To the Board of Directors of
F & B Mfg LLC
Elk Grove Village, Illinois

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of F & B Mfg LLC Profit Sharing and 401(k) Plan (the "Plan") as of and for the year ended June 30, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information listed in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiencies in the Plan's internal control to be material weaknesses:

Department of Labor (DOL) Regulation 2510.3-102 requires employers to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During our testing of the timeliness of the remittance of employee contributions, we noted certain loan repayments and employee contributions were not remitted in accordance with this regulation.

During our testing of participant data, we noted the Plan sponsor incorrectly calculated employer matching contributions for several F&B Mfg LLC participants.

The Plan document states loan interest rates will be based on rates available for similar loans from commercial lending institutions. During our testing of participant loans, we noted the interest rate charged on all loans is the prime rate.

The following issues noted during the audit for the year ended June 30, 2015 have not yet been corrected:

- Employer match calculation errors found during the audit have not been corrected.
- Missed deferral on a participant's bonus was not corrected.

The following issues noted during the audit for the year ended June 30, 2014 have not yet been corrected:

- Employer match calculation errors found during the audit have not been corrected.
- Missed deferral on a participant's bonus was not corrected.

The following issues noted during the audit for the year ended June 30, 2013 have not yet been corrected:

- Lost earnings on late remittances have not been calculated and remitted.
- Employer match calculation errors found during the audit have not been corrected.

The following issues noted during the audit for the year ended June 30, 2012 have not yet been corrected:

- Lost earnings on late remittances have not been calculated and remitted.
- Deferrals of Excalibur Precision Manufacturing, LLC participants were withheld and remitted to Principal but were credited as employer matching contributions to other F&B Mfg LLC Plan participants.
- The Plan sponsor incorrectly deposited $7,398 into certain participants' accounts. In addition, we noted improper allocations of employer match contributions to certain participants.

This communication is intended solely for the information and use of the Board of Directors, management and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors of
F & B Mfg LLC
Elk Grove Village, Illinois

We have conducted a DOL limited-scope audit of the financial statements of F & B Mfg LLC Profit Sharing and 401(k) Plan for the year ended June 30, 2016 and have issued our report thereon dated April 11, 2017. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information listed in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated January 4, 2017. Professional standards also require that we communicate to you the following information related to our audit.

**Significant Audit Findings**

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by F & B Mfg LLC Profit Sharing and 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2016. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

*Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

However, we have noted that material weaknesses listed on prior years' control deficiency letters have not been addressed. Corrections need to be made for multiple participants for multiple years.

*Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

*Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

*Management Representations*

We have requested certain representations from management that are included in the management representation letter dated April 11, 2017.

*Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

*Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Directors of F & B Mfg LLC and administrators of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

MPS\CPA

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Other Matter**

The supplemental schedules of delinquent participant contributions for the year ended June 30, 2016 and of assets (held at end of year) as of June 30, 2016 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

## NOTE 1. DESCRIPTION OF PLAN

The following description of the F & B Mfg LLC Profit Sharing and 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution plan covering all employees of F & B Mfg LLC and Excalibur Precision Manufacturing, LLC (collectively referred to as "Company") who have completed two months of service. Effective June 1, 2016, the Plan was amended to exclude employees covered by a collective bargaining agreement, leased employees and nonresident aliens. The amendment also changed the federal employer identification number of the Plan to 36-4289910. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors of F & B Mfg LLC oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Effective October, 2015, Excalibur Precision Manufacturing, LLC ceased operations.

*Contributions*

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may make matching contributions on behalf of all active and terminated participants who made a pretax compensation contribution to the Plan regardless of the amount of service the participant completed during the year. The Company may also make discretionary profit sharing contributions on behalf of participants who work 1,000 hours and are employed on the last day of the Plan year. For the year ended June 30, 2016, the Company made matching contributions totaling $20,630 and no profit sharing contributions.

The Plan currently offers various mutual funds as investment options for participants. The investment of participant and Company contributions into these investment options is determined by each participant. Contributions are subject to certain limitations.

*Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses). Participant accounts are charged with an allocation of any administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the Company's matching contributions. Through May 31, 2015, vesting in the Company's profit sharing contribution portion of their account was based on years of continuous service. A participant was 100% vested after six years of credited service. Effective June 1, 2016, participants are immediately vested in the Company's profit sharing contributions.

As is more completely described in the Plan's provisions prior to June 1, 2016, a participant also became 100% vested in the Company's profit sharing contribution portion of their account through attaining their normal retirement date, permanent disability or death.

