Notes to Financial Statements

1. Description of Plan

The following description of the MicroTech, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of Microtech, LLC (the "Company") who were age twenty-one or older. The Retirement Committee of the Board of Directors of the Company controlled and managed the operation and administration of the Plan. Principal Life Insurance Company and Principal Trust Company (collectively Principal) served as the custodians of the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants could contribute compensation, as defined in the plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan included an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate or elected to contribute another amount. Automatically enrolled participants had their deferral rate set at 6 percent of eligible compensation and increased by 1% of compensation each year, up to a maximum of 10% and their contributions invested in a designated balanced fund until changed by the participant. The Company contributed 50 percent of the first 3 percent of compensation that a participant contributes to the Plan.

Investment options

Participants directed the investment of their accounts into various investment options offered by the Plan. The Plan offered mutual funds, pooled separate accounts, and a guaranteed investment contract as options for participants.

Participant accounts

Each participant's account was credited with the participant's contribution and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant was 100 percent vested after three years of credited service.

Notes receivable from participants

Participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At April 18, 2016, outstanding loans bore interest rates ranging from 5.25% to 5.75%. Principal and interest were paid ratably through payroll deductions.

Payment of benefits

On termination of service for any reason, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals were permitted in the event of disability or attainment of the age of 59.5 from all sources to the extent vested. Withdrawals were permitted upon demonstration of financial hardship, however, such withdrawals were limited to the balance of the Participant's elective deferral contributions and earnings thereon.

Forfeitures

Forfeited nonvested accounts totaled $12,679 at December 31, 2015. These accounts could be used to reduce future Company contributions. During 2016, forfeitures of $134 were used to reduce Company contributions. The forfeiture account was transferred to the Insperity 401(k) Plan as a result of the plan merger (Note 3).

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments were reported at fair value, except for fully benefit-responsive investment contracts, which were reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee (or custodian). See Note 4 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts were reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits were recorded upon distribution.

Administrative expenses

The Plan's administrative expenses were paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions were performed by employees of the Company. No such employee received compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) were charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through February 14, 2017, the date the financial statements were available to be issued.

3. Plan Merger

The Plan merged into the Insperity 401(k) Plan effective April 18, 2016. The total amount of the transfer was $5,068,893, consisting of investments and notes receivable from participants.

4. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at April 18, 2016 and December 31, 2015. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds
Mutual funds were publicly traded investments and were valued daily at the closing price reported on the active market on which the funds are traded.

Pooled separate accounts
The Plan invested in pooled separate accounts for which quoted prices were not available in active markets for identical instruments. The Plan utilized the NAV per share, as determined by Principal Life Insurance Company, as the estimated fair value. Because quoted prices in active markets for identical assets were not available, these prices were determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

The Plan did not hold any investments at April 18, 2016. The following table sets forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 737,977	$ -	$ -	$ 737,977
Total assets in the fair value hierarchy	$ 737,977	$ -	$ -	737,977
Investments measured at NAV *(a)*				5,337,793
Investments at fair value				$ 6,075,770

(a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of April 18, 2016 and December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at April 18, 2016	Fair Value at December 31, 2015	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Pooled separate account	$ -	$ 5,337,793	None	Daily	None

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fully Benefit-Responsive Investment Contract

The Plan held a traditional investment contract. This contract met the fully benefit-responsive investment contract criteria and was therefore reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. There were no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate was based on a formula agreed upon with the issuers, but it could not be less than the guaranteed minimum interest rate as defined in the contract. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events limited the ability of the Plan to transact at contract value with the issuers. Such events included the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor

events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In 2016, as part of the plan merger, the investment was redeemed at contract value.

In addition, certain events allowed the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events could be different under each contract. Examples of such events included the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreements without the consent of the issuer.

