Independent Auditors' Report

To the Board of Trustees of
Textile Processors, Service Trades,
Health Care, Professional and
Technical Employees Local No. 1
Pension Fund
Cleveland, Ohio

We have audited the accompanying financial statements of the Textile Processors, Service Trades, Health Care, Professional and Technical Employees Local No. 1 Pension Fund (the "Plan"), which comprise the statement of net assets in liquidation available for benefits as of December 31, 2015, and the related statement of changes in net assets in liquidation available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation available for benefits of the Plan as of December 31, 2015, and the changes in its net assets in liquidation available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2015 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Emphasis of Matters - Plan Termination, Liquidation Basis of Accounting and Plan Insolvency

As further discussed in Notes 1 and 3 to the financial statements, the Plan was terminated by mass withdrawal effective December 31, 2015. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the going concern plan basis to the liquidation basis. Our opinion is not modified with respect to this matter.

As further discussed in Note 3 to the financial statements, the Plan became insolvent during 2015 and began receiving financial assistance from the Pension Benefit Guaranty Corporation, a federal government agency. Our opinion is not modified with respect to this matter.

Other Matter - 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014 and for the year then ended, were audited by other auditors whose report expressed an unmodified opinion on those financial statements, with an emphasis of matter paragraph regarding the insolvency of the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following brief description of the Textile Processors, Service Trades, Health Care, Professional and Technical Employees Local No. 1 Pension Fund (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a multi-employer defined benefit plan established in 1967 pursuant to a trust agreement between Local No. 1 of the Textile Processors, Service Trades, Health Care, Professional and Technical Employees International Union (the "Local Union") and employers of employees represented by the Local Union. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Insolvency and Termination

During 2015, the Plan became insolvent and began receiving financial assistance from the Pension Benefit Guaranty Corporation (the "PBGC"). In addition, effective December 31, 2015, the Plan was terminated under Section 4041A(a)(2) of ERISA. Refer to Note 3 for additional information regarding the insolvency and termination of the Plan.

Plan Benefits

The Plan provides for retirement benefits for the life of a vested participant payable at age 65. The Plan also provides for a Husband and Wife pension that provides a 50% or 75% surviving spouse benefit. Due to the termination of the Plan and the previous implementation of plan changes pursuant to the rehabilitation plan, adjustable benefits, including early retirement benefits and disability pensions, have been eliminated. Prior to the termination of the Plan, participants acquired vested status after completion of five years of vesting service.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Accounting – The accompanying financial statements are prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America, although the liquidation of the Plan is not expected to be complete for a number of years. As a result, the Plan is unable to reasonably estimate the income and expenses that it expects to earn and incur, respectively, through the end of its liquidation.
- B. New Accounting Pronouncement – In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; or (3) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

TECHNICAL EMPLOYEES LOCAL NO. 1 PENSION FUND

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

- C. Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results may differ from those estimates.
- D. Cash – The Plan places its temporary cash with a national financial institution which, at times, may exceed federally insured amounts. The actual balance may exceed the reported balances due to outstanding checks.
- E. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- F. Contributions – Contributions from employers are recognized when earned. Amounts not received as of December 31 are recorded as a receivable.
- G. Employer Withdrawal Liability – The Plan complies with the provisions of the Multiemployer Pension Plan Amendments Act of 1980 that require the imposition of withdrawal liability on a contributing employer that partially or totally withdraws from the Plan. When an employer withdraws from the Plan, it is assessed a withdrawal liability, calculated by the Plan's actuary, for its allocable unfunded vested liability. Due to uncertainty surrounding collection and possible settlements, the Plan recognizes employer withdrawal liability revenue, including interest, when received. See Note 4 for further details regarding employer withdrawal liability.
- H. PBGC Financial Assistance – The Plan does not have the resources, nor does it expect to have the resources in the future, to repay the promissory note described in Note 3. Accordingly, financial assistance from the PBGC is recorded as income when received and no liability is recorded on the statement of net assets in liquidation available for benefits for amounts owed under the promissory note.
- I. Fixed Assets – Office furniture and equipment is stated at cost. Depreciation is computed using the straight-line method over the assets' estimated useful lives and amounted to \$196 and \$294 in 2015 and 2014, respectively. The net book value of fixed assets approximates the fair market value of fixed assets.
- J. Payment of Benefits – Benefit payments to participants are recorded upon distribution.