*Notes Receivable*

Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at fixed rates that are commensurate with local prevailing rates in effect at the time the loan is made. Principal and interest is paid ratably through automatic payroll deduction.

*Payment of Benefits*

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with the Plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan provides for hardship withdrawals from participant's accounts in which the participant is 100% vested. The IRS safe harbor definition of a hardship will apply.

The Plan also provides for in-service distributions from participant's accounts in which the participant is 100% vested. The participant must have attained the age of 59 1/2.

*Forfeited Accounts*

Forfeited nonvested account balances are used to reduce future Company contributions to the Plan, subject to Internal Revenue Service limitations. There were no forfeited nonvested accounts at June 30, 2016 and 2015.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

*Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts. The Plan's investment in a common/collective trust fund is accounted for as a fully benefit-responsive investment contract.

*Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

*Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisor and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2016 or 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

*Payment of Benefits*

Benefits are recorded when paid.

*Administrative Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

## NOTE 3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

*Level 1 Fair Value Measurements*

The fair value of mutual funds is based on quoted net assets values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value ("NAV") and transact at the price. The mutual funds held by the Plan are considered to be actively traded.

*Level 2 Fair Value Measurements*

The fair value of the units of a pooled separate account is based on the daily NAVs which represent the cumulative market values of the pooled separate account's underlying investments.

The fair value of the common/collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The common/collective trust fund had no unfunded commitments as of June 30, 2016, and can be redeemed daily with no redemption price notice period or other redemption restrictions.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2016 and 2015.

| | Fair Value | Fair Value Measurements at the End of the Reporting Period Using: Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) |

During the year ended June 30, 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

| | |
|---|---|
| Mutual funds | $ (19,620) |
| Pooled separate account | 5,321 |
| Common/collective trust fund | 10,672 |
| Net depreciation in fair value | $ (3,627) |

## NOTE 5. COMMON/COLLECTIVE TRUST FUND

One of the Plan's investment options was the Principal Stable Value Fund, a common/collective trust fund (the "CCT"). The CCT was a commingled pool managed by an affiliate of Principal Life Insurance Company ("Principal"). The CCT invested in underlying assets, such as short-term bonds and other fixed income securities and also purchased wrap contracts issued by insurance companies and other financial institutions. The CCT was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrap issuer was contractually obligated to repay the principal and a specified interest rate and provide full benefit responsiveness.

Because the CCT was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the CCT. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the CCT at June 30, 2015 was $851,266. The crediting interest rate was based on a formula agreed upon with the issuer, but it may not have been less than zero percent. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events limited the Plan's ability to transact at contract value with Principal. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The average yields were as follows:

| | 2016 | 2015 |
|---|---|---|
| Based on actual earnings | 0.90 % | 0.90 % |
| Based on interest rate credited to participants | 0.90 % | 0.90 % |

## NOTE 6. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

Investments
Notes receivable from participants
Investment income
Interest income on notes receivable from participants
Schedule H, Line 4i - Schedule of Assets (Held at End of Year)

## NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

The Plan invested in units of a pooled separate account and a common/collective trust fund managed by Principal or an affiliate of Principal. As Principal also provided investment advisory and recordkeeping services to the Plan, these investments qualified as party-in-interest investments which are exempt from prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they were paid through revenue sharing, rather than a direct payment.

Transactions in the Plan's notes receivable from participants qualify as party-in-interest transactions which are also exempt from prohibited transaction rules.

## NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the profit sharing contribution portion of their accounts.

## NOTE 9. TAX STATUS

The Plan as adopted is a volume submitter profit sharing plan and is sponsored by Fidelity Management & Research Company. The sponsoring organization has received a determination letter, dated March 31, 2014, covering the prototype plan. A separate determination providing that the F & B Mfg LLC Profit Sharing and 401(k) Plan, as adopted, is designed in accordance with applicable sections of the Internal Revenue Code has not been sought from the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to the year ended June 30, 2013.

## NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Management has evaluated subsequent events through April 11, 2017, which is the date the financial statements were available to be issued.

Effective July 1, 2016, the Plan adopted automatic enrollment.

Effective October 1, 2016, the Plan was restated with substantially the same provisions as this Plan except for the following:

The name of the Plan was changed to Thunderbird, LLC 401(k) Plan.
The Plan year end was changed to December 31.
The following related employers now participate in the Plan:
F&B Mfg LLC (FEIN 27-4430314)
Metal Impact, LLC (FEIN 27-1638117)
