REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
Ohio Carpenters' Annuity Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Ohio Carpenters' Annuity Plan (the Plan), which comprise the statements of net assets available for benefits as of April 30, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits of Ohio Carpenters' Annuity Plan as of April 30, 2016 and 2015, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, during the year ended April 30, 2016, the Plan adopted new accounting guidance that eliminates the requirements to disclose individual investments which comprise 5% or more of total net assets available for benefits, the net appreciation or depreciation in fair value by type, and the disaggregation of investments that are measured using fair value by nature, characteristics and risks. Our opinion is not modified with respect to this matter.

OHIO CARPENTERS' ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

APRIL 30, 2016 AND 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements of Ohio Carpenters' Annuity Plan (the Plan) have been prepared using the accrual basis of accounting.

New Accounting Pronouncement - The Plan adopted applicable provisions of ASU 2015-12, *Plan Accounting - Plan Investment Disclosures*. Upon adoption of the standard, plans are no longer required to disclose individual investments that represent 5% or more of net assets available for benefits or disclose net appreciation or depreciation for investments by general type. The provisions require plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. This guidance is effective for the Plan year ending April 30, 2017, with early adoption permitted. The Plan has elected to early adopt applicable provisions of the new guidance effective April 30, 2016, and have applied them retrospectively. The adoption of this guidance did not have a material impact on the Plan's financial statements.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Contributions Receivable - Employer contributions due and not paid prior to year end are recorded as contributions receivable and include amounts for liquidated damages and underpayments. Employer contributions due as determined by payroll compliance audits are recorded as income when collected. An allowance for uncollectible accounts is considered unnecessary and is not provided.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either April 30, 2016 or 2015.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expense Offset Arrangements - Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments. The Plan pays directly any other fees related to the Plan's operations.

Service Revenue Reimbursements - The Plan receives reimbursement of service revenue fees paid to John Hancock Retirement Plan Services LLC (John Hancock) or its affiliates under contracts with investment option issuers. John Hancock will reimburse up to \$650,000 per year for payment of Plan operating expenses. Reimbursements received for each of the years ended April 30, 2016 and 2015 were \$650,000.

Plan Administration Costs - Any participant with an account balance is charged a \$5 quarterly fee for recordkeeping and administration costs. In addition, a participant will be charged an annual fee of \$75 if deemed inactive.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through December 15, 2016, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

The Plan was established May 1, 1994 as a result of collective bargaining agreements between the Northeast Ohio District Council of Carpenters, the South Central Ohio District Council of Carpenters and the Construction Employers Association of Cleveland to provide retirement benefits for eligible participants. The Plan is financed entirely by employer contributions as specified in the collective bargaining agreements. Participant contributions are not permitted under the Plan. The Plan is a multiemployer defined contribution retirement plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the plan are not insured by the Pension Benefit Guaranty Corporation.

Each participant's account is credited with the contributions made on his or her behalf and allocations of the Plan's net earnings and charged with administrative fees. Allocations are based on Plan earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the benefit that can be provided from their account.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Contributions to the Plan are invested as directed by the participant in one or more of the custom investment options established by the Plan. If a participant decides not to participate in self-directed investing, contributions will be invested in a Qualified Default Investment Alternative Fund chosen by the Trustees. Participants must evaluate their own investment goals and objectives and choose the funds best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their balances to be lower than the amounts contributed on their behalf.

Under the current provisions of the Plan, each participant's account becomes vested after two years of credited service. The Plan defines a year of service as a year during which a participant completes 200 hours or more of service. Participants 55 years of age or older are exempted from the two year vesting requirement.

Upon death, disability, retirement, or separation from service for more than twelve consecutive months, participants and their beneficiaries are entitled to receive their account balance subject to the payment provisions of the Plan. Benefits may be paid either in quarterly cash installment payments over a specified period not to exceed 10 years, or in a lump-sum payment.

Participants who are not yet vested will forfeit their account balance as of the date on which a one-year break in service is incurred. A "one-year break in service" is generally any Plan year during which a participant earns less than 200 hours of service. Participants who become reemployed under the applicable collective bargaining agreement before incurring five consecutive one-year breaks in service have their previously forfeited balance restored to them. Forfeitures are generally used to defray the administrative expenses of the Plan. Net assets available for benefits included forfeited account balances at April 30, 2016 and 2015 of \$5,897 and \$7,780 respectively.

Participants should refer to the summary plan description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of participants and their beneficiaries, except that provision may be made for the payment of necessary expenses resulting from termination of the Plan.

In the event of termination, all participants will become 100% vested and the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter, dated September 28, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan files Form 5500, *Annual Return/Report of Employee Benefit Plan*. The Plan's returns are subject to examination by the Internal Revenue Service until the applicable statute of limitations expires.

NOTE 5. FUNDING POLICY

The participating employers contribute such amounts as are specified in the collective bargaining agreements, which vary depending on the geographic area as well as type of work performed. The hourly contribution rates for the years ended April 30, 2016 and 2015 ranged from \$.10 to \$5.00.

Employer contributions are net of payments of \$723,004 and \$742,504 for the years ended April 30, 2016 and 2015, respectively, for reciprocal contributions paid to other defined contribution retirement plans for work performed by their participants in the jurisdiction of the Indiana/Kentucky/Ohio Regional Council Carpenters.

NOTE 6. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of April 30, 2016 and 2015. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. At April 30, 2016 and 2015, the Plan held no assets at fair value classified within Level 3.

NOTE 6. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Level 2 Measurements

The fair value of the common and collective trust is based on the net asset value per share by reference to the underlying assets, which consist primarily of marketable equity securities. Units held may be issued and redeemed without written notice, on a daily basis, at the net asset value as determined at the close of business every day.

Short-term investment funds are valued at cost, which approximates their fair value.

NOTE 7. RELATED ORGANIZATIONS

The Plan shares certain common governance with several related tax-exempt organizations, which include a defined benefit pension plan, a defined benefit health and welfare plan, a regional council and a service corporation.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

John Hancock Retirement Plan Services LLC (John Hancock) and its affiliates are responsible for participant recordkeeping and distributions to Plan participants at the direction of the Board of Trustees. John Hancock is a trustee of the Plan's investment assets and maintains custody of a majority of Plan assets.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
Ohio Carpenters' Annuity Plan

We have audited the financial statements of Ohio Carpenters' Annuity Plan as of and for the years ended April 30, 2016 and 2015 and our report thereon dated December 15, 2016 which expressed an unmodified opinion on those financial statements, appears on Page 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedules 1 and 2 are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