TEXTILE PROCESSORS, SERVICE TRADES, HEALTH CARE, PROFESSIONAL AND
TECHNICAL EMPLOYEES LOCAL NO. 1 PENSION FUND

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

- K. Actuarial Present Value of Accumulated Plan Benefits – Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on the credited service as of the date the benefit information is presented (the valuation date). Benefits payable under all circumstances are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits was determined by an actuary from Horizon Actuarial Services, LLC and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The actuarial assumptions used were based on the presumption that the Plan would continue. Different actuarial assumptions and other factors might be applicable upon termination of the Plan. The amounts calculated as of January 1, 2015 and 2014 as shown in Note 8 do not take into account the Plan termination by mass withdrawal described in Note 3.

Significant assumptions used by the actuary in determining the actuarial present value of accumulated plan benefits as of January 1, 2015 and 2014 are as follows:

Interest Rate

3.51% and 3.64% per annum for January 1, 2015 and 2014, respectively. The interest rates were selected based on substantially all investments having been liquidated and moved to short-term investment vehicles pending the expected insolvency of the Plan.

Retirement Age

The retirement age is 65, or earliest Normal Retirement Age, if later.

Operating Expenses

\$253,000 and \$231,000, payable annually, for January 1, 2015 and 2014, respectively. Investment consulting fees are not included in assumed operating expenses.

Definition of Active Participant

For valuation purposes, an active participant is a participant who is a member of the Local Union and is employed by a participating employer as of the valuation date.

Mortality Rates

For both non-disabled and disabled participants and beneficiaries, the mortality tables in place at the time of the valuation, as prescribed by the Pension Protection Act of 2006, were used for both January 1, 2015 and 2014.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

- L. Subsequent Events – The Plan evaluated subsequent events through March 23, 2017, which is the date the financial statements were available to be issued.
- M. Reclassifications – Certain prior year amounts have been reclassified to conform to the current year presentation. These reclassifications had no effect on previously reported results of operations or net assets in liquidation available for benefits

Note 3. Plan Insolvency and Termination by Mass Withdrawal

In April 2015, the Plan became insolvent and began receiving financial assistance from the PBGC pursuant to Section 4261 of ERISA. In accordance with the terms of the agreement with the PBGC, the Board of Trustees amended the Plan to freeze and permanently suspend all benefit accruals. Future benefits will be based on a participant's credited service through the earlier of the date of the participant's termination of employment or June 30, 2015. Years of credited service on or after July 1, 2015 were frozen only in relation to the determination of the amount of a retirement benefit, but not as to qualification for any benefit under the Plan. The amendment did not impact then-present retirees, nor did it impact any benefits earned through June 30, 2015.

The maximum pension credit per year of service earned under the Plan is \$7.50, which is less than the PBGC Guaranteed Benefit of 100% of the first \$11.00 per service credit, therefore, there were no reductions to participants' monthly pension benefits after the Plan began receiving financial assistance from the PBGC.

The financial assistance received from the PBGC represents proceeds of a promissory note. Under the terms of the promissory note, the PBGC may lend the Plan additional amounts, as necessary, which shall be added to the outstanding principal balance of the note. In addition, the PBGC has waived the payment of annual insurance premiums by the Plan for any year in which it receives financial assistance; however, the unpaid premiums are added to the outstanding principal balance of the note. As of December 31, 2015, the outstanding principal balance of the note was \$263,294, which includes \$29,094 of PBGC insurance premiums waived during 2015. The promissory note also calls for interest to be accrued on the balance of the outstanding principal amount at the rate in effect under Section 6621(a)(2) of the Internal Revenue Code, compounded daily. As described in Note 2.H., there is no liability recorded on the statement of net assets in liquidation available for benefits for amounts owed to the PBGC.

During 2015, the Trustees declared that a mass withdrawal of contributing employers had occurred, resulting in the termination of the Plan under Section 4041A(a)(2) of ERISA, effective December 31, 2015.

Section 4041A of ERISA governs the payment of benefits to participants in terminated multiemployer plans. Section 4041A(c) provides that, except as provided in Section 4041A(f)(1), the plan sponsor of a plan terminated by mass withdrawal shall:

1. Limit the payment of benefits to benefits which are nonforfeitable under the Plan as of the date of termination and

Note 3. Plan Insolvency and Termination by Mass Withdrawal (Continued)

2. Pay benefits attributable to employer contributions, other than death benefits, only in the form of an annuity, unless Plan assets are distributed in full satisfaction of all nonforfeitable benefits under the Plan.

Withdrawal liability, including redetermination liability and reallocation liability, were assessed to contributing employers, as applicable, pursuant to ERISA and PBGC regulations. See Note 4 for further information.

