INDEPENDENT AUDITOR'S REPORT

February 16, 2017

To the Board of Trustees, Plan Administrator and Participants of the
CAFL Employee Stock Ownership Plan:

Report on the Financial Statements
We have audited the accompanying financial statements of the CAFL Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of June 30, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the CAFL Employee Stock Ownership Plan as of June 30, 2016 and 2015, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information
Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of June 30, 2016 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF THE PLAN

The following description of the CAFL Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Therapeutic Management Services, Inc. (the Company) established the CAFL Employee Stock Ownership Plan (the Plan) effective as of July 1, 2014. The Plan operates as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan purchased 400,000 shares of the Company's common stock on July 1, 2014 in exchange for a $4,200,000 term note (the Note) payable to the Company, and holds the stock in a trust established under the Plan. The Note bears interest at 3.06% and is payable in twenty (20) annual installments of principal and interest totaling $283,874, which commenced June 30, 2015.

The Company makes contributions to the Plan each year equal to the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on the Note. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code (IRC).

The note is collateralized by the unallocated shares of stock; the Company has no collateral in shares that have been allocated under the Plan. Accordingly, the financial statements of the Plan as of June 30, 2016 and 2015 and for the years then ended present separately the assets and liabilities and changes therein pertaining to: a) the accounts of employees with rights in allocated stock and b) stock not yet allocated to employees.

Plan Administration

The Plan's assets, which consist of Company common shares, are held by Capital Trustees, LLC, the trustee of the Plan. Company contributions are held and managed by the trustee. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. All expenses of maintaining the Plan are paid by the Company.

1. DESCRIPTION OF THE PLAN (Continued)

Eligibility

All employees of the Company are eligible for participation in the Plan upon completion of at least 1,000 hours of service and the attainment of age 21. All employees that were employed on July 1, 2014 were immediately eligible to participate in the Plan. Employees covered by a collective bargaining agreement, non-resident aliens and any person providing services through temporary agencies, leasing organizations or independent contractor arrangements are not eligible to participate in the Plan. Participants who do not have at least 1,000 hours of service during a plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

Participant Accounts

The value of each participant's account is determined as of the last day of the plan year based on the fair value of the Plan's assets. The participants' accounts reflect the effect of employer contributions, realized and unrealized appreciation or depreciation on investments, distributions, withdrawals, expenses, and all other transactions affecting the Plan's assets during the plan year. Shares of the Company's common stock are allocated to participants' accounts based on each participant's compensation for the plan year using year-end stock values as determined by an independent appraiser. Shares repurchased by the Plan from terminated employees are reallocated to remaining participants. Plan income is allocated to participants' accounts as of the last day of the plan year based on the income attributable to the assets held in each participant's account.

Voting Rights

Each participant is entitled to exercise certain voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is permitted to vote any share for which a participant has not given instructions.

Benefit Payments

No distributions from the Plan will be made until a participant retires, becomes permanently disabled, dies, or otherwise terminates employment with the Company.

Under the provisions of the Plan, a participant's vested balance shall be paid in cash or Company stock that must be puttable, under certain circumstances, to the Plan. A participant may be required to wait until the fifth anniversary of their termination date to receive payment of their vested balance, and such balances may be paid over time. Shares are purchased from terminated employees at prices determined from the independent appraisal. No such shares were purchased from terminated employees during the years ended June 30, 2016 and 2015. The dollar value of the vested account balances of terminated participants totaled $2,437 and $0 at June 30, 2016 and 2015, respectively.

Vesting

Shares vest 20% per year beginning upon completion of two years of service, and are fully vested upon completion of six years of service. In addition, participants that attain normal retirement age while employed, or upon death or disability while employed, become fully vested in their accounts. Normal retirement age is defined as the later of age 65 or the fifth anniversary of the participant's entry date into the Plan. Participants that were employed on July 1, 2014 were credited with one year of vesting service.

1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures
If all or a portion of a participant's account is not vested upon a participant's termination of employment, the nonvested portion of his or her account remains in the Plan. If the participant completes a five-year break in service, the nonvested portion of the participant's account is forfeited and reallocated among the accounts of all remaining participants. There were no forfeitures allocated to remaining participants during the years ended June 30, 2016 and 2015.

Diversification
Qualified participants have the ability to elect after the close of each plan year to direct the investment of up to 25% of their account into investments other than common stock of the Company. Qualified participants are those participants who have attained age 55 and completed at least ten years of participation under the Plan. The qualified election period is the six-year period beginning with the plan year in which a participant becomes a qualified participant. In the sixth year, the percentage of allowed diversification increases to 50%.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of the Plan and ERISA. In the event of Plan termination, each participant's account will become fully vested. Upon termination of the Plan, the trustees shall pay all liabilities and expenses of the Plan and sell shares of stock in the event it determines such sale to be necessary in order to repay any then outstanding loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America.

