Note 1 - Description of Plan

The following description of The Monadnock Construction, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on August 1, 1980 and amended and restated on August 1, 2015, is a defined contribution profit sharing plan covering all eligible employees of Monadnock Construction, Inc. (the "Sponsor"), who are age 21 or older, beginning on the 1st day of the month following their hire date. Employees are eligible for employer contributions after completing one year of service.

The Plan also recognizes prior service with Frank Corigliano Construction and Construction Resources of New York. Prior service obtained within these organizations is recognized by the Plan without limitation for eligibility, vesting and contribution allocations.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute a percentage of their salary, up to the maximum amount permitted by law. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Profit sharing amounts may be contributed at the option of the Company's board of trustees and allocated among participants eligible to share in the contribution for the Plan year. Profit sharing contributions are subject to certain limitations.

Each year, the Sponsor makes 401(m) matching contributions of 50% of the first 4% of the 401(k) salary deferral amounts the participants have contributed. In 2016, the Sponsor made matching contributions of $188,920.

The Plan is also funded by the Sponsor's profit sharing contributions in such amount, if any, as determined by the Sponsor, in its sole discretion, and shall be made from the profits of the Sponsor. Profit sharing contributions of $440,700 were recorded in 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Sponsor's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (cont'd.)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants shall have a vested percentage in their Sponsor contribution accounts according to a graded vesting schedule based on years of service as follows:

Years of Service	Percent Vested
At least 2	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate at the date of the loan plus 1% (which ranged from 4.25% to 4.50% for the loans outstanding at July 31, 2016). Principal and interest are paid ratably through payroll deductions. Loans must be repaid over a period not to exceed 5 years; however, loans used for the purposes of acquiring a primary residence may be repaid over a period not to exceed 30 years.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows certain withdrawals at age 59½ and hardship withdrawals.

Forfeitures

Forfeitures of terminated participants` nonvested accounts are used first to pay the administrative expenses of the Plan and then allocated to the other participant accounts. During the year ended July 31, 2016, $7,243 in forfeitures was used to pay administrative fees.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Note 1 - Description of Plan (cont'd.)

Participant Revenue Credit

Fees paid by the Plan to Fidelity Management Trust Company, the Plan's trustee, for investment services are evaluated for accuracy. Reimbursements are occasionally made when the trustee determines that the fees paid were in excess of the necessary amount. These fees are repaid to the Plan in the form of a participant revenue credit, and are allocated to the participants accordingly.

Note 2 - Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with original maturities of three months or less when purchased to be cash equivalents.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. The Plan administrator will charge a reasonable fee to the participant to process and administer participant loans. No allowance of credit losses has been recorded at July 31, 2016 or 2015.

Administrative Expenses

Administrative expenses are paid by the participants and charged to each participant's account. For the year ended July 31, 2016, participants paid $78,540 in investment advisory and management fees to Sentinel Benefits & Financial Group and Fidelity Broker Services, LLC, parties-in-interest to the Plan.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for nonpublic business entities for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management is still evaluating the effects of the ASU and has not adopted as of July 31, 2016.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2016 and 2015.

Note 3 - Fair Value Measurements (cont'd.)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at July 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value at July 31, 2016			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 864,148	$ -	$ -	$ 864,148
Mutual funds	12,574,170	-	-	12,574,170
Total Assets at Fair Value	$ 13,438,318	$ -	$ -	$ 13,438,318

	Assets at Fair Value at July 31, 2015			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 873,651	$ -	$ -	$ 873,651
Mutual funds	11,753,446	-	-	11,753,446
Total Assets at Fair Value	$ 12,627,097	$ -	$ -	$ 12,627,097

Note 4 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are held in cash and money-market accounts with Fidelity Brokerage Services LLC, Inc., the custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 - Tax Status

The Plan is a prototype plan that has received a favorable determination letter dated March 31, 2014 issued by the National Office of the Internal Revenue Service ("IRS") that the Plan is qualified under Internal Revenue Code ("IRC") Section 401. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Subsequent Events

The Plan has evaluated subsequent events or transactions that occurred after July 31, 2016 through the date of these financial statements, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.
