## INDEPENDENT AUDITOR'S REPORT

To The Plan Administrator  
HCBR Group Retirement Savings Plan  
Atlanta, Georgia

We have audited the accompanying financial statements of HCBR Group Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of HCBR Group Retirement Savings Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the year ended December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

## Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule as listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## **HCBR Group Retirement Savings Plan**

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2015 and 2014**

#### **NOTE A - DESCRIPTION OF PLAN**

The following description of HCBR Group Retirement Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **1. General**

The Plan was established on January 1, 2015 and is a multiple employer defined contribution plan covering all employees of Human Capital Business Resource, Inc. (the Principal Participating Employer) and Adopting Employers. Employees are eligible to participate in the Plan based on elections made by the Adopting Employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As a multiple employer plan, there are transfers impacting the Plan. During 2015, the Plan received transfers in of \$1,116,840 from new Adopting Employers. Also, during 2015, the Plan had an Adopting Employer leave the group which resulted in a transfer out of \$1,020,474.

##### **2. Contributions**

Each year participants may contribute pre-tax annual compensation as defined in the Plan and subject to ERISA limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and a self-directed brokerage account as investment options for participants.

Certain Adopting Employers established a safe harbor provision which required matching contributions of 100% of the first 3% and 50% of the next 2% of base compensation that a participant contributed to the Plan. Additional profit sharing contributions can also be made at the discretion of the Adopting Employers. For the year ended December 31, 2015, the Companies contributed \$241,391 for participating employees. Contributions are subject to certain limitations.

##### **3. Participant accounts**

Each participant's account is credited with the participant's contributions and their Adopting Employers' safe harbor matching contributions (if applicable), as well as allocations of the adopting employers' profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **HCBR Group Retirement Savings Plan**

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2015 and 2014**

#### **NOTE A - DESCRIPTION OF PLAN (continued)**

##### **4. Vesting**

Participants are immediately vested in their contributions and the Adopting Employers safe harbor matching contributions (if applicable) plus actual earnings thereon.

Vesting in the additional profit sharing contributions is based on the Adopting Employers and includes the following:

- One adopting employer fully vests their participants after three years of service (cliff vesting).
- Other adopting employers have vesting that begins after the Participant has completed two years of service (20%) and is fully vested after six years of credited service.

##### **5. Payment of benefits**

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount up to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

##### **6. Forfeitures**

Forfeitures of employers contributions are to be used to pay administrative expenses or reduce the employers future contribution under the Plan. There were no unallocated forfeitures at December 31, 2015.

##### **7. Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 5.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

##### **8. Administrative expenses**

Certain expenses of maintaining the Plan are paid directly by the employers and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

### NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan's financial statements are prepared under the accrual method of accounting.

2. Investments, valuation, and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurements disclosure.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Payments of benefits

Benefits are recorded when paid.

5. Corrective distributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

6. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2015 and 2014**

#### **NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

##### **7. Change in accounting policy**

In July 2015, the FASB issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting (Topics 960, 962 and 965), which includes updates to certain accounting and disclosure requirement for employee benefit plans. This update is divided into three separate parts, each of which can be implemented independently. The Plan has elected to implement Part II of this update, which eliminates certain disclosure requirements for employee benefit plans. As such, disclosures which were previously included within the financial statements for the plan have been eliminated. The implementation of this guidance has no effect on the statements of net assets available for benefits or the statement of changes in net assets available for benefits.

#### **NOTE C - RELATED PARTY TRANSACTIONS**

The Plan receives investment management and third party administration services from a related group of companies, including Slavic Mutual Fund Management Corp. and Slavic Integrated Administration, Inc.

Fidelity Management Trust Company ("Fidelity") is the trustee for the Plan's investment assets, which consist of mutual funds and self-directed brokerage accounts. Various mutual funds held in the Plan are issued by Fidelity.

The transactions qualify as party-in-interest transactions. Total direct payments for these services were \$15,826 for the year ended December 31, 2015. In addition, there are fees paid by the Plan relating to investment management fees charged on a daily basis charged on a daily basis to the mutual funds held with Fidelity. It is impractical to estimate the total investment management fees paid through the arrangement with the trustee.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

#### **NOTE D - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Principal Participating Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2015 and 2014**

#### **NOTE E - INCOME TAX STATUS**

The IRS had determined and informed the Principal Participating Employer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Although, the plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

The Plan adheres to the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification ("ASC") 740, *Income Taxes* (ASC 740), which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions ("UTP"s). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the year ended December 31, 2015, the Plan has taken no material tax positions that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

In general, information returns are subject to audit by governmental agencies for a period of at least 3 years.

#### **NOTE F - RISKS AND UNCERTAINTIES**

The plan invests in various investment securities, which are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **NOTE G - FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

### NOTES TO FINANCIAL STATEMENTS

#### NOTE G - FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|---------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets</li><li>• inputs other than quoted prices that are observable for the asset or liability</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common Stock:* Valued at the closing price reported on the active market on which the individual securities are traded.
