeded the minimum funding requirements of ERISA.

*Pension Benefits* - Benefits are determined based on the participant's account balance. The Plan provides retirement benefits to members who have accumulated five years of credited service. No partial accrual or a percentage of accrued retirement benefits is provided if credited service is less than five years. A participant's unvested account is forfeited after a minimum break in service.

*Death and Disability Benefits* - The designated beneficiary of an active member who dies before reaching retirement receives a death benefit equal to 100% of the contributions paid into the Plan on the member's behalf, if not vested or vested and married less than one year. If the member is vested and has been married more than one year, then the spouse will receive a benefit equal to the pension benefit payable to the participant as if they retired at age 55, or date of death, if later and had elected Joint and Two-Thirds Survivor Annuity. If the participant is under age 55, the spousal benefit will be reduced an additional 1/12 of 1% for each month that the benefits

commencement date precedes the first month following the participant's 55th birthday up to a maximum reduction of 120 months. Death benefits payable to the designated beneficiary of retired members are dependent on retirement benefits paid prior to death and the form of annuity selected.

**NOTE B - Summary of Significant Accounting Policies -**

(1) Administration of Plan Assets and Benefit Claims -

On March 1, 2013 Stewart C. Miller & Company, Inc. took over the administration of plan assets and payment of benefits. Plan expenses are paid by the Plan as provided by the Plan Document.

On July 1, 2016 Zenith American Solutions took over the administration of plan assets and payment of benefits.

(2) Basis of Accounting and Use of Estimates -

The accompanying financial statements are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

(3) Valuation of Investments and Income Recognition -

Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by its investment advisors and custodians. See Note E for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(4) Contractor and Reciprocity Contributions -

Contractor and reciprocity contributions received following the Plan year end, which are applicable to the current year, are recorded as a receivable. Based on management's analysis, no allowance for doubtful accounts is necessary.

(5) Employers' Withdrawal Liability -

The Plan complies with the provisions of the Multiemployer Pension Plan Amendments Act of 1980 that require imposition of a withdrawal liability on a contributing employer that partially or totally withdraws from the Plan. The Trustees adopted the statutory method set forth in ERISA Section 4211(b) to allocate potential employers' liabilities. Basically, a portion of the Plan's actuarially determined unfunded vested liability is allocated to a withdrawing employer in proportion to the employer's contributions in the 5 years before withdrawal compared to the total contributions from all employers during the same period. It is the Plan's policy to recognize collections of withdrawal liability as income from employers when received. For the years ended April 30, 2016 and 2015, the Plan received \$0 and \$1,618.17, respectively, as a result of the assessment of withdrawal liability.

(6) Payment of Benefits -

Benefit payments to participants are recorded upon distribution.

(7) New Accounting Pronouncements -

In May 2015, the FASB issued ASU No. 2015-07, *Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), Fair Value Measurement (Topic 820)*. For items required to be disclosed at fair value, ASC 820 requires categorization by level (see Note E), as well as information about transfers between Level 1 and Level 2. The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient and change certain of the related disclosure guidelines. The amendments are effective for fiscal years beginning after December 15, 2015, with earlier application being permitted, and should be applied retrospectively. The Plan has elected to early implement the provisions of ASU No. 2015-07 as of April 30, 2015.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient-Consensus of the Emerging Issues Task Force*. The amendments in the update are effective for fiscal years beginning after December

15, 2015, with earlier application being permitted, and should be applied retrospectively. The ASU is divided into three parts and amends employee benefit plan accounting and disclosure requirements for several areas, including the following:

- Disclosure of individual investments that represent 5 percent or more of net assets available for benefits is no longer required.
- Disclosure of the net appreciation or depreciation for investments by general type is no longer required.
- Investments (both participant-directed and nonparticipant-directed) of employee benefit plans are to be grouped only by general type (i.e. mutual funds, government securities, pooled separate accounts, common stocks, corporate bonds, self-directed brokerage accounts, etc.) and not further disaggregated by nature, characteristics and risk.
- If an investment is measured using the net asset value per share (or its equivalent) practical expedient in FASB ASC 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy is no longer required.
- Provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month end.

The Plan has elected to early implement the provisions of ASU No. 2015-12 as of April 30, 2015.

(8) Subsequent Events -

The Plan has evaluated all subsequent events through February 8, 2017, the date the financial statements were available to be issued.

