Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WPS/Moody Western Profit Sharing 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of September 30, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended September 30, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2016 and 2015 and the changes in its net assets available for benefits for the year ended September 30, 2016 in conformity with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended September 30, 2016 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

WPS/MOODY WESTERN PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016 AND 2015

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the WPS/Moody Western Profit Sharing 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a defined contribution plan established in 1995 to provide benefits to eligible employees of Western Precooling Systems, Inc. and its affiliates who have adopted the Plan (the "Company"). The Plan was most recently amended and restated effective October 1, 2015 to comply with legislative changes. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administration

An Administrative Committee manages the operation and administration of the Plan. Three officers of the Company serve as trustees. Great-West Life & Annuity Insurance Company ("Great-West") is custodian of participant directed investments under the elective deferral portion of the Plan. Participants direct the investment of their elective contribution accounts. Assets of the profit sharing portion of the Plan are maintained in a custodial brokerage account with Charles Schwab Institutional. An investment manager directs the investment of profit sharing plan assets subject to guidelines established by the trustees.

C. Eligibility

Substantially all employees of the Company who have attained age 21 may begin elective deferrals on the first day of the month coincident with or next following commencement of employment. An employee must complete one year of service prior to attaining eligibility for the profit sharing portion of the Plan, and a participant who is not employed on September 30 must have completed a year of service (1,000 hours) during the Plan year to be eligible for an allocation of an annual profit sharing contribution. Union employees, nonresident aliens and leased employees are specifically excluded from the Plan.

D. Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Effective May 1, 2016, the Plan allows participants to make Roth after-tax contributions. Participants of age 50 or older may elect to make additional catch-up contributions not to exceed the maximum statutory amount. Participants who make pre-tax contributions to the Plan receive an equivalent reduction in taxable compensation. The Plan permits participants to make rollover contributions of eligible amounts received from other tax-qualified retirement plans. Such contributions are subject to the approval of the Plan administrator and will be invested in accordance with participant directions.

E. Company Profit Sharing Contributions

The Company may make discretionary profit sharing contributions as defined in the Plan and approved by the Company. The Company authorized a profit sharing contribution of $450,000 for the Plan year ended September 30, 2016 which was funded on January 10, 2017.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Participant Accounts

Elective deferral and rollover accounts are administered by Great-West and are valued on a daily basis. Such accounts are credited with participant contributions, rollover contributions, and participants' elective investment earnings or losses and expenses. A separate profit sharing account is maintained for each participant that is valued annually as of September 30. Eligible participants receive a share of the Company's profit sharing contribution based on a participant's eligible compensation as adjusted to integrate with the Social Security Taxable Wage Base plus a pro rata share of investment earnings or losses and expenses.

G. Vesting and Forfeitures

A participant is fully vested immediately as to voluntary contributions, rollover contributions and related earnings. A participant becomes fully vested in his or her Company profit sharing account after three years of credited service. Forfeitures of Company profit sharing contributions are allocated as additional profit sharing contributions. Any remainder of unapplied forfeitures will thereafter be added to Company profit sharing contributions. Forfeiture activity was insignificant in 2016.

H. Notes Receivable from Participants

A participant may borrow from his or her elective deferral and rollover accounts up to the lesser of $50,000 or 50 percent of his or her vested account balance subject to a $500 minimum. A loan is secured by a participant's vested account balance, bears interest at a fixed rate based on available market financing rates at loan inception and must be repaid to the Plan within a five-year period, unless a loan is used for the purchase of a principal residence in which case the maximum repayment period may be extended. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants at September 30, 2016 carry an interest rate of 5.25%.

Notes receivable are measured at their unpaid principal balance plus accrued interest. Delinquent notes are recorded as a distribution based on the terms of the Plan.

I. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability or retirement, a participant or beneficiary may choose to maintain his or her account in the Plan or receive benefits in a lump sum equal to the value of the participant's vested account balance. Hardship distributions are permitted under limited circumstances from participants' elective contribution accounts subject to approval of the plan administrator. Benefits are recorded when paid.

J. Expenses

Mutual fund management fees and operating expenses are charged directly to the funds. Great-West pooled separate and general account investments include an expense factor charged by Great-West in addition to the accounts' management and operating expenses. Such fees are factored into mutual funds and pooled separate accounts as a reduction in investment return. Certain participant elective transaction fees are charged directly to

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

J. Expenses (Continued)

participant accounts. Other costs of administering the Plan are paid from the profit sharing portion of Plan assets including investment management, audit, record keeping and administrative fees.

K. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The Plan maintains its accounting records on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. New Accounting Pronouncements

The Financial Accounting Standards Board (FASB) recently issued *ASU 2015-07 Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 provides that entities measuring investments at net asset value per share (NAV) as a practical expedient are no longer required to categorize such investments within the fair value hierarchy. Certain disclosures continue to be required for each class of investment measured using the practical expedient to enable users to understand the nature and risks of investments measured at NAV.