Investments
The Plan's investments are stated at fair value. Purchases, sales and interest income are recorded on the trade-date basis. Dividend income is recorded on the ex-dividend date. The net depreciation in the fair value of investments consists of both realized and unrealized gains and losses on investments sold or held during the year.

Fair Value Measurements
FASB ASC 820 establishes a hierarchy for information and valuations used in measuring fair value that is broken down into three levels based on reliability of the valuation method used. Level 1 valuations are based on quoted prices in active markets for identical assets or liabilities. Level 2 valuations are based on inputs, other than quoted prices included within Level 1, that are observable, either directly or indirectly. Level 3 valuations are based on information that is unobservable and significant to the overall fair value measurement. A description of where the Plan's assets fall within the ASC 820 hierarchy is provided in Note 3.

Payments of Benefits
Benefit payments are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties
Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the accompanying financial statements.

Income Taxes
As of June 30, 2016, the Plan had not obtained an IRS determination letter. The Trustee applied for a determination letter on behalf of the Company during 2016, however it has not yet been received. The Plan administrator, along with the Plan's legal counsel, believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

The following table sets forth, by level within the fair value hierarchy, the Plan's investments that were accounted for at fair value on a recurring basis as of June 30, 2016:

	Level 1	Level 2	Level 3	Total
Common stock	$ -	$ -	$ 1,144,000	$ 1,144,000
	$ -	$ -	$ 1,144,000	$ 1,144,000

The following table sets forth, by level within the fair value hierarchy, the Plan's investments that were accounted for at fair value on a recurring basis as of June 30, 2015:

	Level 1	Level 2	Level 3	Total
Common stock	$ -	$ -	$ 1,244,000	$ 1,244,000
	$ -	$ -	$ 1,244,000	$ 1,244,000

For the years ended June 30, 2016 and 2015, there were no transfers in or out of Level 2 or Level 3.

3. FAIR VALUE MEASUREMENTS (Continued)

The Company's common stock is reported at Level 3. The valuation of the Company's common stock held by the Plan is based on fair value as determined by an independent appraisal. This appraisal was based upon generally accepted valuation methodologies, and the trustee oversees the fair value measurement valuation policies and procedures. On an annual basis, the trustee determines if the current valuation techniques are appropriate and reviews unobservable inputs used in the fair value measurements based on current market conditions and third-party information.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date, and that difference could be material.

The following table provides a reconciliation of the Plan's assets measured at fair value and classified as Level 3 for the period from July 1, 2014 to June 30, 2016.

Balance at inception (July 1, 2014)	$ -
Purchase of common shares	4,200,000
Unrealized depreciation	(2,956,000)
Balance as of June 30, 2015	1,244,000
Unrealized depreciation	(100,000)
Balance as of June 30, 2016	$ 1,144,000

The net unrealized depreciation on the Company's shares during 2016 was the result of a decrease in the enterprise value of the Company. The net unrealized depreciation on the Company's shares during 2015 resulted primarily from the fact that the Company borrowed $4,200,000 in 2015 to fund the acquisition of the shares, thereby reducing the value of the Company's equity, offset by an increase in the enterprise value of the Company.

4. INVESTMENTS

Information related to the Plan's investment in Company common shares was as follows at June 30, 2016:

	Allocated	Unallocated	Total
Number of shares	40,000	360,000	400,000
Cost	$ 420,000	$ 3,780,000	$ 4,200,000
Fair value	$ 114,400	$ 1,029,600	$ 1,144,000

Information related to the Plan's investment in Company common shares was as follows at June 30, 2015:

	Allocated	Unallocated	Total
Number of shares	20,000	380,000	400,000
Cost	$ 210,000	$ 3,990,000	$ 4,200,000
Fair value	$ 62,200	$ 1,181,800	$ 1,244,000

At June 30, 2016 and 2015, the fair values of the allocated and unallocated investments in CAFL Common Stock comprise more than 5% of the Plan's net assets available for benefits.

5. LOAN PAYABLE

The Plan purchased 400,000 shares of the Company's common stock on July 1, 2014 in exchange for a $4,200,000 term note payable to the Company. The note bears interest at 3.06% and is payable in twenty (20) annual installments of principal and interest totaling $283,874, commencing June 30, 2015. The note is collateralized by the unallocated shares of stock; the Company has no collateral in shares that have been allocated under the Plan. Minimum future principal payments required under the loan are as follows for the years ending June 30:

2017	$ 165,007
2018	170,057
2019	175,260
2020	180,623
2021	186,150
Thereafter	3,007,441
	$ 3,884,538

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investment in Therapeutic Management Services, Inc. common stock, and any transactions with the Company, qualify as party-in-interest transactions.

7. SUBSEQUENT EVENTS

Subsequent events have been evaluated through February 16, 2017, which is the date the financial statements were available to be issued.
