THE REVENUE ASSISTANCE CORP., 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of The Revenue Assistance Corp., 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan adopted on January 1, 1991, covering substantially all full-time employees of The Revenue Assistance Corp. dba The Revenue Group (the "Company") who are 21 years of age or older. Employees may enter the Plan on the first day of the quarter subsequent to meeting the age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions to a maximum of \$6,000 in 2015. The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of a participant's elective deferrals each payroll period. In 2015, the Company made matching contributions equal to 50% of the first 6% of a participant's contribution. Participants are eligible for the Company matching contribution after completing of one (1) year of service, with a minimum of 1,000 hours worked, and must be 21 years of age or older. The Company determines the formula for the discretionary matching contributions annually and announces it in advance of each Plan year. Each year the Company may make a discretionary nonelective contribution to the Plan. During 2015, no discretionary nonelective contribution was made.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's matching contributions, and (b) plan earnings. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000, the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, the loans are secured by the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in employer matching contributions is based on years of continuous service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
2	20%
3	40%
4	60%
5	80%
6 or more	100%

All participants are 100% vested upon reaching normal retirement age under the Plan.

Payment of benefits: Upon termination of service for any reason, prior to the normal retirement age (as defined in the Plan), a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Upon termination of service for any reason, after the normal retirement age (as defined in the Plan), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse. The Plan permits in-service withdrawals for participants who have attained age 50, who have incurred a disability (as defined in the Plan), and for all participants that have rollover contributions in the Plan. In the case of hardship, a participant may apply for a distribution equal to the participant's pre-tax contributions, as described in the Plan agreement. Lump sum distributions are required if the vested balance is \$5,000 or less.

Forfeited accounts: During 2015, \$2,262 of nonvested forfeitures of Company matching contributions was used to reduce employer contributions and were allocated to the participants' accounts in the same manner as contributions. At December 31, 2015, a forfeited nonvested balance of \$126 remains which will be used to reduce Company matching contributions in 2016.

Administrative expenses: Substantially all administrative expenses of the Plan are paid by the sponsor and are not included in the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees of the Plan.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

New accounting pronouncements: In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides when certain conditions are met, for a measurement date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and must be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and must be applied prospectively, with early application permitted.

Management has elected to adopt Part II for the Plan year ended December 31, 2015. Accordingly, the Plan retrospectively modified its investment disclosures as described above. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements. Parts I and III are not applicable to this Plan.

Subsequent events: In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through March 6, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

1. Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,262,063	\$ -	\$ -	\$ 2,262,063
Investments at fair value	<u>\$ 2,262,063</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,262,063</u>

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,999,584	\$ -	\$ -	\$ 1,999,584
Investments at fair value	<u>\$ 1,999,584</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,999,584</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2015 and 2014.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Capital Bank and Trust Company, the trustee of the Plan, as of December 31, 2015 and 2014 and for the year ended December 31, 2015:

	2015	2014
Investments, at fair value	\$ 2,262,063	\$ 1,999,584
Participant notes receivable	115,019	79,926
Additions to (deductions from) net assets:		
Dividends	103,118	
Net depreciation in fair value of investments	(59,292)	
Interest income on participant notes receivable	3,169	

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues loans to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

Certain of the Plan's investments are managed by affiliates of Capital Bank and Trust Company. Capital Bank and Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 – PROHIBITED TRANSACTIONS

During 2015, the Company failed to remit to the Plan's trustee certain participant contributions totaling \$197,241 within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors. The Company remitted contributions during 2015 to the affected participants' accounts. Lost earnings due to the delays totaling \$768 were remitted to the Plan during 2016 and 2017.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS totaled \$3,867 at December 31, 2015, which are recorded as a liability and a reduction of participant contributions. The Plan distributed the excess contributions to the applicable participants on June 6, 2016 and paid the required excise tax totaling \$387. There were no excess contributions at December 31, 2014.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA; however each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying Plan financial statements to Schedule H of Form 5500 at December 31, 2015 and 2014:
