Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Best Overnite Express, Inc. 401(k) Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2014 Financial Statements

Our responsibility is to express an opinion on the 2014 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion on the 2014 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2014 Financial Statements

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the 2014 financial statements. We have been informed by the Plan administrator that the custodian held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion on the 2014 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2014 Financial Statements paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements, other than that derived from the information certified by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter – 2013 Financial Statement

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by Standard Insurance Company, the custodian of the Plan. Their report, dated October 7, 2014, indicated that (a) because of the significance of the information they did not audit, they were unable to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements and, accordingly, they did not express an opinion on the 2013 financial statements and (b) the form and content of the information included in the 2013 financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

Other Matter – Merger with CTA 401(k) Plan

As discussed in Note 1 to the financial statements, the Plan merged with the CTA 401(k) Plan, a multiple employer plan, on December 31, 2014. Our opinion is not modified with respect to that matter.

Notes to Financial Statements

December 31, 2014

1. Description of the Plan

The following description of the Best Overnite Express, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of Best Overnite Express, Inc. (the "Plan Sponsor"). Participation in the Plan is strictly voluntary, and employees can elect to participate on January 1 or July 1 after attaining age 21 and completing six months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to Standard Insurance Company (the "Custodian").

On December 31, 2014, the Plan merged with the CTA 401(k) Plan, a multiple employer plan.

Contributions

Participating employees may defer 401(k) contributions up to 100% of their pre-tax annual compensation, as defined in the Plan, subject to the Internal Revenue Service ("IRS") limitations. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers); there were no rollovers in 2014 Participants direct the investment of their contributions into various investment options offered by the Plan as listed in the schedule of assets (held at end of year). Participants have the opportunity to change the investment options previously elected at any time.

The Plan Sponsor may make discretionary matching and discretionary profit sharing contributions. During 2014, the Plan Sponsor did not make a discretionary matching or discretionary profit sharing contribution.

Participant contributions to the Plan are made through periodic payroll deductions. The participant contributions are remitted to the custodian after each payroll. Discretionary matching and discretionary profit sharing contributions, if any, are remitted annually. Receivables from the Plan Sponsor for contributions are unsecured.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary matching and discretionary profit sharing contributions and Plan earnings or losses. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings on these contributions. Vesting in the Plan Sponsor's discretionary matching and discretionary profit sharing contribution portion of their accounts plus related earnings is based on years of vesting service in which the participants complete 1,000 hours of service, as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The notes are required to bear interest and to be repaid over a reasonable period. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed $5,000 at the time of termination of employment, the participant's benefit must be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds $5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

1. Description of the Plan (continued)

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. As of December 31, 2013, the Plan did not have a forfeiture balance available to reduce future employer contributions or pay Plan expenses.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis, as are annual returns filed under applicable provisions of ERISA and the Internal Revenue Code ("IRC").

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

2. Significant Accounting Policies (continued)

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses was recorded as of December 31, 2013.

Upon default of participant notes receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution, whether or not a distribution event has occurred.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses paid by the Plan sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Recently Issued Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. During 2015, management has elected to adopt Parts I and II early.

2. Significant Accounting Policies (continued)

Reclassifications

Certain amounts in the prior year have been reclassified to conform with 2014 classifications.

Subsequent Events

In preparation of the accompanying financial statements, subsequent events that have occurred since the statement of net assets available for benefits date have been evaluated through February 2, 2017, the date the financial statements were available for issuance.

3. Certified Information (Unaudited)

Standard Insurance Company, the Custodian, holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets, including investments and notes receivable from participants, is included in the accompanying financial statements based on information provided to the Plan administrator and certified as complete and accurate by the Custodian. That information, which has not been audited by independent auditors, is summarized below.

The value of investments as of December 31, 2013, was as follows:

Investments at fair value	$1,265,173
Investment at contract value	154,728
Total investments	$1,419,901

Notes receivable from participants totaled $57,366 as of December 31, 2013. Interest earned on participant notes receivable totaled $2,277 in 2014.

Net appreciation in fair value of investments totaled $68,022 in 2014. Interest income from the stable asset option totaled $1,012 in 2014.

Fees paid by the Plan to parties-in-interest totaled $6,648 in 2014.

The Plan had one investment representing greater than 20% of net assets available for benefits as of December 31, 2013.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, which have not changed during 2014 or 2013:

Pooled Separate Accounts: Valued daily using publicly available quoted market prices of the underlying investments held by the pooled separate account at year-end.

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ –	$1,265,173	$ –	$1,265,173

5. Stable Asset Option

The Plan invests in a fully benefit-responsive traditional investment contract held in the Standard Insurance Company Stable Asset Option ("Stable Asset Option"). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Standard Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with Standard Insurance Company. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

6. Related Party Transactions and Party-in-Interest Transactions

Plan investments are in accounts of the Custodian, and therefore, these transactions qualify as party-in-interest transactions. Related party transactions include contributions from the Plan Sponsor.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Plan sponsor contributions.

8. Income Tax Status

The Plan adopted a volume submitter plan which had received a determination letter dated March 31, 2008, from the IRS which stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

9. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.