**NOTE C - Actuarial Present Value of Accumulated Plan Benefits -**

Accumulated plan benefits are those future benefit payments attributable under the Plan's provisions related to service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to a) retired or terminated employees or their beneficiaries, b) beneficiaries of employees who have died and c) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits has been determined by an independent

actuary, and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the benefit information date and the expected payment dates. The effect of the Plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The significant actuarial assumptions used in determining accumulated plan benefits as of April 30, 2016 and 2015 are as follows:

A. Interest

a. Funding	2016	7.50%
	2015	7.50%

A gain/(loss) for a year equals the actual return minus the expected return using the funding interest rate. The actuarial value of assets is adjusted to be within 80% and 120% of the market value of assets.
K. <u>Changes Since Last Year</u>	The mortality, retirement, and termination rates were updated. The hours worked assumption and expense load were lowered. The current liability mortality and interest rates were changed as mandated by the IRS.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

**NOTE D - Plan Termination -**

In the event that the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS  
LOCAL UNION NO. 212  
PENSION FUND  
NOTES TO FINANCIAL STATEMENTS

April 30, 2016 and 2015

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years prior to the date of Plan termination or that employees eligible to retire during that three-year period would have been eligible to receive if they had retired with benefits in the normal form of an annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding the date of Plan termination.
2. Other vested benefits subject to guarantee by the Pension Benefit Guaranty Corporation (PBGC), a U.S. government agency, up to the applicable limitations.
3. All other non-forfeitable benefits (i.e. vested benefits not subject to guarantee by the PBGC).
4. All other nonvested benefits.

Certain benefits under the Plan are insured by PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

**NOTE E - Fair Value Measurements -**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded.

IBEW-NECA Equity Index Fund, The Trust Company of Toledo Real Estate Investment Trust No. 1, NewTower Trust Company Multi-Employer Property Trust, ASB Allegiance Real Estate Trust, AFL-CIO Building Investment Trust, NIS Core Fixed Income Fund, LLC, NIS High Yield Fund, LLC, and NIS Total Absolute Return Fund, LLC: Valued at the net asset value (NAV) per share without further adjustment. Net asset value is based on the fair value of the underlying instrument and is used as a practical expedient to estimate fair value.

For the years ended April 30, 2016 and 2015, there were no significant transfers into or out of Level 1, Level 2, or Level 3 investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30, 2016 and 2015.

(a) Real Estate Equity Trust No. 1 (REET): The Plan has an investment in a Real Estate Equity Trust, which is comprised of certain rental real estate in the Greater Cincinnati area. Other non-affiliated benefit plans are also minority investors in the Trust. The investment is stated at estimated fair value based on an independent appraisal of the real estate within twelve months of the Trust's year end. The Plan held a 30% net interest in the net assets of the Trust in both years. The Plan's investment in the Trust is not readily marketable. Should the Plan desire to liquidate its investment in REET, the time period over which the investment will be recovered is not known. Currently, the General Partner is not accepting any withdrawal requests. The investment in Real Estate Equity Trust No. 1 (limited partnership) is maintained by The Trust Company of Toledo, and a Form 5500 is not filed as a direct filing entity.

Each of the investments in IBEW-NECA Equity Index Fund, NewTower Trust Company Multi-Employer Property Trust, ASB Allegiance Real Estate Trust, AFL-CIO Building Investment Trust, NIS Core Fixed Income Fund, LLC, NIS High Yield Fund, LLC, and NIS Total Absolute Return Fund, LLC are maintained by entities that file a Form 5500 as a direct filing entity. As a result, the Plan has not disclosed the investments' significant investment strategies.

**NOTE F - Income Taxes -**

The Plan and Trust together obtained its latest determination letter on August 5, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2013.

**NOTE G - Concentration of Credit Risk -**

The Plan covers participants in the greater Cincinnati, Ohio geographical area and receives contributions primarily from employers in this area.

The Plan maintains its cash accounts in various financial institutions located in the Cincinnati area. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Management believes that its cash accounts are fully insured at April 30, 2016 and 2015.

**NOTE H - Plan Risks and Uncertainties -**

The Plan invests in a variety of investments. Investments in general are exposed to various risks such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that the changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

As of May 1, 2016 the Plan's actuary has certified to the U.S. Department of the Treasury of Internal Revenue Service and also to the Plan Sponsor ("Board of Trustees") that the Plan does not have a projected funding deficiency and its Pension Protection Act (PPA) funded percentage is greater than 80%. The Plan is not endangered, seriously endangered, critical, or critical and declining as defined by the PPA.

PNC Trust Services – May 2015  
408(b)(2) Disclosure Document

---

#### Introduction

This disclosure statement provides an overview of the investment, trust and administrative services provided by PNC Bank, National Association (PNC) and certain of its affiliates, and the fees and other compensation charged for or otherwise related to such services, attributable to your Plan's retention of PNC as Plan Trustee, Custodian and/or Investment Manager. It is designed to cover the information required by the Department of Labor's final regulation under Section 408(b)(2) of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Under ERISA, a plan sponsor or other fiduciary has a fiduciary responsibility to prudently select and monitor those hired to provide services to the plan and their related fees and compensation, to ensure, among other things, that the compensation received by the service provider is reasonable in light of the services provided. This Disclosure Document is designed to assist you in meeting that fiduciary responsibility.

Your Plan may receive services from other service providers, such as a third party administrator, investment consultants, investments managers and broker-dealers, which are outside the scope of this document. For information on those services and related fees and expenses, please refer to those service providers' separate 408(b)(2) disclosure documents or contact those service providers. Moreover, PNC or its affiliates may provide services to your Plan under separate arrangements not described herein. To the extent that your Plan receives services from PNC that are outside of the scope of the services covered by this Disclosure Document, please refer to the disclosure documents specifically relating to those services.

