Independent Auditor's Report

To the Plan Administrator and Participants
Enterprise Events Group, Inc. 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Enterprise Events Group, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility and Disclaimer of Opinion

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph below, however, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying financial statements.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Massachusetts Mutual Life Insurance Company ("MassMutual"), the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements. The plan administrator has informed us that MassMutual holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from MassMutual as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by MassMutual is complete and accurate.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph above, we do not express an opinion on this supplemental schedule.

1. Description of the Plan

The following description of the Enterprise Events Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit sharing plan covering all of the full-time employees of Enterprise Events Group (the "Plan Sponsor"). Employees are eligible to participate in the plan once they have attained age 21 and completed 3 months of service, excluding union employees, leased employees, nonresident aliens, and employees of an employer acquired. Participants may begin making deferrals into the Plan on January 1, April 1, July 1, or October 1 following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plans' Board of Trustees.

Contributions to the Plan

Participant may contribute a portion of their eligible annual compensation into the Plan subject to certain anti-discrimination restrictions and to an annual limitation of $18,000 for 2015 ($24,000 for those participants who are age 50 or over). The Plan also permits Roth contributions.

Effective January 1, 2015, the plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral amount will increase each plan year by 2% of plan compensation but not exceed 10% of plan compensation.

The plan permits the plan sponsor to make discretionary matching and profit sharing contributions. For 2015, the plan sponsor made a matching contribution equal to 1.5% of employees' deferrals per pay period. To be eligible for profit sharing contributions, a participant must complete 1 year of service (at least 1,000 hours of service) and be employed on the last day of the plan year. The plan sponsor has elected to forego a profit sharing contribution for the year ended December 31, 2015.

Participant Accounts

All of the assets of the Plan are invested, as directed by the participant, as pooled funds. A participant's account balance is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are immediately vested in their contributions and related earnings thereon. Participants vest in plan sponsor matching and profit sharing contributions at the rate of 20% per year after the first year of service. Participants are immediately 100% vested in the event of death, disability or 5 years of service. Forfeitures are used to reduce plan sponsor contributions and to pay plan expenses. At December 31, 2015 and 2014, forfeitures available to offset employer contributions and to pay plan expenses were $5,527 and $5,245, respectively. During the year ended December 31, 2015, no forfeitures were used.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are available to all participants who are at least age 59½. Participants who qualify for retirement benefits and

withdrawals will receive their benefits in the form of a lump sum payment or installment payments. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½.

Notes Receivable from Participants
Participants may obtain a loan from the Plan based upon their vested account balance. Loans are limited to lesser of $50,000 or 50% of the participant's vested account balance. Participants may have one loan outstanding at a time. The minimum loan amount is $1,000. Loans bear an interest rate of one percent above prime rate determined on the date of the advance by the plan administrator. All loans have a term of not more than five years (unless the loan is used to acquire a principal residence) and are payable through regular payroll deductions. Loans are segregated investments, and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other plan investments. The interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
Effective January 1, 2015, the Plan was amended to allow automatic enrollment.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments are recorded when paid.

Recent Accounting Pronouncement
In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to distributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The plan has evaluated subsequent events through February 16, 2017, the date the financial statements were available to be issued.

3. Certification of Assets

Massachusetts Mutual Life Insurance Company ("MassMutual") serves as the custodian of the Plan's assets. In that capacity, MassMutual held the Plan's investment assets and executed investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certification from MassMutual as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that all investment information supplied to the plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2015 and 2014, and interest, dividends and net appreciation in fair value of investments for the year ended December 31, 2015, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2015:

	Level 1	Total
Pooled Separate Accounts	$ 3,747,346	$ 3,747,346
Investments measured at net asset value	-	34,209
Investments at fair value	$ 3,747,346	$ 3,781,555

Assets at Fair Value as of December 31, 2014:

	Level 1	Total
Pooled Separate Accounts	$ 3,560,092	$ 3,560,092
Investments measured at net asset value	-	33,133
Investments at fair value	$ 3,560,092	$ 3,593,225

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Guaranteed investment contract: A guaranteed investment contract that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value (contract value) as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the quoted net asset value of shares of the underlying investments held by the plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The plan sponsor has adopted the MassMutual Volume Submitter plan. The Volume Submitter plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all partially vested account balances would become 100% vested.

7. Related Party Transactions

Massachusetts Mutual Life Insurance Company ("MassMutual") serves as the custodian of the plan's assets. All transactions with MassMutual qualify as party-in-interest transactions.

Fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling $173 to the custodian, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 to Form 5500:

	2015
Net assets available for benefits per the financial statements	$ 3,789,150
Excess contributions payable	888
Net assets available for benefits per the Form 5500	$ 3,790,038

Independent Auditor's Report

To the Plan Administrator and Participants
Enterprise Events Group, Inc. 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Enterprise Events Group, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility and Disclaimer of Opinion

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph below, however, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying financial statements.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Massachusetts Mutual Life Insurance Company ("MassMutual"), the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements. The plan administrator has informed us that MassMutual holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from MassMutual as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by MassMutual is complete and accurate.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph above, we do not express an opinion on this supplemental schedule.

1. Description of the Plan

The following description of the Enterprise Events Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit sharing plan covering all of the full-time employees of Enterprise Events Group (the "Plan Sponsor"). Employees are eligible to participate in the plan once they have attained age 21 and completed 3 months of service, excluding union employees, leased employees, nonresident aliens, and employees of an employer acquired. Participants may begin making deferrals into the Plan on January 1, April 1, July 1, or October 1 following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plans' Board of Trustees.

Contributions to the Plan

Participant may contribute a portion of their eligible annual compensation into the Plan subject to certain anti-discrimination restrictions and to an annual limitation of $18,000 for 2015 ($24,000 for those participants who are age 50 or over). The Plan also permits Roth contributions.

Effective January 1, 2015, the plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral amount will increase each plan year by 2% of plan compensation but not exceed 10% of plan compensation.

The plan permits the plan sponsor to make discretionary matching and profit sharing contributions. For 2015, the plan sponsor made a matching contribution equal to 1.5% of employees' deferrals per pay period. To be eligible for profit sharing contributions, a participant must complete 1 year of service (at least 1,000 hours of service) and be employed on the last day of the plan year. The plan sponsor has elected to forego a profit sharing contribution for the year ended December 31, 2015.

Participant Accounts

All of the assets of the Plan are invested, as directed by the participant, as pooled funds. A participant's account balance is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are immediately vested in their contributions and related earnings thereon. Participants vest in plan sponsor matching and profit sharing contributions at the rate of 20% per year after the first year of service. Participants are immediately 100% vested in the event of death, disability or 5 years of service. Forfeitures are used to reduce plan sponsor contributions and to pay plan expenses. At December 31, 2015 and 2014, forfeitures available to offset employer contributions and to pay plan expenses were $5,527 and $5,245, respectively. During the year ended December 31, 2015, no forfeitures were used.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are available to all participants who are at least age 59½. Participants who qualify for retirement benefits and

withdrawals will receive their benefits in the form of a lump sum payment or installment payments. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½.

Notes Receivable from Participants
Participants may obtain a loan from the Plan based upon their vested account balance. Loans are limited to lesser of $50,000 or 50% of the participant's vested account balance. Participants may have one loan outstanding at a time. The minimum loan amount is $1,000. Loans bear an interest rate of one percent above prime rate determined on the date of the advance by the plan administrator. All loans have a term of not more than five years (unless the loan is used to acquire a principal residence) and are payable through regular payroll deductions. Loans are segregated investments, and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other plan investments. The interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
Effective January 1, 2015, the Plan was amended to allow automatic enrollment.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments are recorded when paid.

Recent Accounting Pronouncement
In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to distributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The plan has evaluated subsequent events through February 16, 2017, the date the financial statements were available to be issued.

3. Certification of Assets

Massachusetts Mutual Life Insurance Company ("MassMutual") serves as the custodian of the Plan's assets. In that capacity, MassMutual held the Plan's investment assets and executed investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certification from MassMutual as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that all investment information supplied to the plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2015 and 2014, and interest, dividends and net appreciation in fair value of investments for the year ended December 31, 2015, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2015:

	Level 1	Total
Pooled Separate Accounts	$ 3,747,346	$ 3,747,346
Investments measured at net asset value	-	34,209
Investments at fair value	$ 3,747,346	$ 3,781,555

Assets at Fair Value as of December 31, 2014:

	Level 1	Total
Pooled Separate Accounts	$ 3,560,092	$ 3,560,092
Investments measured at net asset value	-	33,133
Investments at fair value	$ 3,560,092	$ 3,593,225

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Guaranteed investment contract: A guaranteed investment contract that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value (contract value) as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the quoted net asset value of shares of the underlying investments held by the plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The plan sponsor has adopted the MassMutual Volume Submitter plan. The Volume Submitter plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all partially vested account balances would become 100% vested.

7. Related Party Transactions

Massachusetts Mutual Life Insurance Company ("MassMutual") serves as the custodian of the plan's assets. All transactions with MassMutual qualify as party-in-interest transactions.

Fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling $173 to the custodian, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 to Form 5500:

	2015
Net assets available for benefits per the financial statements	$ 3,789,150
Excess contributions payable	888
Net assets available for benefits per the Form 5500	$ 3,790,038

The following is a reconciliation of total deductions per the financial statements to the Form 5500 at December 31, 2015:

Per the financial statements	$ 64,709
Excess contributions payable	(888)
Per Form 5500	$ 63,821