ASU 2015-07 is effective for public business entities for fiscal years beginning after December 15, 2015 and for all other entities for fiscal years beginning after December 15, 2015. Earlier application is permitted. The Plan adopted ASU 2015-07 effective September 30, 2015.

The Financial Accounting Standards Board (FASB) recently issued *ASU 2015-12 Plan Accounting: Topic 960, Defined Benefit Pension Plans; Topic 962, Defined Contribution Pension Plans; Topic 965, Health and Welfare Benefit Plans.* ASU 2015-12 includes three parts. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the requirement to disclose net appreciation (depreciation) in fair value of investments by general type of investment. In addition, Part II provides for employee benefit plan investments to be grouped and presented by general type and eliminates the requirement to disaggregate investments in multiple ways. Part III is not applicable to the Plan.

ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. The Plan adopted ASU 2015-12 effective September 30, 2015.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Investment Valuation and Income Recognition

Investments held by an employee benefit plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value represents contributions made under a contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on the trade-date basis. Interest and dividend income are recorded on the date paid. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

D. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Actual results may differ from those estimates.

E. Risks and Uncertainties

Investments include a variety of securities that are exposed to various investment risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investments will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

NOTE 3 - INCOME TAX STATUS

The Company adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Company believes the Plan is operated in accordance with and qualifies under applicable requirements of the Code and related state statutes and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - RELATED PARTY TRANSACTIONS

Certain investments offered under the Plan are issued by Great-West and Charles Schwab Institutional. Purchases and sales of these securities are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting guidance on measuring fair value establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Common stocks and exchange traded funds are valued at the closing price reported on the active market on which the securities are traded. Mutual funds and the real estate investment trust are valued at the NAV of shares held by the Plan at year end based on closing market prices. The following tables summarize Plan investments at September 30 based on the inputs used to value them:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,086,237	$ -	$ -	$ 9,086,237
Exchange Traded Funds	3,657,236	-	-	3,657,236
Real Estate Investment Trust	273,144	-	-	273,144
Common Stock	368,976	-	-	368,976
	$ 13,385,593	$ -	$ -	$ 13,385,593

	2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,842,858	$ -	$ -	$ 5,842,858
Exchange Traded Funds	2,023,076	-	-	2,023,076
Real Estate Investment Trust	237,875	-	-	237,875
Common Stock	333,042	-	-	333,042
	8,436,851	-	-	8,436,851
Investments Measured at Net Asset Value[A]	-	-	-	3,443,090
	$ 8,436,851	$ -	$ -	$ 11,879,941

[A] In accordance with ASU 2015-07, investments in pooled separate accounts, measured using net asset value per unit as a practical expedient to report fair value, are no longer included in the fair value hierarchy. The fair value amount presented in this table is intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 6 - FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

Effective September 1, 2016 participant directed investments maintained in units of Great-West pooled separate accounts were replaced with a diversified menu of mutual funds. The following table summarizes Plan investments in pooled separate accounts as of September 30:

	Fair Value		Unfunded	Redemption	Redemption
	2016	2015	Commitments	Frequency	Notice Period
Pooled Separate Accounts	$ -	$ 3,443,090	None	Daily	None

NOTE 6 - FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE (Continued)

The initial pricing input used by Great-West to determine the net asset value of a pooled separate account is the closing net asset value (NAV) per share of the underlying mutual fund which is then adjusted by a formula to apply an expense factor. Great-West files U.S. Department of Labor Form 5500 as a direct filing entity for all pooled separate accounts that were included in Plan investments.

NOTE 7 - GREAT-WEST GUARANTEED PORTFOLIO FUND

Plan investments in the Great-West Guaranteed Portfolio Fund are maintained in a general account by Great-West. Great-West is contractually obligated to repay principal and a specified interest rate to the Plan. Because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to this fund. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment in the fund at contract value.

A contractually guaranteed interest rate is declared prior to the beginning of each calendar quarter. The applicable rate is credited on all deposits made during the quarter. The methodology for calculating the interest crediting rate is based on earnings of the underlying assets in the portfolio and prevailing market conditions. The average yield earned by the fund and the yield credited to participants was 1.19% and 1.20% in 2016 and 2015, respectively.

There are no reserves for credit risk of the contract issuer or otherwise. A Plan level event resulting in premature redemption of investments in the fund is subject to restrictions and may result in market value adjustments and/or redemption charges. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.

NOTE 8 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 27, 2017, the date on which the financial statements were available to be issued. There were no subsequent events that required recognition or additional disclosure in the Plan's financial statements.