If you have any questions concerning this 408(b)(2) Disclosure Document or the information provided to you concerning our services and compensation, or need a copy of any of the referenced documents relevant to your arrangement with PNC Bank, please contact your PNC Bank Relationship Manager, as listed on your Plan's periodic statement.

#### PNC Trustee, Custodian and Investment Management Services and Fees

The following table describes PNC's trustee, custodian and investment management services and the direct fees charged for each level of those services (*i.e.*, those fees that would be paid directly by your Plan). Please note that if you have more than one trust account, each account may be in different arrangements. For details, please consult your Trust, Custodian or Investment Management Agreement or contact your PNC Bank Relationship Manager.

If your Plan participates in the *PNC Integrated Approach™ Subadvisor Program* (the "Subadvisor Program"), please see the discussion below.

#### Explanation of Status/Capacity

For arrangements where PNC serves as either Trustee or Investment Manager, PNC will act as a fiduciary under ERISA, to the extent contemplated pursuant to the terms and conditions of your applicable client agreement. PNC will not act as an ERISA fiduciary in its role as custodian. PNC, being a bank, is exempt from registration as an investment adviser under the federal Investment Advisers Act of 1940 and state law.

For arrangements where PNC serves as either discretionary Trustee or Investment Manager, PNC may utilize the advisory services of its affiliate, PNC Capital Advisors, LLC (PCA), a federally registered investment adviser. Under such circumstances, both PNC and PCA will each be acting as a fiduciary under ERISA.

PNC Trust Services – May 2015

Indirect Compensation

This table describes potential sources of “indirect compensation” – i.e., those fees or other compensation that may be received by PNC from parties other than your Plan, the Plan sponsor or PNC’s affiliates – that PNC may receive in connection with its provision of services under the trust, custodian and investment management arrangements listed above.

Type of Compensation	Relevant Arrangements	Description	Notes
Float Revenue	All	PNC maintains omnibus accounts, i.e., in the form of a demand deposit and/or time deposit account, to facilitate the transactions of employee benefit accounts.   Incoming contributions are received into PNC’s related omnibus Demand Deposit Account (DDA) accounts by wire, ACH, check deposit or transfer from a Plan’s PNC DDA.   All distributions including benefit payments, lump sum distributions and loan disbursements, paid by check from plan accounts are drawn on an omnibus account. The “float period” commences on payable date and ends when the check is presented for payment. Checks are mailed to the payee no later than the business day following payable date. To minimize the duration of the float period, PNC provides the Plan Administrator with reports identifying outstanding checks on a quarterly basis. In addition, if a participant/beneficiary check is not presented for payment within 60 days, PNC distributes a notice to the payee inquiring as to the status of the uncashed check. Distributions by direct deposit do not result in a float period.	PNC retains float revenue as additional compensation for providing trust, custodian and investment management services.

Type of Compensation	Relevant Arrangements	Description	Notes
		PNC anticipates benefiting from the use of the balances held in omnibus accounts during the float period at a rate that approximates the Fed Funds rate in effect at such time or times.	
Non-Proprietary Mutual Funds	All	Where PNC acts as custodian or directed trustee and the Plan invests in shares of mutual funds that are not advised by a PNC affiliate, PNC (or its affiliate) may receive and retain as additional compensation shareholder servicing payments from such funds.  Where PNC acts as discretionary trustee or investment manager, it does not retain these payments.	For more information regarding the services provided and the fees paid by the funds, please consult the <i>PNC Affiliated Compensation Disclosure Grid</i> and the mutual fund's <i>Prospectus</i> and <i>Statement of Additional Information</i> .
PNC Funds and PNC Advantage Funds (collectively, "PNC Funds")	All	Where assets of the Plan are invested in shares of the PNC Funds, which are mutual funds advised and managed by PCA, PNC (or its affiliate) may receive advisory and other types of fees from such funds for services provided thereto. Unless and as otherwise provided for in the Plan's agreement or Fee Letter with PNC, fees paid by the funds to PNC may constitute additional compensation for PNC (and its affiliates).	For more information regarding the fees paid by the funds, please consult the <i>PNC Funds and PNC Advantage Funds Fee Table</i> , the mutual fund's <i>Prospectus</i> and <i>Statement of Additional Information</i> and your agreement and Fee Letter with PNC.
BlackRock Funds, BlackRock Funds II, BlackRock Liquidity Funds, and certain other mutual funds advised by BlackRock Advisors, LLC or its affiliates (collectively,	All	Where assets of the Plan are invested in shares of the BlackRock Funds, which are mutual funds advised and managed by BlackRock, PNC receives certain compensation/benefits through its partial ownership of BlackRock. PNC indirectly owns less than 25% of the investment advisor to the BlackRock Mutual Funds.	For more information regarding these fees, please consult the <i>BlackRock Mutual Funds Fee Tables</i> , the fund's <i>Prospectus</i> and <i>Statement of Additional Information</i> and your agreement and Fee Letter with PNC.

