Note 1. Description of Plan

The following description of the Oak State Products, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Oak State Products, Inc. (the Company) that have completed six consecutive months of service and are age 18 or older. Employees who are members of a collective bargaining agreement between employee representatives and the Company, non-resident aliens, and leased, part-time or seasonal employees not expected to work at least five hundred hours in a plan year are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to reduce their salary and have that amount contributed to the Plan. The elective deferral amount may not be more than the lesser of: (a) 85 percent of their eligible compensation for the period, (b) the maximum dollar limit allowed under the requirements of the Internal Revenue Code, or (c) such lesser amounts as determined by the discrimination tests for the Plan. Participants who have attained age 50 or older during the plan year are eligible to make catch-up contributions. Contributions are permitted to be made pre-tax (tax deferred) and/or on a post-tax basis by electing the Roth option. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and these amounts are reflected as rollover contributions. The Company contributes 50 percent of the first 3 percent of eligible compensation that a participant contributes to the Plan, plus 20 percent of salary deferrals that exceed 3 percent of eligible compensation but do not exceed 8 percent of eligible compensation. Contributions are subject to certain limitations.

Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers mutual fund investment options and a common/collective trust fund investment option for participants.

Participant accounts: Each participant's account is credited with the participant's elective and, if applicable, rollover contributions, transfers to the Plan, and allocations of (a) the Company's contributions and (b) plan earnings or losses and charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all contributions (elective, rollover and employer matching contributions) plus actual earnings thereon.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. Loan terms include a minimum of 1 year and a maximum of 5 years, unless the loan is for the purchase of a primary residence in which the maximum term is 15 years. Loans are secured by the vested balance in the participant's account and bear interest at a fixed rate of interest of 2 percent above the prime rate of interest established by Wells Fargo Bank, N.A. Interest rates applicable to outstanding notes receivable as of June 30, 2016, ranged from 5.25 percent to 5.50 percent. Principal and interest are paid ratably through payroll deductions.

Note 1. Description of Plan (Continued)

Payments of benefits: On termination of service due to death, disability, or retirement, a participant with a vested account balance greater than \$5,000 may elect to delay distribution or elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of years not longer than the participant's life expectancy or the joint and last survivor life expectancies of the designated beneficiary. Participants with vested account balances less than \$5,000 receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows for age 59.5 in-service withdrawals for elective deferrals only.

Additionally, a participant may also elect to have a portion or all of his or her distributions paid in the form of a direct custodian-to-custodian transfer to another eligible retirement plan designated by the participant. A participant may also receive a distribution of his or her elective deferral contributions if a participant has a financial hardship as defined in the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's custodian. The methods used to estimate the fair value of investments are described in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions applicable to the Plan are performed by employees of the Company. No such employees receive compensation from the Plan. Certain other administrative expenses are also paid directly by the Company.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting standards: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. For nonpublic entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the plan year ended June 30, 2016, and it was retrospectively applied to June 30, 2015. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this update is to simplify plan accounting.

- The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate.

In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part II of this update for the plan year ended June 30, 2016, and the amendments in Part II were retrospectively applied to June 30, 2015. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Note 3. Information Certified and Provided by Wells Fargo Bank, N.A., the Custodian of the Plan

The following is a summary of the Plan's asset information as of June 30, 2016 and 2015, and for the year ended June 30, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by Wells Fargo Bank, N.A., the custodian of the Plan.

The Plan Administrator has obtained certifications from the custodian of the Plan that the information provided to the Plan Administrator by the custodian of the Plan related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears in this Note, Note 4, throughout the financial statements and the supplemental schedule related to the following assets:

	2016	2015
Investments:		
Shares of registered investment companies (mutual funds), at fair value	\$ 15,337,461	\$ 15,668,510
Common/collective trust fund, at fair value	\$ 408,296	\$ 405,252
Notes receivable from participants *	\$ 342,687	\$ 348,237

* Notes receivable from participants as of June 30, 2016 and 2015, were not certified by Wells Fargo Bank, N.A., the custodian of the Plan. Related thereto, the custodian also did not certify the interest income on notes from participants of \$18,032 for the plan year ended June 30, 2016.

The custodian certified to the completeness and accuracy of \$1,063,602 of net depreciation in fair value of investments and \$196,783 of interest and dividends income for the year ended June 30, 2016.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Oak State Products, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016 and 2015.

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: The units of investment in the common/collective trust fund are stated at NAV which is based on the aggregate fair value of the underlying assets of the trust in relation to the total numbers of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended June 30, 2016, there were no transfers in or out of Level 3.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2016 and 2015:

	Level 1	Level 2	Level 3	Total
Assets at Fair Value as of June 30, 2016				
Shares of registered investment companies (mutual funds)	\$ 15,337,461	\$ -	\$ -	\$ 15,337,461
Total assets in the fair value hierarchy	15,337,461	-	-	15,337,461
Investments measured at net asset value (a)				408,296
Investments, at fair value	\$ 15,337,461	-	-	\$ 15,745,757

	Level 1	Level 2	Level 3	Total
Assets at Fair Value as of June 30, 2015				
Shares of registered investment companies (mutual funds)	\$ 15,668,510	\$ -	\$ -	\$ 15,668,510
Total assets in the fair value hierarchy	15,668,510	-	-	15,668,510
Investments measured at net asset value (a)				405,252
Investments, at fair value	\$ 15,668,510	-	-	\$ 16,073,762

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefit.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of June 30, 2016 and 2015:

Investments	2016 Fair Value	2015 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust fund:					
Wells Fargo Bank, N.A.					
Stable Return Fund	\$ 408,296	\$ 405,252	\$ -	Daily	None

Note 5. Related-Party Transactions

Certain plan investments are shares of registered investment companies (mutual funds) and a common/collective trust fund managed by Wells Fargo Bank, N.A., the custodian of the Plan, and therefore these transactions qualify as party-in-interest transactions.

Notes to Financial Statements

Note 6. Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Wells Fargo Bank, N.A. The prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, as to the prototype plan's qualified status. The prototype opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal tax authorities for years before 2013.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, each participant's account balance will be distributed to the participant or named beneficiary.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation Between Financial Statements and the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at June 30, 2016 and 2015:

	2016	2015
Net assets available for benefits per the financial statements	\$ 16,088,444	\$ 16,422,650
Differences in:		
Receivables - notes receivable from participants	(342,687)	(348,237)
Investments	342,687	348,237

Note 10. Subsequent Events

The Plan Administrator has evaluated events occurring subsequent to June 30, 2016, as to their potential impact to the financial statements through March 31, 2017, which is the date the financial statements were available to be issued.

On August 1, 2016, Oak State Products, Inc., which was the Plan Sponsor as of and for the years ended June 30, 2016 and 2015, was acquired by Hearthside Food Solutions, LLC, who became the Plan Sponsor upon closing of the acquisition.