6. Unaudited Information Certified by Custodians

The accompanying financial statements include the following unaudited information as of April 18, 2016 and December 31, 2015 and for the period from January 1, 2016 to April 18, 2016, that was obtained from data prepared and certified to be complete and accurate by the Plan's custodians:

	2016	2015
Investments	**$ -**	$ 6,075,770
Investments at contract value	**$ -**	$ 87,916
Net appreciation in fair value of investments	**$ 23,323**	
Interest income	**$ 4,099**	

7. Exempt Party-In-Interest Transactions

Certain plan investments were shares of funds managed by affiliates of Principal Trust Company (Principal Trust) and Principal Life Insurance Company (Principal Life). Principal Trust and Principal Life were the custodians as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the custodians by the Plan for participant initiated transaction fees were $1,197 for the period from January 1, 2016 to April 18, 2016.

8. Tax Status

The Plan had not obtained a determination letter from the Internal Revenue Service ("IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan was relying on the IRS approval of the non-standardized prototype plan document that it was utilizing. The IRS had determined and informed the document sponsor by a letter dated March 31, 2014 that the non-standardized prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan was currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 18, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net change in net assets available for benefits per the financial statements for the year ended April 18, 2016 to Schedule H of Form 5500:

Net change in net assets available for benefits per the financial statements	$ (1,126,195)

Those Charged With Governance
MicroTech, LLC 401(k) Profit Sharing Plan

We have completed a Department of Labor ("DOL") limited-scope audit of the financial statements of MicroTech, LLC 401(k) Profit Sharing Plan (the "Plan") as of and for the year ended April 18, 2016 and have issued our report thereon dated February 14, 2017. As permitted by regulation 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Professional standards require that we provide you with information about our responsibilities in accordance with auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated November 16, 2016. Also, we prepare the financial statements and supplemental schedules as part of our audit, but it is the responsibility of management to designate a competent employee to review and approve those financial statements and supplemental schedules. However, our assistance in the preparation of the financial statements and supplemental schedules does not relieve you or management of your respective responsibilities as described in our engagement letter.

Professional standards also require that we communicate to you the following information related to our audit:

Qualitative Aspects of Accounting Practices

Plan management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from management's current judgments. Certain financial disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive accounting estimates or financial disclosures to report.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter which is included in Appendix A.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The 2015 audit indicated potential uncorrected misstatements related to contributions that were not corrected in 2016. Financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of the audit.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those financial statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. These discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention. We wanted to bring the following item to you attention:

> The 2015 audit indicated potential errors in participant contributions and matching contributions. Management should analyze the identified errors and work with their service providers to determine and take any necessary corrective action. The Plan being merged into the Insperity 401(k) Plan does not eliminate the need for corrective action.

This information is intended solely for the use of Those Charged with Governance and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Dixon Hughes Goodman LLP

This representation letter is provided in connection with your audits of the financial statements and supplemental schedules of MicroTech, LLC 401(k) Profit-Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of April 18, 2016 and December 31, 2015 and the related statement of changes in net assets available for benefits for January 1, 2016 to April 18, 2016, and the related notes to the financial statements. As permitted by Regulation 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Delaware Charter Guarantee d/b/a Principal Trust Company and Principal Life Insurance Company, the custodians, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole. We understand that the form and content of the information in the financial statements and supplemental schedules, other than that derived from the information certified by Principal Trust Company and Principal Life Insurance Company, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of the date of this letter, the following representations made to you during your audits.

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated November 16, 2016, including our responsibility for the preparation and fair presentation of the financial statements and note disclosures in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

6. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. 9. We are aware that the 2015 audit identified potential contribution errors that have not been corrected. We understand that corrective action may still be necessary. Other than this potential impact of this correction, we are not aware of any uncorrected financial statement misstatements or omitted disclosures.
10. We are not aware of any pending or threatened litigation, claims or assessments, or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements and we have not consulted a lawyer concerning litigation, concerning litigation claims, or assessments.

33. The Plan recognizes tax benefits only to the extent that the Plan believes it is more-likely-than-not (i.e. greater than 50 percent) that its tax positions will be sustained upon examination. We have evaluated the Plan's tax positions, including its status of being qualified under the appropriate section of the IRC and have determined that the Plan does not have any material uncertain tax positions.