"BlackRock Funds")			
PNC Stable Value Fund (formerly, the PNC Investment Contract Fund)	All	The PNC Stable Value Fund is a collective investment fund maintained by PNC and subadvised by BlackRock. For Plans that invest in units of the fund, PNC's direct compensation discussed above includes all of the compensation that PNC (and its affiliates) earn or receive for managing and administering the fund. For more information regarding such fees and your Plan's fee arrangements with PNC, please refer to the fee schedule applicable to the Plan's agreement with PNC.   For more information regarding this Fund, please see the discussion of the "PNC Stable Value Fund," below.	For more information regarding these fees, please consult the <i>Stable Value Fund Fact Sheet</i> and your agreement and Fee Letter with PNC.
Soft Dollar Benefits Received by PNC	In arrangements where PNC acts as either an investment manager or discretionary trustee	Where the Plan receives discretionary advisory services from either PNC or PCA (each, an "Adviser"), the Adviser may have received research products or services in connection with securities trades placed by the Adviser on behalf of the plan through so-called "soft dollar" arrangements.	For more information regarding Soft Dollars, please consult the soft dollar disclosure documents contained herein, " <i>PNC Capital Advisors, LLC Soft Dollar Disclosure</i> " and/or " <i>PNC Bank, National Association Soft Dollar Disclosure</i> " and, where applicable, PCA's Form ADV, Part 2A, Item 12. Proxy Delivery Services	All	PNC, acting as a financial intermediary, has certain obligations to forward proxy materials to its clients, which are provided by issuer of the securities in which such clients maintain investments. The issuers of these securities compensate PNC for the cost of the delivery of these materials.	PNC has engaged, at PNC's expense, a service provider to help facilitate the delivery of these materials. PNC does not expect the amount of the compensation received from the issuers to materially differentiate from the service provider's cost of delivering such materials. Nevertheless, in the event that the compensation received from the issuers exceeds the cost of delivering such materials, the aggregate value of such excess will not exceed one-tenth of one basis point (0.001%) of total customer assets under management.

Type of Compensation	Relevant Arrangements	Description	Notes
Conferences and Training provided to PNC and its affiliates by certain third-parties	All	From time to time, PNC (and its affiliates) may receive marketing and training support payments, conference subsidies, and other types of financial and non-financial compensation and incentives from broker-dealers, fund companies, certain service providers and other vendors to support the sale of their products and services to our clients, including our ERISA Plan clients.	Based on our historical experience, the aggregate value of these payments to PNC (and its affiliates) in any particular year has represented less than 1/2 of one basis point (0.005%) of total customer assets that may be used to procure vendors' products and services. Note that the level of vendor support is not dependent or related to the level of assets invested by your Plan or any other of our clients in or with the products or services of the particular vendor.  For a list of those vendors, please contact your PNC Bank Relationship Manager.
Receipt of gifts, gratuities and non-monetary compensation by PNC and its affiliates	All	From time to time, third-party vendors (such as, mutual fund companies, broker-dealers, etc.) may provide PNC (and its affiliates) with non-monetary gifts and gratuities, such as promotional items (i.e., coffee mugs, calendars or gift baskets), meals and access to certain industry related conferences (collectively, "gifts"). PNC has implemented policies and procedures intended to identify, quantify and track gifts received by it and its affiliates. Pursuant to rules established by the Department of Labor, PNC has implemented a policy for allocating the value of a gift among multiple clients, where applicable. Under such policy, where potentially reportable compensation is received by PNC (including its affiliates) in connection with several clients, PNC will first divide the fair market value of such gift by the number of individual clients to which such gift is reasonably applicable and then allocate the result to each affected client to determine if it exceeds the <i>de minimis</i> threshold under the	Based on historic trends, PNC does not expect to receive gifts in excess of the <i>de minimis</i> threshold under the regulations with respect to your Plan.

		Section 408(b)(2) regulation and related and associated guidance.	

**Termination Fee**

There is no additional fee charged upon termination of a trust, custody or investment management arrangement or the related agreement.

**Recordkeeping Services Required Disclosure.**

The common understanding of the term “recordkeeping services” is that it covers the keeping of comprehensive records for the individual participant accounts within the Plan, including all contribution, investment and distribution activity, beneficiary information, and vested status. PNC, through its Trust Services, does not provide recordkeeping services as so defined to your Plan – that would be the role of a separate provider, such as a third party administrator.

**PCA Sub-Advisory Services**

As discussed above, where PNC provides discretionary advisory services it may rely on PCA to act as subadvisor. In those cases, PCA is compensated for its services by PNC and not directly by the Plan. Pursuant to an agreement between PNC and PCA, PCA is generally entitled to an asset-based fee based on the investment strategy being implemented. In providing such discretionary advisory services, both PNC and PCA act as ERISA fiduciaries, and PCA provides its services as an SEC-registered investment adviser. Except for the items of indirect compensation discussed above, PCA does not receive any other indirect compensation with respect to the services it provides under these arrangements. For more information about PCA and its advisory services, please refer to PCA’s Form ADV at: <http://pnccapitaladvisors.com/resources/literature/fs>.

