Note 1. Description of Plan

The following description of the RES Servicing Corp 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the eligible employees of RES Servicing Corporation (the Plan Sponsor). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated on February 13, 2014.

The Plan Sponsor engages Mid Atlantic Trust Company (the Trustee) to hold and invest Plan assets and execute Plan transactions based on certain elections made by participants.

Eligibility: Full-time employees who are 21 or older and have completed 1 year of service are eligible to participate in the Plan on semi-annual entrance dates of January 1 and July 1. The Plan excludes all union employees, nonresident aliens, and employees acquired as described under Code section 410(b)(6)(C).

Contributions: The Plan permits employees who are eligible to make elective deferrals into the Plan and allocate this contribution to certain investments administered by the trustee. In 2015, a participant’s maximum pre-tax annual contribution was limited to $18,000 with an additional $6,000 catch up contribution allowable for eligible employees over age 50. These limitations are adjusted annually as provided in the IRC Section 415(d).

A participant may make a rollover contribution to the Plan of amounts which he or she has received from another qualified plan.

The Plan allows for employer profit sharing contributions which are at the discretion of the Company and guaranteed safe harbor contributions of 3 percent of eligible compensation. During 2015 and 2014, the Company made no profit sharing contributions and $144,673 and $106,345, respectively, in safe harbor contributions to the Plan.

Payment of benefits: A participant may receive a benefit payment through an in-service withdrawal, hardship withdrawal, termination withdrawal, minimum required distribution, or related to death or disability. Each benefit payment type has eligibility criteria as defined in the Plan adoption agreement. Upon retirement, death or disability, participants may, in accordance with the Plan provisions, elect to receive their participating interest in (a) a lump sum or (b) monthly installments over a period not to exceed the joint life expectancy of the participant and spouse.

Participants' accounts: Each participant's account is credited with (a) the participant’s contributions (b) the employer's contributions and (c) Plan earnings (losses), if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is equal to the vested benefit in the participant's account.

Participants' investment options: Participants must direct the amounts contributed to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or Internet access to Paychex, Inc. (the TPA).

Note 1. Plan Description (Continued)

Vesting: A participant is fully vested at all times in his or her own contributions to the Plan. Participants are immediately 100 percent vested in the Company's safe harbor contributions. Participants vest in the Company's profit sharing contributions as follows:

Years of Service	Vested Percetage
1 Year	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Notes receivable from participants: Notes receivable from participants represent loans which allow participants to borrow from their fund accounts, subject to approval by the Plan Administrator. The maximum amount that may be borrowed is the lesser of 50% of the participant's vested account balance or $50,000 (subject to certain limitations set forth in the Plan agreement). The minimum amount that may be borrowed is $1,000. The loans are secured by the vested balance in the participant's account. The interest rate is fixed for the term of the loan based on prevailing market rates at the inception of the loan. Loan repayments are made through payroll deductions over a period that may not exceed five years, unless used to acquire a principal residence.

Forfeitures: At December 31, 2015, there were forfeitures of $3,043. Forfeitures may be used first to reduce expenses related to the administration of the Plan and then to reduce employer contributions.

Administrative expenses: Administrative expenses, which include custodial and certain record-keeping fees are paid by the Plan.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Income is recognized using a daily valuation method based on the daily changes in the market value. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid to the Plan's participant or when the Plan Administrator has processed the authorization of such requests with the Trustee.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan document.

Recently adopted accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan early adopted this update for the 2015 plan year and it was retrospectively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting these amendments is reflected in Note 4.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of this update is to simplify plan accounting.

- The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Note 2. Summary of Significant Accounting Policies (Continued)

The update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan early adopted all parts of this update for the 2015 plan year. Parts I and III of this update had no impact on the financial statements. Prior year disclosures have been revised to reflect the retrospective application of Part II. The impact of adopting these amendments is reflected in Note 6 and 8.

Subsequent events: The Plan has evaluated subsequent events through March 24, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Mid Atlantic Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets at December 31:

	2015	2014
Investments, at fair value:		
Registered investment companies	$ 1,776,887	$ 1,416,181
Notes receivable from participants	44,012	51,858

Mid Atlantic Trust Company also certified to the completeness and accuracy of the $66,629 of net depreciation in fair value of investments, $2,648 of interest income on notes receivable from participants, and $62,412 of dividends and interest for the year ended December 31, 2015.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies: Fair values are based on unadjusted quoted prices in active markets. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and these investments are classified as Level 1.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor’s management believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,776,887	$ -	$ -	$ 1,776,887
Total investments, at fair value	$ 1,776,887	$ -	$ -	$ 1,776,887

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,416,181	$ -	$ -	$ 1,416,181
Total investments, at fair value	$ 1,416,181	$ -	$ -	$ 1,416,181

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. There were no transfers among levels for the years ended December 31, 2015.

Note 5. Tax Status

The Plan has adopted a nonstandardized form of a prototype plan sponsored by Paychex Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter, dated April 10, 2014, has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan follows FASB ASC 740-10-5 on accounting for uncertainty in income taxes. The Plan Sponsor's management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2015 and 2014, and for the year ended December 31, 2015. Generally, the Plan is no longer subject to income tax examinations by U.S. federal, state or local tax authorities for years before 2012.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Exempt Party-in-Interest Transactions

Certain Plan investments are investment contracts with Mid Atlantic Trust Company. Mid Atlantic Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as permitted party-in-interest transactions, as defined by ERISA. Most administrative expenses of the Plan are paid by the Plan Sponsor, and personnel and facilities of the Plan Sponsor have been used by the Plan at no additional charge to the Plan.
