BROCKMAN, COATS, GEDELIAN & CO. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Brockman, Coats, Gedelian & Co. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established January 1, 1988, to provide eligible employees the opportunity to invest voluntary employee contributions, matching employer contributions, and discretionary employer contributions. The Plan covers substantially all employees of Brockman, Coats, Gedelian & Co. (the "Company"). Excluded from participation are union employees and interns and seasonal employees whose regularly scheduled service is less than 1,000 hours of service. Employees become eligible to participate in the Plan at their date of hire as long as they are 20 1/2 years old. The Plan is a defined contribution plan and is subject to Section 401(k) of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 6, 2016, as a result of a firm merger, the Plan Sponsor resolved to merge the Plan into Sikich LLP Employees' 401(k) Plan. As of this date, the assets transferred out of the Brockman, Coats, Gedelian & Co. 401(k) Plan and into the Sikich LLP Employees' 401(k) Plan and the Plan was terminated.

Contributions – The participating employees make pre-tax or Roth contributions to the Plan according to their electronic wage reduction agreement with the Company. The total amount contributed annually by each participant cannot exceed limits imposed by IRS Code Section 402(g) and cannot be less than 1% and not more than 75% of compensation. In addition, the Plan allows participants who attained age 50 by the end of the Plan year to make catch-up contributions in accordance with IRS regulations. Matching contributions are also made by the Company to each participating eligible employee in an amount equal to 25% of a participant's elective deferral up to 10% of compensation annually. The Company may also make discretionary profit sharing contributions to the Plan. There were no discretionary contributions in 2016. Discretionary contributions totaled \$100,225 in 2015 and are included in employer contributions on the statements of changes in net assets available for benefits.

Effective January 1, 2010, the Plan included an automatic deferral provision at a rate equal to 3% of compensation, unless a participant makes a contrary election.

Investment Options – Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts – Participant account balances are maintained to reflect each participant's interest in the Plan's funds. Participant account balances are increased by participant and any Company contributions and an allocated share of investment income which includes net appreciation in the fair value of investments. Account balances are decreased by participant distributions, administrative expenses and any net depreciation in the fair value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

BROCKMAN, COATS, GEDELIAN & CO. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, Continued

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years, but can be extended for the purchase of a primary residence. The notes are collateralized by the participant's vested account and bear interest at a rate determined by the Plan Sponsor. Principal and interest is paid ratably through payroll deductions.

Vesting – Participants are immediately vested in their voluntary contributions and any related earnings. Vesting of employer discretionary matching and non-elective contributions plus related earnings is based on years of service as defined by the Plan. Participants become 100 percent vested after six years of service or upon death, disability, or attaining the retirement age of 62.

Minimum vesting under the Plan occurs in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Amount</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Withdrawals – Withdrawals are not permitted before age 55 except in the event of death, disability, termination of employment, or reasons of proven financial hardship.

Payment of Benefits – During their employment, participants may withdraw their vested account balance in the event of financial hardship. The balance in an employee's account not previously withdrawn may be paid to the participants or their designated beneficiary in the event of death, permanent disability, retirement, or termination of employment with the Company. Participants with a vested interest in their accounts of \$5,000 or more may elect to receive a lump-sum distribution, roll over the amount into another qualified plan or leave the funds invested as is. Participants with a vested interest in their account of \$5,000 or less who do not contact the Plan Administrator will have benefits paid in a lump sum or have an individual IRA account created and the participant's funds will be rolled over into the new IRA account. There were no individuals who elected to withdraw from the Plan but had not been paid at July 6, 2016 and December 31, 2015.

Forfeited Accounts – Forfeitures of the Plan may be used to reduce employer contributions, offset administrative expenses of the Plan, or restore an eligible re-enrolled participant's account to the balance prior to termination. Forfeited non-vested accounts were \$0 at July 6, 2016 and \$3,026 at December 31, 2015. Forfeitures used to offset administrative expenses and employer matching contributions were \$10,176 in 2016 and \$17,903 in 2015.

BROCKMAN, COATS, GEDELIAN & CO. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2. Significant Accounting Policies of the Plan

Basis of Accounting – The Plan's policy is to prepare its financial statements under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. While actual results could differ from those estimates, management does not expect those differences to be significant to the financial statements.

New Accounting Pronouncements – In May, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ASU 2015-07, *Fair Value Measurement*. The amendments within this Update remove the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. In addition, the amendments limit the disclosures required if an investment's fair value is determined using the net asset value per share practical expedient. This ASU is effective for reporting periods beginning after December 15, 2016. Early adoption is permitted and changes should be applied retrospectively to all financial statements presented. The Plan has chosen to early adopt this standard.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Parts I and III are not applicable to the Plan. Management elected to adopt Part II early for the 2015 plan year.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

BROCKMAN, COATS, GEDELIAN & CO. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2. Significant Accounting Policies of the Plan, Continued

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events – Management of the plan sponsor has evaluated subsequent events through February 23, 2017, the date which the financial statements were available to be issued.

3. Trustee Certification

5. Fair Value Measurements

The Plan measures its assets in accordance with the Financial Accounting Standards Board's (FASB) framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

5. Fair Value Measurements, Continued

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 6, 2016 and December 31, 2015.

Mutual Funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at the daily closing price reported by the fund. The money market fund held by the Plan is a money market fund that is registered with the U.S. Securities and Exchange Commission. This fund is valued daily at its transaction net asset value (NAV) using the amortized cost method of accounting to value fund securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Assets at Fair Value as of July 6, 2016

6. Party-In-Interest Transactions

Investment management services and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions. In addition, during the period and year ended July 6, 2016 and December 31, 2015, the Company provided certain accounting and administrative services to the Plan for which it received no compensation. Management believes there were no prohibited transactions with parties-in-interest during 2016 or 2015.

7. Income Tax Status

The Plan uses a volume submitter plan document supported by Alliance Benefit Group North Central States, Inc., which received an opinion letter from the IRS dated September 30, 2014 stating the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 6, 2016 and December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Effective July 6, 2016, as a result of a firm merger, the Plan Sponsor resolved to merge the Plan into Sikich LLP Employees' 401(k) Plan. As of this date, the assets transferred out of the Brockman, Coats, Gedelian & Co. 401(k) Plan and into the Sikich LLP Employees' 401(k) Plan and the Plan was terminated.