**PNC Stable Value Fund (formerly, the PNC Investment Contract Fund)**

As discussed above, PNC maintains and acts as Trustee to this Fund. In maintaining this Fund, PNC Bank relies on BlackRock to provide certain subadvisory services. BlackRock’s annual subadvisory fee of 0.14% of fund assets is paid from PNC’s Trustee Fees and not directly out of the assets of the Fund. In providing their respective services to the Fund, both PNC and BlackRock act as ERISA fiduciaries, and BlackRock provides its services as an SEC-registered investment adviser. BlackRock does not receive any other indirect compensation with respect to the services it provides the Fund. For more information about the Fund, PNC’s fees and the Fund’s annual expense ratio, please refer to your Plan’s Fee Letter, the *PNC Stable Value Fact Sheet*, and the Fund’s Declaration of Trust and Participation Agreement.

**PNC Integrated Approach™ Subadvisor Program**

The Subadvisor Program is a managed account service under which PNC may obtain the services of one or more investment managers and certain brokerage services on behalf of the Plan. This service may be used in conjunction with PNC’s discretionary trustee and investment management services, as discussed above. PNC acts as an ERISA fiduciary in providing the investment advisory service contemplated under the Subadvisory Program. For a complete description of this service, please refer to the *PNC Integrated Approach™ Subadvisor Program Description* document (the “Brochure”), which discusses the ranges of services to be provided, applicable fees and compensation and the reliance on certain other service providers in providing certain administrative and brokerage

services. Plans participating in the Subadvisory Program will be charged an Investment Management Fee applicable to each subadvisor that is unaffiliated with PNC utilized by the Plan, and, in addition, may be charged a Service Fee or trade execution costs. Neither PNC nor its affiliates charge the Plan an additional investment management fee for the use of a PNC affiliated investment adviser. For more information regarding applicable fees, please review the "General" and "Fees" sections of the Brochure, in addition to Appendixes A and B thereto. The Plan can terminate participation in the Subadvisor Program at any time, without charge. For more information regarding Subadvisor Program termination or the termination of the service of a particular subadvisor, refer to the "Termination" section of the Brochure. For more information regarding the services and compensation of the individual subadvisors being utilized by the Plan through the Subadvisor Program, contact your PNC Bank Representative to request a copy of such subadvisor's Form ADV (Part II) or 408(b)(2) Disclosure Documents.

**PNC Integrated Approach™ Manager Model Solution**

For Plans investing through a Tactical Allocation Portfolio ("TAP"), PNC may utilize model portfolios provided by one or more model managers. TAP may be used in conjunction with PNC's discretionary trustee and investment management services, as discussed above. PNC acts as an ERISA fiduciary in managing TAP on the basis of the model portfolio provided by a model manager. Where a model portfolio is utilized, the Plan will be charged an additional fee for the use of such model. This fee is collected by PNC and paid over to the model manager. For more information regarding the fees that PNC pays to the model managers, please refer to the *PNC Integrated Approach™ Manager Model Solution* document contained herein. If you require additional information regarding a model manager or its strategy, please contact your PNC Bank Representative to request a copy of such model manager's Form ADV (Part II) or supplemental disclosure documents.

**Payments to Third-Parties**

Where PNC acts as trustee or custodian to your Plan, you may direct us to make payments to certain third-party service providers (such as consultants, brokers, dealers, investment managers, etc.). In such circumstances, you will be responsible for ensuring that you have received any required disclosures, including disclosures regarding compensation regarding such third-party payments, including as may be required under ERISA Section 408(b)(2).

**PNC Treasury Management Services**

Where PNC provides your Plan with traditional banking (*i.e.*, depository wire transfer, account reconciliation and certain online services) and sweep services through its Treasury Management unit, please refer to the *PNC Bank, N. A. Treasury Management Services (Traditional Banking)* and *PNC Bank, N. A. Treasury Management Services (Sweep Services)* disclosures documents, respectively.

(A) Agreement with PNC Capital Advisors, LLC (the "Advisor") (gross fees exclude the effect of advisory fee waivers required to maintain contractual net operating expense limits (where applicable) and voluntary advisory fee waivers (where applicable)). Funds with voluntary yield-based or contractual net operating expense limit based fee waivers will experience daily waiver amount fluctuations.  
(B) Pursuant to expense limitation agreements between the Advisor and applicable Funds, the Advisor has contractually agreed to waive its management fee and reimburse or pay certain operating expenses for each applicable Fund to the extent necessary so that a Fund's or Class' total annual operating expenses do not exceed percentages of average daily net assets set forth in the table above. The expense limitation agreement for the Funds listed above continues through September 27, 2016, at which time the Advisor will determine whether to renew, revise or discontinue it. Additionally, each applicable Fund may be obligated to pay the Advisor all amounts previously waived or reimbursed by the Advisor ("recoupment payments") pursuant to the expense limitation agreements, provided that the amount of such recoupment payments in any year, together with all other expenses of the Fund or Class, in the aggregate, would not cause the Class' total annual operating expenses to exceed the amounts set forth in the tables above and provided further that no additional payments by the Fund will be made with respect to amounts paid, waived or reimbursed by the Advisor. ## Credit Quality Breakdown (based on market value)

## Commentary

The PNC Stable Value Fund market-to-book ratio ended the fourth quarter at 100.68%, down from 101.51% at the close of the previous quarter. The Barclays US Aggregate Index, the most commonly referenced index for quoting the strength (or weakness) of the broad fixed income markets, returned 0.02%, -0.26%, and -0.32% in October, November, and December, respectively. As of December 31, 2015 the Fund was crediting a rate of 1.56%, which stayed relatively flat compared to the close of the previous quarter at 1.55%.

The Fund maintains an allocation of 24.2% to cash and equivalents (Fidelity Institutional Money Market Fund), 24.6% to the PNC/Blackrock Synthetic GIC II (Barclays Capital Government/Credit 1-5 Year strategy wrapped by MetLife), and 51.2% to the PNC/Blackrock Synthetic GIC I (Barclays Capital Government/Credit 1-5 Year strategy wrapped by Transamerica).

The Fund looks to take advantage of opportunities across spread sectors. During the fourth quarter, the Fund reduced exposure to ABS, CMBS, Agencies, and Treasuries. Quarter over quarter, the Fund increased exposure to RMBS, Corporates, and Money Market. The Fund maintains a high quality bias with an overall credit quality of AA-. Approximately 88% of the Fund is invested in Government and US Agency issues, cash and securities rated A or higher.

## Investment Risks

- Because the income earned on the Fund's portfolio at any given date will reflect the rate borne by investments purchased over several years, the yield of the fund will vary from current market rates of interest. During any period in which there are net purchases of units, the fund must invest the proceeds at prevailing market yields or hold cash equivalents. If the fund holds cash equivalents, or if the yield of the securities purchased is less than that of the securities already in the portfolio, the fund's yield will likely decrease. Conversely, net purchases during any period in which short-term yields rise will cause the fund's yield to increase. The larger the amount that must be invested or the greater the difference between the yield of the securities purchased and the yield of the existing investment, the greater the impact will be on the yield of the fund. The fund retains the discretion to close to new investments and/or investors in certain circumstances. However, the fund is not required to close, and no assurance can be given that this will be done in any given circumstance. Accordingly, there is no guarantee that the fund will provide a certain level of income or that any such income will exceed the rate of inflation.
- It is possible that the issuer of an investment will default by failing to pay interest or principal when due.
- A substantial part of the fund's investments may be issued or wrapped by insurance companies. As a result, the fund will be more susceptible to any economic, business, political or other developments that generally affect insurance companies.

PNC is a registered service mark of The PNC Financial Services Group, Inc. The PNC Stable Value Fund (the "Fund") is a collective investment fund of which PNC Bank, National Association is the trustee. Participation interests in the Fund are not bank deposits and are not insured by, issued by, guaranteed by, endorsed by, or obligations of the FDIC, the Federal Reserve Board, or any governmental agency. The PNC Financial Services Group, Inc. or its affiliates, or any bank. Such participation interests involve investment risks, including possible loss of the principal amount invested. The Fund is available only to tax-qualified or governmental defined contribution plans for which PNC Bank, National Association, serves as trustee, agent, or custodian.

PNC Bank, National Association has registered as exempt from the definition of "commodity pool operator" under the Commodity Exchange Act in connection with the Fund, and therefore is not subject to registration or regulation as a commodity pool operator under the Commodity Exchange Act in connection with the fund.

PNC Bank, National Association has adopted a policy to prohibit market timing within the Fund. A participant or plan sponsor who sells participation interests in the Fund, either through redemption or exchange, may not be permitted to acquire participation interests in the Fund for 100 days. Exceptions to this policy may be made for:

- regular investment allocations through payroll deductions;
- plan fund replacements, deconversions, or mergers/acquisitions; or
- liquidations due to fund or plan termination.

Participants and plan sponsors identified as engaging in frequent market timing activity will be notified to cease from such trading activity. Participants and plan sponsors who continue to engage in market timing activities after they have received notice of an initial violation may be subject to additional sanctions, including but not limited to:

- imposition of redemption fees;
- temporary or permanent suspension of the ability to invest in the Fund; and
- the curtailment of certain trading privileges.

PNC does not permit late trading. PNC has programmed its applicable systems so that any trades placed after the cut-off time for the Funds will take place on the next valuation date of the Funds. All daily valued Funds have a cut-off of 4:00 PM (Eastern Time).

If you would like a further explanation of PNC's market timing or late trading policies and procedures, please contact PNC at 800-374-4631.

Effective as of January 1, 2015, participants in the PNC Stable Value Fund generally shall be precluded from transferring assets from the PNC Stable Value Fund to a competing investment. Any monies moved out of the PNC Stable Value Fund must first be transferred to into another, non-competing investment fund or funds for a period of 90 days. After 90 days, participants may transfer the monies from that intermediary fund into the competing investment. This sequence of transactions is commonly referred to as the "equity wash rule". In addition, participants may be operationally restricted from transferring monies to the PNC Stable Value Fund from a competing investment. For more information regarding the equity wash rule, the operational restrictions, and competing investments, please call a Customer Service representative at 1-800-374-4631.