Note 4. Employer Withdrawal Liability

As of December 31, 2015 and 2014, three employers who had previously withdrawn from the Plan were making scheduled monthly or quarterly payments of withdrawal liability. Total withdrawal liability, including interest, received from these employers was \$86,650 and \$79,137 during 2015 and 2014, respectively. Future withdrawal liability, including interest, due from these employers is as follows:

2016	\$ 90,407
2017	90,407
2018	90,407
2019	83,818
2020	52,227
2021-2026	288,563
Per annum thereafter, in perpetuity	15,027

Another employer, who withdrew from the Plan in 2012, entered into a settlement agreement in 2015 to resolve any and all potential withdrawal liability for a lump sum payment of \$744,000, less \$27,568 and \$13,784 of installment payments previously received by the Plan in 2015 and 2014, respectively.

As discussed in Note 3, the Plan terminated by mass withdrawal effective December 31, 2015. In accordance with Section 4219 of ERISA, the remaining employers were assessed a withdrawal liability as a result of the permanent cessation of contributions to the Plan. One of these employers filed for bankruptcy in 2015 and subsequently began liquidation proceedings in 2016. The Plan filed a Proof of Claim in the amount of the withdrawal liability (\$6,578,029) owed to the Plan. Based upon the assets available in the liquidated estate, the Plan was offered and accepted a distribution of \$26,312, which was received and recorded as income in 2016. A second employer entered into a settlement agreement with the Plan in 2016 to resolve any and all withdrawal liability for a lump sum payment of \$94,638, which was received and recorded as income in 2016.

Note 5. Funding

The Plan is funded by a) employer withdrawal liability, b) financial assistance from the PBGC, c) employer contributions based on collective bargaining agreements (through the December 31, 2015 plan termination), and d) investment income (prior to insolvency).

Note 6. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- Cash equivalents consist of cash and short-term investment funds that maintain daily liquidity and have a constant unit value of \$1.00, and are classified as Level 1 instruments.
- The government bond was valued based on observable market information in primary markets or by pricing services based on market values for investments with similar ratings and maturity dates, and is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no significant changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7. Tax Status

The Plan obtained its latest determination letter dated January 21, 2016, in which the Internal Revenue Service states that the Plan and related trust, as designed at the time of the 2015 application, are qualified under Section 401(a) of the Internal Revenue Code and, as such, are exempt from federal income tax. The Plan has since been amended; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require such recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2012.

Note 8. Actuarial Present Value of Accumulated Plan Benefits and Changes in Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits as of January 1, 2015 and 2014 is as follows:

	January 1,	
	<u>2015</u>	<u>2014</u>
Actuarial present value of vested accumulated plan benefits		
Participants currently receiving payments	\$ 4,998,899	\$ 5,148,089
Active and inactive vested benefits	6,461,816	6,606,758
Total vested benefits	<u>11,460,715</u>	<u>11,754,847</u>
Actuarial present value of non-vested accumulated plan benefits		
	<u>42,414</u>	<u>32,074</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$11,503,129</u></u>	<u><u>\$11,786,921</u></u>

The factors that affected the change in the actuarial present value of accumulated plan benefits from the preceding to the current benefit information date are as follows:

Total actuarial present value of accumulated plan benefits at January 1, 2014	\$11,786,921
Changes to actuarial assumptions	200,563
Benefits accumulated, net actuarial (gain) or loss	(319,094)
Benefits paid	(583,682)
Interest	<u>418,421</u>
Total actuarial present value of accumulated plan benefits at January 1, 2015	<u><u>\$11,503,129</u></u>

Note 9. Related Party/Party-in-Interest Transactions

The Plan shares administrative staff with the Local Union and the Textile Processors, Service Trades, Health Care, Professional and Technical Employees Local No. 1 Disability Benefit Fund (the "Disability Fund") for which it pays the Local Union for its pro-rata share of payroll and related taxes and benefits, and certain office expenses. The total amount paid to the Local Union for shared administration was \$79,308 and \$91,236 for 2015 and 2014, respectively, of which \$6,903 and \$6,799 was payable as of December 31, 2015 and 2014, respectively.

Certain investments held by the Plan during 2015 and 2014 were investments managed by Fifth Third Bank or Ancora Advisors (sold in 2015), the custodians of the Plan, and therefore qualify as party-in-interest transactions. Total fees paid to Fifth Third Bank and Ancora were \$13,133 and \$13,719 for the years ended December 31, 2015 and 2014, respectively.

Note 10. Risks and Uncertainties

Withdrawal liability and the actuarial present value of accumulated plan benefits are calculated based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 11. Lease Commitment

The Plan shares office space with the Local Union and Disability Fund, and pays its proportionate share of rent directly to an unrelated lessor. The lease agreement is for a two year period commencing July 2015, at \$750 per month for the Plan's proportionate share. The Plan's portion of the lease can be terminated should the Plan dissolve. Total rental expense was \$9,786 and \$11,500 for the years ended December 31, 2015 and 2014, respectively.
