1. Description of Plan

The following description of the Frisch's Restaurants, Inc. Operating Unit Hourly Employee 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all operating unit hourly employees of Frisch's Restaurants, Inc. (the "Company" or "Plan Sponsor") who are over the age of 21 and have completed nine months of service. The Plan was established effective November 1, 1999 and restated as of March 10, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Fidelity Management Trust Company is the Plan's trustee.

Effective June 1, 2016, the Plan was amended to a Safe Harbor matching contribution and the eligibility requirements were changed from nine months of service to three months of service. In addition, the Plan was merged into the Frisch's Employee 401(k) Savings Plan effective September 1, 2016, resulting in the termination of the Plan (see Note 5).

Contributions

Each year, participants may contribute up to 25 percent of pre-tax annual compensation, as defined by the Plan. A participant who has attained age 50 before the end of the Plan year is eligible to defer additional amounts to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Company contributions are discretionary. The Company elected to contribute 100 percent of the first three percent of total pre-tax compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions and (b) Plan earnings. Allocations are based on participant contributions or matching balances, as defined. Some specific fund fees are paid by the individual funds and charged to applicable participant accounts. All other Plan related expenses are paid by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers twenty-three mutual funds and one money market fund as investment options for participants.

Vesting

Participants are vested immediately in their own contributions as well as the Company's matching contribution portion of their accounts, plus actual earnings thereon.

Notes to Financial Statements

Payment of Benefits

Upon termination of service due to death, disability, or normal retirement, a participant or his or her beneficiary upon death, may receive benefits in a lump-sum amount equal to 100 percent of the participant's vested account balance. Normal retirement is age 65; early retirement is permitted. For termination of service due to other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution, or rollover their vested amount to another qualified retirement account.

Automatic Rollover Provision

The Plan includes an automatic rollover provision. This provision provides that terminated participants with vested balances of less than \$5,000 will be issued a distribution as soon as practicable following their termination of employment. The participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an IRA. The Plan allows for involuntary cash-outs for terminated participants with vested balances of \$1,000 or less.

Plan Expenses

The Company pays certain expenses of the Plan and provides certain administrative services at no cost to the Plan. If not paid by the Company, administrative expenses become a liability of the Plan. In 2016 and 2015, the Plan paid investment management fees. Certain management fees charged to Plan mutual funds are deducted from income earned on a regular basis, and are netted with the investment returns on such investments. All other expenses were paid by the Company.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual amounts could differ from those estimates.

Recently Adopted Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the Net Asset Value ("NAV") per share practical expedient. Instead, the amounts measured using the NAV per share (or its equivalent) must be provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. Additionally, ASU 2015-07 removes the requirement to make certain disclosures (FASB ASC 820-10-50-6A) for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are

Frisch's Restaurants, Inc.

Operating Unit Hourly Employee 401(k) Plan

Notes to Financial Statements

limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for nonpublic business entities for fiscal years beginning after December 15, 2016 and early adoption is permitted. The Plan adopted this ASU for the year ended May 31, 2016 and it was retroactively applied to the year ended May 31, 2015. Prior year disclosures have been revised to reflect the retrospective application of this update (see Note 3).

In July 2015, the FASB issued ASU 2015-12 which updated guidance on investment valuation and presentation. This three-part update simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using NAV per share. These amendments are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. This update also provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan adopted this ASU for the year ended May 31, 2016 and it was retroactively applied to the year ended May 31, 2015. Prior year disclosures have been revised to reflect the retrospective application of this update (see Note 3). As a result of the update, investments are no longer broken out by type on the statements of net assets available for benefits, investments are no longer broken out by category in the fair value tables (see Note 3) and investments that represent 5% or more of total Plan assets are no longer disclosed.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's unrealized and realized gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment

Frisch's Restaurants, Inc.

Operating Unit Hourly Employee 401(k) Plan

Notes to Financial Statements

securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events through March 14, 2017, the date the financial statements were available to be issued. See Notes 1 and 5.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2016 and 2015.

Money market fund: Valued at quoted market prices, based on the NAV of \$1 per share.

Mutual funds: Valued at the fair value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes

Frisch's Restaurants, Inc.

Operating Unit Hourly Employee 401(k) Plan

Notes to Financial Statements

its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2016 and 2015:

Assets at Fair Value as of May 31, 2016				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 32,440	\$ -	\$ -	\$ 32,440
Mutual Funds	1,787,181	-	-	1,787,181
Total assets at fair value	\$ 1,819,621	\$ -	\$ -	\$ 1,819,621

Assets at Fair Value as of May 31, 2015				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 43,538	\$ -	\$ -	\$ 43,538
Mutual Funds	1,897,669	-	-	1,897,669
Total assets at fair value	\$ 1,941,207	\$ -	\$ -	\$ 1,941,207

The tables show the category the fund is in at year end. The NAV of the money market fund is based on the fair value of the underlying investments. The money market fund will invest in high quality, short term debt instruments such as commercial paper and bank notes in order to achieve the investment objective to preserve capital. Investments in the money market fund do not have a holding period and there are no unfunded commitments.

4. Related Party and Party-In-Interest Transactions

Certain Plan investments held during the years ended May 31, 2016 and 2015, include mutual funds and a money market fund managed principally by Fidelity Management Trust Company, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation or appreciation in fair value of the investments, as they are paid through the related mutual funds and money market fund, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

5. Plan Termination

As previously disclosed, effective September 1, 2016, the Plan was merged into the Frisch's Employee 401(k) Savings Plan. As this event triggers the termination of this Plan, participants remained 100 percent vested in their accounts.

6. Tax Status

The Company uses a volume submitter plan (FFN: 31518740014-001), which is designed and maintained by the Fidelity Management Trust Company. The Internal Revenue Service ("IRS") has determined and informed Fidelity Management Trust Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of May 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken. The Plan had no interest and penalties related to income taxes. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of May 31, 2016 and 2015
- Net investment income, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended May 31, 2016 and 2015
- Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of May 31, 2016.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing the information provided by the trustee to the related information included in the financial statements as of May 31, 2016 and 2015 and supplemental Schedule of Assets (Held at End of Year) as of May 31, 2016.
