INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee
DSI Holding USA Inc. Profit Sharing and Retirement Plan
Bolingbrook, Illinois

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the DSI Holding USA Inc. Profit Sharing and Retirement Plan (Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2014 and 2013 and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2014 and 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information certified by the investments trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has

obtained certification from the investment trustee as of December 31, 2014 and 2013 and for the years ended December 31, 2014 and 2013 that the information provided to the plan administrator by the investment trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express and opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the investment trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following is a brief description of the DSI Holding USA, Inc. Profit Sharing and Retirement Plan, a 401(k) Plan (the Plan) and is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan was established effective January 1, 2010, to provide retirement benefits for eligible employees of DSI Holding USA, Inc. and its US subsidiaries. The Plan is established as a defined contribution profit sharing plan and covers all [non-union] employees, of the Companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may make contributions on a pre-tax basis, as defined by the plan, not to exceed the maximum allowed under the Internal Revenue Code and Income Tax Regulations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company may make a safe harbor non-elective contribution in an amount equal to 3% of the employees' eligible compensation. The Plan further allows the company to make discretionary matching contributions in an amount to be determined by the company on an annual basis.

Participant Accounts

Each participant's account is credited with the participant's contributions, the company's safe harbor non-elective contribution, company matching contributions and plan earnings and charged with an allocation of plan administrative expenses. Allocations are based on participant earnings or account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan currently offers various mutual funds, various managed investment portfolios, and a fixed interest account.

Vesting

Upon entry into the plan, participants are immediately 100% vested in their deferral contributions, any rollovers or transfers to the plan, any contributions by the companies on their behalf, plus any earnings they generate.

Forfeited Accounts

At December 31, 2014 and 2013, there were no forfeitures of non-vested accounts.

Investment Options

Upon enrollment in the Plan, a participant may direct investment contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options daily.

Payments of Benefits

Upon termination of service due to death, disability, or retirement, a participant will receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment that may be permitted under the plan agreement. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or roll over the amount into another qualified plan or an IRA. If the participant's balance in the account is less than \$1,000, the participant is required to receive the funds in a lump sum distribution or by any form of payment that may be permitted under the plan agreement. The Plan also allows for financial hardship withdrawals of all or part of the participant's deferral contributions and from any 100% vested profit sharing contributions, if the participant can prove financial hardship and is unable to meet their financial needs another way.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by the highest outstanding loan balance during the previous 12-month period) or 50% of their vested account balance. Loan terms may be up to 5 years or 30 years, for the purchase of a primary residence or certain other hardship conditions as defined by current IRS regulation. The loans are secured by the vested balance in the participant's account and bear interest at Prime Interest Rate as published by the Wall Street Journal adjusted quarterly by the plan administrator. Principal plus interest is paid ratably through payroll deduction.

Investment Fees

Certain fees are charged to the Plan for services provided by the investment trustee of the Plan. These fees are reported on the statement of changes in net assets available for benefits. In addition, each mutual fund charges fees which are netted with the investment earnings.

Administrative Expenses

Trustee fees, distribution fees, and account maintenance fees are paid by the participants. Other administrative expenses are paid by the Company. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 5 for discussion of fair value measurements). Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits is prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2014, all benefits requested had been paid out.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after that date (that is, nonrecognized subsequent events). The Plan has evaluated subsequent events through August 11th, 2016, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is funded with a group annuity contract (the Contract) issued by American United Life Insurance Company (AUL). The Annual Financial Summary is a case-level report that details all of the financial activity of the Plan (by investment) that occurred while the Plan's assets were invested in the Contract during the plan Year.

The Contract offers a fixed interest investment option (the Fixed Option) through AUL's general account and a number of variable investment options through an AUL separate account. Thus, participants and/or the trustee(s) can select the option(s) that reflect their individual investment style and risk tolerance. Under the Contract, it is possible to make transfers between the various options and to redirect the investment of future contributions as specified by the governing Plan document and Contract provisions.

Fixed Option

Funds allocated to the Fixed Option are placed in the AUL general account where they are invested in accordance with AUL's general account investment policy. The objective of that investment policy is to maximize long-term, risk-adjusted returns. AUL's general account assets are predominantly fixed-income investments (bonds, mortgages and private placements). The average maturity for these assets is nearly 10 years and the average duration is between 5 and 6 years. The quality of these investments is high.

