Crius 401(k) Plan

Notes to Financial Statements
December 31, 2015

1. Plan Description

The following description of the Crius 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-excluded employees of Crius Energy Management (the “Company” or “Employer”) who have completed 3 months of service and are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In January of 2017, the Plan transferred its assets from Massachusetts Mutual Life Insurance Company to Great-West Trust Company, LLC.

Contributions

Each year, participants may contribute their pre-tax or post-tax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may, in its sole discretion, make a profit sharing contribution or an employer Safe Harbor contribution to the Plan. For the current plan year, the Company made a Safe Harbor contribution in the amount of $267,943 which includes a true-up contribution of $35,894. The true-up contribution is included in the Employer contribution receivable on the statements of net assets available for benefits at December 31, 2015. For the current plan year, the Company made a lost earnings contribution for the delinquent participant contributions of $28 which is included in the Employer contribution receivable on the statements of net assets available for benefits at December 31, 2015.

Vesting

Participants are 100% vested in their contributions, rollover contributions and Safe Harbor matching contribution plus actual earnings thereon. Vesting in the Company’s profit sharing and matching contributions (prior to 1/1/2013, and discretionary Company matching contributions) are based on years of continuous service as follows:

Years or Service	Percentage Vested
1	25%
2	50%
3	75%
4	100%

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings. Allocations are based on a participant’s earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Plan Description (*continued)*

Forfeitures

If a participant terminates employment and is less than 100% vested in their Employer profit sharing and matching contributions (prior to 1/1/2013, and discretionary Company matching contributions), the participant will forfeit the non-vested portion of their account. The Company uses forfeited non-vested amounts to pay administrative expenses and Employer contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $451 and $22,702. During 2015, administrative expenses were reduced by $15 and Employer contributions were reduced by $24,463 from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000, subject to the approval of a loan application. Participants may not have more than one loan outstanding at any time. The interest rate is the prime rate, plus one percentage point and will be fixed for the duration of the loan. Loans are repaid through payroll deductions within a five year period, unless the loan was made to acquire a primary residence, in which case the Administrator may permit a longer repayment term.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in their account.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of December 31, 2015 and 2014, all of the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The net asset value ("NAV") of the common/collective trust is measured at contract value, and it can be used to approximate the fair value as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Recently Issued Accounting Pronouncements

During 2015, the Plan adopted new U.S. GAAP guidance (ASU 2015-07) which removes the requirements to categorize within the fair value hierarchy alternative investments where fair value is measured using the NAV per share as a practical expedient.

During 2015, the Plan adopted new U.S. GAAP guidance which provided that: (i) fully benefit-responsive investment contracts are stated and disclosed at contract value; (ii) eliminates the disclosure to report individual investments that represent 5 percent or more of a plan's net assets available for benefits; and (iii) eliminates the disclosure for net appreciation (depreciation) for investments by general type and classes of assets on the basis of nature, characteristics and risks. Adoption did not have an effect on the Plan's net assets available for benefits.

2. Summary of Significant Accounting Policies *(continued)*

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The plan administrator believes that the Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2012.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 15, 2017.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

4. Investments

The Plan's investments consisted of the following at December 31:

	2015	2014
Investments, at Fair Value	$ 2,233,528	$ 1,502,177
Investments, at Contract Value	103,961	78,275
Total Investments	$ 2,337,489	$ 1,580,452

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $146,530.

5. Common/Collective Trust

The Plan invests in the Wells Fargo Stable Return Fund (the "Fund"). Because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund.

The Fund invests all of its assets in the Wells Fargo Stable Return Fund G (the "G Fund"). The G Fund invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (or wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

The net asset value of the Fund is calculated daily. Net investment income, if any, and realized and unrealized gains on investments are not distributed but rather are reinvested and reflected in the net asset value of the Fund. Units are issued and redeemed at the latest net assets value.

6. Party-In-Interest Transactions

Certain investments of the Plan are managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

7. Tax Status

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
