INDEPENDENT AUDITORS' REPORT

Akers Packaging Service, Inc. Chicago Plant
Hourly Employees Pension Plan Committee:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Akers Packaging Service, Inc. Chicago Plant Hourly Employee Pension Plan as of June 30, 2016 and 2015, which comprise the statements of net assets available for benefits and of accumulated plan benefits and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended June 30, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule of Assets (Held at End of Year) and the Schedule of Reportable Transactions as of June 30, 2016 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each presribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

10. Actuarial Value of Assets:

Three-year Smoothed Market Value. Under this method, each year, an actuarial gain/(loss) is calculated by determining the difference between expected market value and actual market value. Expected market value is equal to the prior year's market value brought forward with actual contributions, expenses and distributions and an actuarially assumed rate-of-return.

Actuarial Value of Assets is equal to market value less 2/3 of the prior year's gain/(loss) less 1/3 of second prior year's gain/(loss). The final Actuarial Value of Assets will be adjusted to be no less than 90% or no more than 110% of market value of assets.

11. Changes Since Last Year:

The mortality table was updated to the IRS 2015 Static Mortality Table.

The interest rates for funding were updated to the IRS three-tiered segment rates as of the fourth month prior to the valuation date as required by IRS regulations and as indicated above.

INDEPENDENT AUDITORS' REPORT

Akers Packaging Service, Inc. Chicago Plant
Hourly Employees Pension Plan Committee:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Akers Packaging Service, Inc. Chicago Plant Hourly Employee Pension Plan as of June 30, 2016 and 2015, which comprise the statements of net assets available for benefits and of accumulated plan benefits and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended June 30, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule of Assets (Held at End of Year) and the Schedule of Reportable Transactions as of June 30, 2016 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of the Akers Packaging Service, Inc. Chicago Plant Hourly Employees Pension Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering hourly employees at the Chicago plant of Akers Packaging Service, Inc. (the Company) who had completed one year of service prior to March 31, 2008. The Plan was frozen on March 31, 2008. As a result, the Plan is closed to new participants and no additional service is credited to employees after March 31, 2008 for purposes of determining accrued benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension benefits

An employee with 5 or more years of service is entitled to monthly pension benefits beginning at normal retirement age (65). The Plan permits early retirement at age 55, provided the employee has completed 15 or more years of service. If an employee terminates before rendering 5 years of service, they forfeit the right to receive any portion of their accumulated plan benefits. The benefit is determined by multiplying the participant's credited service by a corresponding pension factor. Unmarried participants receive the value of their accumulated plan benefits as a single life annuity. Married participants receive an actuarially equivalent qualified joint and 50% survivor annuity. A participant may elect another mode of payment of equivalent value with the consent of the Plan's Retirement Committee.

Death and disability benefits

If an active employee dies, the death benefit will be equal to the actuarial equivalent of the "minimum spouse's death benefit" as defined by the Plan. Active employees who become totally disabled receive disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled.

2. SUMMARY OF ACCOUNTING POLICIES:

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial present value of accumulated plan benefits
Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated benefits as of July 1, 2016 and 2015, is determined by an actuary from Cuni, Rust & Strenk and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payments (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations are (a) life expectancy of the participants using the Internal Revenue Service 2016 Static Mortality Table and the 2015 Static Mortality Table was used, (b) retirement age of 65, (c) discount rate of 6.00% and 6.20% for July 1, 2016 and 2015, and (d) IRS Segement rates are as follows for July 1, 2016: Tier 1 (Years 0-5): 4.43%, Tier 2 (Years 5-20): 5.91%, Tier 3 (Years 20+): 6.65% and for July 1, 2015: Tier 1 (Years 0-5): 4.72%, Tier 2 (Years 5-20): 6.11%, Tier 3 (Years 20+): 6.81%, respectively. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actual present value of accumulated plan benefits.

Payment of benefits
Benefit payments to participants are recorded upon distribution.

Purchasing insurance contracts that are excluded from Plan Assets
Periodically, the Plan will evaluate the option of purchasing annuities for plan beneficiaries. During the year ended June 30, 2016, the Plan purchased annuities for four retirees amounting to $37,352 being transferred out of plan assets.

Subsequent events
The plan administrator evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The plan administrator has considered subsequent events for disclosure in the accompanying financial statements through March 27, 2017, which is the date the financial statements were available to be issued.

3. FUNDING POLICY:
The Company's funding policy is to make annual contributions as actuarially determined in order that all employees' benefits will be fully provided for by the time they retire. The Company's contribution for the years ending June 30, 2016 and 2015 met the minimum funding requirements of ERISA.

Participants are not required or permitted to make contributions to the Plan.

4. PLAN TERMINATION:
Although the Company has not indicated intention to do so, they have the right to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in order of priority determined in accordance with ERISA, applicable regulations and the Plan document. Upon termination, it is possible that the net assets will not be available on a pro-rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC), a U.S. government agency, at the time. Information concerning payment of benefits if the Plan terminates is available in the Plan's Summary Description.

5. INVESTMENT INFORMATION CERTIFIED BY THE TRUSTEE:

The Trustee for the Plan as of and for the years ended June 30, 2016 and 2015 was State Street Bank and Trust Company. The following is a summary of the unaudited information included in the Plan's financial statements that was prepared by the Trustee, and furnished to the Plan administrator (the Plan administrator has obtained certifications from the Trustee that such information is complete and accurate):

Investments:

	2016	2015
Market value	$ 1,683,515	1,729,260
Investment income (loss)	(25,381)	922

6. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during 2016 and 2015.

Registered investment company – Valued at a daily calculated net asset value and is traded at a quoted price through the National Securities Clearing Corporation.

The carrying amount of the employer's contribution receivable approximates fair value as of June 30, 2016 and 2015 because of its relatively short maturity.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2016:

	Assets at Fair Value as of June 30, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,683,515	-	-	1,683,515
Total	$ 1,683,515	-	-	1,683,515

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2015:

	Assets at Fair Value as of June 30, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,729,260	-	-	1,729,260
Total	$ 1,729,260	-	-	1,729,260

7. RELATED PARTY TRANSACTIONS:

The Plan's investments consist of units of various funds within the Transamerica Retirement Solutions Corporation. Transamerica Retirement Solutions Corporation acts as the asset manager of the Trust and investment advisor to the Plan. Transamerica Retirement Solutions Corporation is a related party of the Plan's trustees; therefore, transactions between the Plan and the Trust qualify as party-in-interest. Cuni, Rust, and Strenk, (CRS) is a party-in-interest that provided actuarial services and prepared the Form 5500 for the years ended June 30, 2016 and 2015. Fees paid to the trustees, for investment management and administrative services amounted to $4,843 and $6,807 for the years ended June 30, 2016 and 2015, respectively.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain plan expenses are paid by the Company. The value of such expenses is not recorded by the Plan.

8. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated December 19, 2003 that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statement.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various registered investment company funds. Registered investment company funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain registered investment company funds, it is at least reasonably possible that changes in the values of the registered investment company funds will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
