REDNECK, INC. EMPLOYEE'S 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

August 31, 2016 and 2015

Note 1: Description of Plan

1. General: The Plan is a defined contribution plan covering employees of Redneck, Inc., (the Company), and certain affiliated businesses, who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.
2. Contributions: Each year, participants may contribute amounts not to be less than 1% nor more than the maximum dollar amount or percentage specified by the Plan Administrator (if not specified, the maximum permitted by law) of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes to the Plan a discretionary percentage match. The actual percentage is determined by the Company prior to the beginning of each Plan Year. The participants direct the investment of the Company match. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors and the investment is directed by the participants. Contributions are subject to certain IRS limitations.

Supplemental Contributions: The Company may make optional contributions for any plan year at the discretion of its Board of Directors.

3. Participant Accounts: Each participant's account is credited with the participant's contribution, employer match and the allocation of (a) the Company's discretionary contribution, (b) Plan earnings, (c) forfeitures of terminated participants' nonvested accounts. Allocations of discretionary contributions, forfeitures and earnings related to forfeitures will be made in the ratio that the compensation of each participant bears to the total compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is fully vested after six years of credited service.
5. Investment Options: Effective August 17, 2015, the Plan has an investment contract with T. Rowe Price Retirement Plan Services, Inc. (T. Rowe Price). Upon enrollment in the Plan, participants may direct their investments among the T. Rowe Price investment choices. These investment choices are not guaranteed by the FDIC or any other government agency. These investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return.

Under the contract, the participants may also invest in Separate Accounts. These separate accounts are not proprietary to T. Rowe Price, and allows investing exclusively in one underlying mutual fund traded on an established market. These separate accounts begin with a price determined by T. Rowe Price, and the number of units issued are calculated to match the current fair market value of the underlying mutual fund holdings. This is known as unitizing the underlying assets. The price of each separate account investment will not match the price of the corresponding mutual fund. The rate of return of each will be consistent, taking into account any plan/participant expenses.

Notes to Financial Statements

August 31, 2016 and 2015

Note 1: Description of Plan (continued)

6. Participants may change their investment options daily.
7. Payment of Benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, immediate installment payments, or a plan-to-plan transfer.
8. Forfeited Accounts: Forfeited nonvested accounts are reallocated among participants in the ratio that the compensation of each participant bears to the total compensation of all participants in the year of forfeiture. During 2016 and 2015, the Plan reallocated forfeitures of \$31,849 and \$143,069, respectively.
9. Note Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms range 1 to 5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus one percent. Principal and interest is paid ratably through bi-weekly or semi-monthly payroll deductions.

Note 2: Summary of Accounting Policies

- A. Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.
- B. Investment contracts: Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the contract value of the investment contracts which approximates fair value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.
- C. Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.
- D. Investment Valuation: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 11 for discussion of fair value measurements.

Security transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- E. Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Notes to Financial Statements (continued)

August 31, 2016 and 2015

Note 2: Summary of Accounting Policies (continued)

- F. Tax Status: The Internal Revenue Service (IRS) has determined and informed the DST Retirement Solutions, LLC by letter dated June 1, 2015, that the Volume Submitter Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by jurisdictions: however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to August 31, 2013.

- G. Payment of Benefits: Benefits are recorded when paid.

- H. Note receivable from participants: Notes receivable from participants are measured at unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

- I. Since the inception of the Plan, the following restatement and amendments have been adopted:

1. The Plan was amended and restated in its entirety on April 26, 2010, effective September 1, 2002.
2. Amendment One: The Plan was amended effective September 1, 2011. The following changes were made:

Section 2.9 is amended to permit non-lead production employees of Redline Products, LLC to be eligible to participate in the Plan, provided they meet the other eligibility requirements of the Plan.

Section 2.11 is amended to provide that Four G's Ranch is now considered a participating employer.

Section 3.1 is amended to eliminate the one year of service requirement for purposes of making elective deferrals and participating in employer discretionary contributions.

Section 3.2 is amended to reflect the change to Sections 3.1, so that former employees who are rehired are automatically permitted to participate in the Plan for purposes of making elective deferrals and receiving employer discretionary contributions.

Section 12.1 is clarified to say that participants cannot have more than one loan outstanding beginning February 1, 2012.

3. The Plan was amended and restated in its entirety effective August 15, 2015.

- 4 The Plan was amended and restated on April 15, 2016 to bring the Plan into compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes.

- J. Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 24, 2017.

Notes to Financial Statements (continued)

August 31, 2016 and 2015

Note 2: Summary of Accounting Policies (continued)

- K. Expenses: Expenses related to maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.
- L. Subsequent Events: The Plan has evaluated subsequent events through March 24, 2017, the date the financial statements were available to be issued.

Note 3: Investments

The following table presents investments at August 31, 2016 and 2015. Investments that represent 5% or more of the Plan's net assets are separately identified. Investments at fair value as determined by quoted market price are as follows:

	\$ 187,815

Note 4: Costs Absorbed by Plan Sponsor

Redneck, Inc. incurred no custodian fees associated with the Plan during 2016 and 2015. As discussed in Note 6, Redneck, Inc. pays for certain operational expenses incurred by the Plan.

Note 5: Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at August 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the years ended August 31, 2016 and 2015 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company (the custodian of the Plan).

Notes to Financial Statements (continued)

August 31, 2016 and 2015

Note 6: Party-in-Interest Transactions:

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Retirement Plan Services. T. Rowe Price serves as the recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees in the amount of \$39,040 were paid to T. Rowe Price during the year ended August 31, 2016. Fees in the amount of \$10,342 were paid to Transamerica for investment management services during the year ended August 31, 2015.

The Plan Sponsor pays directly any fees related to the Plan's operation, including audit fees in the amount of \$19,850 and \$14,000 during Plan years ended August 31, 2016 and 2015, respectively to Schultz, Wood & Rapp, P.C.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at August 31, 2016 and 2015 to Form 5500:

	2016	2015
Net assets available for benefits per the financial statements	\$ 17,616,978	16,751,085
Employer contributions receivable	(250,731)	(405,455)
Excess contributions payable	730	1,196
Loan payments receivable	548	4,760
Net assets available for benefits per Form 5500	<u>\$ 17,367,525</u>	<u>16,351,586</u>

Note 9: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) Quoted prices for similar assets or liabilities in active markets; (2) Quoted prices for identical or similar assets or liabilities in inactive markets; (3) Inputs other than quoted prices that are observable for the asset or liability; (4) Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

REDNECK, INC. EMPLOYEE'S 401(K) PROFIT SHARING PLAN

Notes to Financial Statements (continued)

August 31, 2016 and 2015

Note 9: Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2016 and 2015:

Assets at Fair Value as of:**August 31, 2016**

	Level 1	Level 2	Level 3	Total