PNC Capital Advisors, LLC  
Soft Dollar Disclosure Document  
Form 5500 Schedule C Reporting and ERISA Section 408(b)(2)  
(March 2016)

During calendar year 2015, PNC Capital Advisors, LLC (the "Adviser") received research products and services in connection with securities traded on behalf of its clients through "soft dollar" arrangements. If you have any questions about this disclosure, please contact your PNC Relationship Manager or Investment Officer.

**Description of research providers or services/reason for receipt of such research products or services.** The Adviser acquires research products and services from broker-dealers in connection with brokerage transactions entered into on behalf of the Adviser's clients, which includes ERISA plan clients. The Adviser's use of client brokerage to acquire research products and services is intended to qualify for the safe harbor provided by Section 28(e) of the Securities Exchange Act of 1934.

The research products and services received by the Adviser include both third-party research (in which the broker-dealer provides research products or services prepared by a third-party) and proprietary research (in which the research products or services provided are prepared by the broker-dealer providing them).

- **Third-Party Research.** The Adviser has arrangements with brokerage firms who agree to provide, in addition to execution services, research products and/or services provided by third-parties (collectively, "Third-Party Research"), in exchange for commissions generated via client brokerage transactions. Such research products and services are paid for by commissions generated from security purchase and sale transactions in client accounts (or "soft dollars"). The types of Third-Party Research that the Adviser may receive include: research reports; market and statistical information; research-oriented computer software and services; compilations of securities prices, earnings, dividends and similar data; quotation services; and services related to economic and other consulting services.
- **Proprietary Research.** Certain full service broker-dealers provide both trade execution services and internally created research products and services (collectively, "Proprietary Research"). The types of Proprietary Research that the Adviser may receive include: tangible research products (such as research reports and publications); investment ideas; access to the brokers' traders and analysts; analyses and reports concerning issuers, industries, securities, economic factors and trends, portfolio strategy; and access to management of companies with which the broker has a relationship.

**Formula used to determine or value research products or services received or description of eligibility conditions.** The Adviser becomes eligible to receive Third-Party and Proprietary Research by allocating client trades to those broker-dealers who agree to both execute such trades and either provides the Adviser with Third-Party or Proprietary Research, as the case may be.

- **The Cost of Third-Party Research.** The Adviser knows the amount of total client commissions that are directed to specific broker-dealers to obtain Third-Party Research. However, the Adviser lacks information about what specific transactions and related commissions were used by the broker-dealer to pay the third-party research providers, or the timing of such payments. Accordingly, amounts made available by the broker-dealers for the purpose of obtaining Third-Party Research for the benefit of the Adviser, as provided for below, are based on the rate of commissions charged by the broker-dealer. As a general matter, the Adviser estimates that for calendar year 2015 when using a broker-dealer that provides soft dollar credits that can be used for the acquisition of Third-Party Research, approximately one-quarter of the commission cost was allocated to pay for execution services, with the remaining three-quarters allocated to pay for the Third-Party Research.

PNC Capital Advisors, LLC

(March 2016)

For calendar year 2015, the additional amounts made available for payment to third-party research providers for the purpose of providing the Adviser with Third-Party Research was as follows:

Brokers who provided access to Third Party Research for the Benefit of the Adviser	Additional Amounts made available for obtaining Third-Party Research for the period 1/1/2015-12/31/2015
Bank of America	456,372
Convergex	384,300
ITG	114,169
<b>Totals</b>	<b>\$954,841</b>

This table represents amounts made available, for the period, by the applicable broker-dealer for the purpose of obtaining Third-Party Research, which may under certain circumstances include Proprietary Research, with respect to commissions paid by all of the Adviser's advisory clients.

- **The Cost of Proprietary Research.** Client paid commissions allocated by the Adviser to certain full-service broker-dealers entitle the Adviser to receive Proprietary Research from the broker-dealer. Bundled into the commission charged to the client are the costs for execution services and the provision of the Proprietary Research. As the broker-dealer does not provide the Adviser with information regarding what portion of a client's total commission paid is allocable to pay for the Proprietary Research, the Adviser can only estimate this cost. As a general matter, the Adviser estimates that for calendar year 2015 when using a full-service broker-dealer to execute a trade, approximately one-quarter of the commission cost was allocated to pay for execution services, with the remaining three-quarters allocated to pay for the Proprietary Research.

Below is a list of the full service broker-dealers (based on total client commissions allocated to them by the Adviser) that provided trade execution services and access to Proprietary Research during calendar year 2015, for which the Adviser received only Proprietary Research.

The types of Third-Party Research that the Bank may receive include: research reports; market and statistical information; research-oriented computer software and services; compilations of securities prices, earnings, dividends and similar data; quotation services; and services related to economic and other consulting services.
- **Proprietary Research.** Certain full service broker-dealers provide both trade execution services and internally created research products and services (collectively, "Proprietary Research"). The types of Proprietary Research that the Bank may receive include: tangible research products (such as research reports and publications); investment ideas; access to the brokers' traders and analysts; analyses and reports concerning issuers, industries, securities, economic factors and trends, portfolio strategy; and access to management of companies with which the broker has a relationship.