Following are some features and characteristics of the Fixed Option:

- Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return AUL expects on new investments made by it and held within the AUL general account, and it will always equal or exceed the contractually guaranteed rate.
- All contributions received during the quarter will earn that declared interest rate until the end of the calendar year next following the current year. Each quarter's contributions and the corresponding interest rate are tracked together administratively in a separate

quarterly interest rate pocket (Quarterly Pocket). At the end of the calendar year next following the current year, the Quarterly Pockets established in the current year are converted to an annual interest rate pocket (Annual Pocket).

- At the beginning of each year, a new interest rate is established and declared for each Annual Pocket. The rate is based on past general account investments, adjusted for portfolio turnover and withdrawals for benefit payments.
- All benefit-responsive Plan benefit payments (as outlined in the Contract) made prior to Contract liquidation are made at book value (principal invested plus interest earned).
- The following restriction on transfers from the Fixed Option applies: No more than 20% of a participant's Fixed Option Account Value as of the first day of that Contract Year may be transferred during that Contract Year (unless such Fixed Option Account Value is less than \$2,500 on the first day of that Contract Year, in which case the participant may transfer any amount from the Fixed Option during that Contract Year).

Separate Account Investment Options

Amounts allocated to a variable investment account within an AUL separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the Contract. The value of each accumulation unit is published each business day. Each investment account is invested by AUL exclusively in shares of a specific mutual fund or other investment entities as directed by the contractholder and/or the participant.

4. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets as of either or both year ends are separately identified below as of December 31, 2014 and 2013:

	2014	2013
AUL Fixed Account	\$ 7,070,280	\$ 6,347,458
Fidelity VIP Contrafund	4,567,121	4,156,815
OneAmerica Money Market	2,186,378	2,056,288
Pioneer Bond	1,778,238	—
PIMCO Total Return	—	1,915,608
Vanguard VIF Small Company Growth	1,511,759	1,861,364
Other	16,851,071	15,735,939
TOTAL INVESTMENTS	\$ 33,964,847	\$ 32,073,472

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- **Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. These generally provide the most reliable evidence and are used to measure fair value whenever available. Active markets provide current pricing data on a more frequent basis.
- **Level 2:** Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, inactive markets, model-derived valuations in which all significant inputs and significant value drivers are observable in active markets. This level includes financial instruments that are valued by independent pricing services using models or other valuation methodologies. These models are primarily industry-standard models that consider various inputs which are observable or derived from observable information in the marketplace.
- **Level 3:** Inputs to the valuation methodology are derived from techniques in which one or more significant value driver are unobservable for assets or liabilities. Non-binding broker quotes on certain fixed maturity securities, which are utilized when pricing service information is not available, are reviewed for reasonableness by the Company, and are generally considered Level 3.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used at December 31, 2014 and 2013.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

6. INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by American United Life Insurance Company (AUL), as complete and

accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Investments held and certified to by American United Life Insurance Company (AUL) as of December 31, 2014 and 2013 are as follows:

7. PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the participant remains an employee of the Company, the amount of their benefits will

be retained in the trust fund until their termination of employment. In the event of plan termination, participants will become 100% vested in their employer contributions.

8. INCOME TAX STATUS

The Plan has adopted a prototype document sponsored by American United Life Insurance Company. The Internal Revenue Service has determined, by a letter dated March 31, 2008, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. PARTY-IN-INTEREST TRANSACTIONS

During 2014 and 2013, the fees paid to the investment trustees consisted of an asset based fee calculated based on the Plan's asset value, a quarterly administration charge, and an investment management charge for each mutual fund net of 12(b)(1) fee rebates. The fees paid to the trustee were \$31,249 and \$27,139 for the years ended December 31, 2014 and 2013, respectively. Certain other investment fees are netted with investment earnings for reporting purposes, as described in Note 1. The investment management charge is specified in the current year prospectus for each individual fund. Certain plan investments are both held and managed by American United Life Insurance Company (AUL).

Notes receivable from participants are considered party-in-interest transactions.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
