Rec Solar Commercial Corporation Prevailing Wage Plan

Notes to Financial Statements

December 31, 2014

1. Description of the Plan

General

The Rec Solar Commercial Corporation Prevailing Wage Plan (the “Plan”) is a defined contribution plan that began on January 1, 2014, when assets totaling \$1,555,889 were transferred into the Plan from the Rec Solar, Inc. Retirement Plan. The Plan is available to all employees of Rec Solar Commercial Corporation (the “Plan Sponsor”). Participation in the Plan is strictly voluntary, and employees can elect to participate on the day after attaining age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to TAG Resources, LLC (“TAG”) who processes transactions through Transamerica Life Insurance Company (“Transamerica”), agent for Reliance Trust Company (the “Trustee”).

Contributions

The Plan Sponsor is required to pay prevailing wage contributions to employees who work under certain contracts. Prevailing wage contributions are a fringe benefit paid in the form of insurance and 401(k) contributions. The amount of the prevailing wage contributions is equal to the amount determined in accordance with the prevailing rates from the Register of Wage Determinations Under the Service Contract Act from the U.S. Department of Labor.

Plan Sponsor prevailing wage contributions are remitted to TAG, who remits to Transamerica, based on the terms of the employee’s respective contract. Receivables from the Plan Sponsor for these contributions are unsecured.

Participant Accounts

Participants may allocate their Plan Sponsor contributions among various investment options as listed in the schedule of assets (held at end of year). Participants have the opportunity to change the investment options previously elected at any time.

Each participant’s account is credited with the Plan Sponsor’s prevailing wage contributions and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Investments

The Plan's investments are invested in funds offered by Transamerica. The maximum loss, if any that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform is the recorded amount of such investments.

The Plan's investments in Pooled Separate Accounts are stated at fair value based on the last reported sales price for the year. In accordance with the policy of stating investments at fair value, net appreciation or depreciation in the fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits. This includes all investments bought or sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. Fully benefit-responsive investments contracts held by the Plan are as follows:

Stable Value Fund

The Plan invests in an investment contract held in the Stable Value Fund of Transamerica. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Value Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Stable Value Fund is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Stable Value Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the previous six-month period. There is no stated minimum or maximum interest rate for the Stable Value Fund. This investment is presented at fair value in the accompanying statement of net assets available for benefits, which approximates contract value.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Investments (continued)

Stable Value Fund (continued)

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The average yield was 1.6% in 2014. The average yield credited to Plan participants approximates the average yield based on actual earnings.

Notes Receivable from Participants

Participants may borrow part of the value of their before-tax contributions from the Plan. The amount must be at least \$1,000 and not more than half of the vested value of their account, limited to \$50,000. The note is secured by the participant's remaining vested account balance. The notes are required to bear interest and to be repaid over a reasonable period of time.

Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest.

Upon default of participant notes receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the Internal Revenue Code ("IRC"), has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distribution event has occurred.

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed \$1,000 at the time of termination of employment, the participant's benefit must be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$1,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

Rec Solar Commercial Corporation Prevailing Wage Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in the Plan sponsor prevailing wage contributions plus actual earnings on these contributions.

Plan Termination

The Plan Sponsor expects to continue the Plan indefinitely but reserves the right, subject to the provisions of ERISA, to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned. In the event of Plan termination, participants will become 100% vested in their accounts.

Summary Plan Description

The foregoing description of the Plan provides only general Rec Solar Commercial Corporation Prevailing Wage Plan Summary Plan Description. Copies of this publication are available from the Plan Sponsor.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis, as are annual returns filed under applicable provisions of ERISA and the Internal Revenue Code ("IRC").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Plan and allocated to participant accounts. Remaining fees for legal, accounting and other administration are paid by the Plan Sponsor.

Rec Solar Commercial Corporation Prevailing Wage Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Subsequent Events

In preparation of the accompanying financial statements, subsequent events that have occurred since the statement of net assets available for benefits date have been evaluated through February 13, 2017, the date the financial statements were available for issuance.

Subsequent to December 31, 2014, the Plan has made distributions of approximately \$714,000 in 2015, \$546,000 in 2016 and \$56,000 in 2017. Also, Fidelity Management Trust Company will become the new trustee and record-keeper in April 2017.

3. Income Tax Status

The Plan adopted a volume submitter plan which had received a determination letter dated March 31, 2014, from the IRS which stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

4. Certified Information (Unaudited)

Transamerica, agent for the Trustee, holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets, including investments and notes receivable from participants, is included in the accompanying financial statements based on information provided to the Plan administrator and certified as complete and accurate by Transamerica. That information, which has not been audited by independent auditors, is summarized below for the year ended December 31, 2014:

	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Investments of party-in-interest:		
Pooled separate accounts	\$85,402	\$1,447,523
Stable value fund	—	26,117
Total investments of party-in-interest	\$85,402	\$1,473,640

Notes receivable from participants total \$84,551 as of December 31, 2014. Interest earned on notes receivable from participants totaled \$3,648 in 2014.

Interest income from the stable value fund of party-in-interest totaled \$438 in 2014. Fees paid to parties-in-interest amounted to \$18,827 in 2014.

Rec Solar Commercial Corporation Prevailing Wage Plan

Notes to Financial Statements (continued)

4. Certified Information (Unaudited) (continued)

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows as of December 31, 2014:

Compass EMP All Growth Portfolio Fund	\$347,053
Compass EMP Conserv Balanced Portfolio Fund	167,251
Vanguard Target Retirement 2045 Fund	106,335
Vanguard Target Retirement 2050 Fund	134,062
Vanguard Target Retirement 2055 Fund	83,932

5. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Quoted prices in active markets for identical assets.
- Level 2 Significant other observable inputs.
- Level 3 Significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

Pooled Separate Accounts: Valued at the net asset value ("NAV"), which is based on the market value of the underlying investments held by the pooled separate account at year-end. The underlying investments are all mutual funds which have quoted prices on the active market.

Stable Value Fund: Valued at fair value based on the amount that would be received if the contract was terminated at the reporting date, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Rec Solar Commercial Corporation Prevailing Wage Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:				
Small Company Equity	\$ 33,003	\$ 1,230	\$ —	\$ 34,233
Large/Mid Value Equity	39,404	—	—	39,404

Bond	26,983	5	—	26,988
High Yield Bond	26,771	—	—	26,771
Hybrid	919,840	189,675	—	1,109,515

International Equity	37,898	3,700	—	41,598
Global Equity	22,008	—	—	22,008

Total investments, at fair value	<u>\$1,224,327</u>	<u>\$249,313</u>	<u>\$ —</u>	<u>\$1,473,640</u>

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Recently Issued Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board ("FASB") issued an Accounting Standards Update ("ASU") that affects accounting and financial reporting for employee benefit plans. FASB ASU 2015-12 is intended to improve the recording of fully benefit responsive investment contracts and better summarize plan investment disclosures. The ASU is effective for fiscal years beginning after December 15, 2015. Early implementation is allowed; however, the Plan has elected not to early implement for 2014. This ASU is not expected to impact the Plan's net assets available for benefits but will eliminate certain investment disclosures.