**Formula used to determine or value research products or services received or description of eligibility conditions.** The Bank becomes eligible to receive Third-Party and Proprietary Research by allocating client trades to those broker-dealers who agree to both execute such trades and either provides the Bank with Third-Party or Proprietary Research, as the case may be.

- **The Cost of Third-Party Research.** The Bank knows the amount of total client commissions that are directed to specific broker-dealers to obtain Third-Party Research. However, the Bank lacks information about what specific transactions and related commissions were used by the broker-dealer to pay the third-party research providers, or the timing of such payments. Accordingly, amounts made available by the broker-dealers for the purpose of obtaining Third-Party Research for the benefit of the Bank, as provided for below, are based on the rate of commissions charged by the broker-dealer. As a general matter, the Bank estimates that for calendar year 2015 when using a broker-dealer that provides soft dollar credits that can be used for the acquisition of Third-Party Research, approximately one-quarter of the commission cost was allocated to pay for execution services, with the remaining three-quarters allocated to pay for the Third-Party Research.

**Form 5500 Schedule C Reporting and ERISA Section 408(b)(2)**  
**(March 2016)**

For calendar year 2015, the additional amounts made available for payment to third-party research providers for the purpose of providing the Bank with Third-Party Research was as follows:

Brokers who provided access to Third Party Research for the Benefit of the Bank	Additional Amounts made available for obtaining Third-Party Research for the period 1/1/2015 - 12/31/2015
Convergex/Westminster	\$ 1,999,684
Instinet	1,669,829
Janney Montgomery, Scott	132,821
JPMorgan Securities, Inc	1,243,479
SIDCO/Convergex/ITG	948,498
<b>Totals</b>	<b>\$ 5,994,311</b>

This table represents amounts made available, for the period, by the applicable broker-dealer for the purpose of obtaining Third-Party Research, which may under certain circumstances include Proprietary Research, with respect to commissions paid by all of the Bank's advisory clients.

- **The Cost of Proprietary Research.** Client paid commissions allocated by the Bank to certain full-service broker-dealers entitle the Bank to receive Proprietary Research from the broker-dealer. Bundled into the commission charged to the client are the costs for execution services and the provision of the Proprietary Research. As the broker-dealer does not provide the Bank with information regarding what portion of a client's total commission paid is allocable to pay for the Proprietary Research, the Bank can only estimate this cost. As a general matter, the Bank estimates that for calendar year 2015 when using a full-service broker-dealer to execute a trade, approximately one-quarter of the commission cost was allocated to pay for execution services, with the remaining three-quarters allocated to pay for the Proprietary Research.

Below is a list of the full service broker-dealers (based on total client commissions allocated to them by the Bank) that provided trade execution services and access to Proprietary Research during calendar year 2015, for which the Bank received only Proprietary Research.

Proprietary Research Providers	Commissions paid attributable to obtaining Propriety Research for the period 1/1/2015 – 12/31/2015
Barclays Capital Inc	\$ 27,379
Citigroup Global Markets Inc	50,888
ISI Group Inc	211,777

Manager Model Schedule of Fees**

# Managed Accounts Schedule of Fees

Effective April 14, 2016

**Managed Account Fees:** Managed Account Fees paid by clients depend upon the investment options selected within their account and are calculated, where applicable, as a percentage of the total market value on the last business day of the quarter of the assets assigned to an investment option within the managed account. Managed Account Fees are in addition to the PNC account level fees listed on any other PNC fee schedule that is applicable to your account.

(*) Indicates PNC has trade discretion.

**PNC Affiliate-Serviced Mutual Funds and Other Investments:** PNC and its affiliates may also receive compensation from a mutual fund company or other financial services provider for services to a fund in which a portion of your account may be invested by a subadvisor or by PNC using an investment manager model. To the extent permitted by applicable law, this compensation is in addition to the account level fee compensation and is set forth in a separate disclosure grid available from PNC.

Mutual fund shares are not deposits or obligations of, or guaranteed or endorsed by, any bank, and are not insured by the Federal Deposit Insurance Corporation, the Federal Reserve board or any other agency. An investment in mutual funds involves risks, including the possible loss of principal. Investments in money market mutual funds are neither insured nor guaranteed by the U.S. Government and there can be no assurance that a money market fund will be able to maintain a stable \$1.00 net asset value. The compensation earned by PNC Bank and its affiliates from mutual fund investments is calculated as a percentage of the daily amounts invested in such mutual funds.

**Additional Information:** Managed Account Fees will be paid in advance or in arrears, depending on the investment option selected, based on the market value of the investment option selected in the Managed Account as of the last business day of the calendar quarter.

The PNC Managed Accounts Schedule of Fees is subject to change without notice, and any future increases or decreases shall be applied to all accounts subject of these rates. This fee schedule includes a description of services for convenience of reference only. The terms of your accounts are included in the applicable governing instruments.

The PNC Financial Services Group, Inc. **Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
