NOTE 1 – DESCRIPTION OF PLAN

The following description of the Matrix Technologies Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Matrix Technologies, Inc. (the Company) who are age 21 or over, and have completed three months of service with at least 1 hour of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The original Plan was implemented on July 1, 1981.

Contributions

Each year, participants may contribute a portion of their pre-tax annual compensation, as defined in the Plan agreement. Participants may designate all or a portion of their elective deferrals as Roth elective deferrals. The Plan sponsor made a safe harbor matching contribution equal to 100% of the participant's elective deferrals that do not exceed 4% of compensation. In addition, the Plan sponsor may make additional matching contributions equal to a discretionary percentage to be determined by the employer. The Plan sponsor made an additional discretionary match of 1% for the Plan years ended June 30, 2016 and 2015. Participants are eligible for the discretionary Company match after three months of service. During 2016, the Plan was amended to increase the safe harbor contribution to a flat 5% and eliminate the discretionary contribution effective July 1, 2016. Profit sharing contributions are made at the discretion of Company management. All employer contributions are participant directed based on their existing fund allocation.

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of the Company's contribution and Plan earnings (losses), and charged with an allocation of Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. A participant is 100% vested in the profit sharing contributions after the third year of employment. Up to the third year the participant is 0% vested in the profit sharing contribution and will forfeit the unvested portion upon termination.

NOTE 1 – DESCRIPTION OF PLAN, Continued

Notes Receivable From Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount permitted is $1,000. The outstanding loan balance at June 30, 2016 and 2015 was $258,467 and $256,387, respectively. The loans are secured by the balance in the participant's account. The loans bear interest at market rates as determined by the Plan Administrator. All current loans bear interest rates ranging from 4.25% to 4.50%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, a participant may elect to remain in the Plan, receive a lump sum distribution equal to the participant's vested interest in his or her account or roll their account into another plan.

Forfeited Accounts

For the years ended June 30, 2016 and 2015, the forfeited contributions utilized totaled $6,007 and $6,892 respectively. At June 30, 2016 and 2015, the balance of forfeited profit sharing contributions were $-0-. Any remaining forfeitures may be used to reduce any type of employer contribution.

Plan Administrative Fees

Plan administrative services fees are paid by the plan. Administrative services consist primarily of payments to third-party service providers for investment advisory, recordkeeping, and audit services. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by the investment custodians of the Plan, the Newport Trust Company and Matrix Trust Company.

Purchases and sales of securities are recorded on the settlement-date basis. However, differences between settlement-date and trade-date are immaterial. Interest and dividends are recorded on the accrual basis.

Plan participants may choose investments at their discretion from those offered by the Plan.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued interest. No allowance for credit losses has been recorded as of June 30, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Commitments

Net assets available for benefits at June 30, 2106 include approximately $24,400 allocated to the accounts of participants who had withdrawn from participation in the Plan prior to such date. This amount was paid to the former participants within the first month subsequent to the year end.

Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under this election, the Plan Administrator has obtained a certification from the trustees, Newport Trust Company and Matrix Trust Company, that the information provided to the Plan Administrator by the trustees is complete and accurate. Accordingly, no audit procedures have been performed with respect to information certified by the trustees.

Amounts included in the accompanying financial statements which are certified by the trustees are: Investments, Notes Receivable from Participants, Investment Income (Loss), Interest Income, and the information included in the supplemental Schedule of Assets Held for Investment Purposes at Year End.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Subsequent Events

Management has evaluated events and transactions from June 30, 2016 through April 7, 2017 for possible recognition or disclosure in these financial statements. This date is the date these financials were available to be issued. Management concluded there were no subsequent events requiring recognition or disclosure.

NOTE 3 - FAIR VALUE MEASUREMENTS

The financial statements follow the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements*, which defines and establishes a single authoritative definition of fair value, sets a framework for measuring fair value and requires additional disclosures about fair value measurement.

In accordance with ASC 820-10, the Plan classifies its investments into Level 1, which refers to securities traded in an active market, Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 1 securities where there is a contractual restriction, and Level 3, which refers to securities not traded in an active market for which no significant observable market inputs are available. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The group annuity contract value is fully benefit-responsive and is made up of separate account investments owned by MetLife. MetLife guarantees the contract which is reported at contract value and adjusted to fair value. The fair value of the group annuity contract equals the investment contract's proportionate share of the fair value of the separate accounts based on the quoted market prices of the underlying investments. Transfers between levels 1, 2 and 3 of the fair value hierarchy are recognized at the date the transfer is made. Transfers from level 1 to level 3 were $2,382 and $80,550 for 2016 and 2015, respectively. Amounts transferred pertain to changes in participant investment allocations and contract valuations. At June 30, 2016 and 2015, the Plan's investments were classified as follows, based on fair values:

NOTE 4 – INVESTMENTS, Continued

The Plan's investments (including investments bought, sold, and held during the year) depreciated in value by ($1,669,201) and ($414,928) for the years ended June 30, 2016 and 2015, respectively, ($1,712,351) and ($457,753), respectively, attributable to mutual funds and $43,150 and $42,825, respectively, attributable to the group annuity contract.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with MetLife. MetLife maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by MetLife. Contract value represents contributions, plus interest, less participant-initiated withdrawals or transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, and payment because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan. However, if a withdrawal is made from the contract as a result of an employer or plan sponsor-initiated event or a withdrawal is requested due to a complete or partial termination of the Plan before the contract ends, and the contract's fair value equals or exceeds the guaranteed value, payment is made in an amount equal to the amount of the guaranteed value which is attributable to the participating plan. If the contract's fair value is less than its guaranteed value, the amount paid is equal to the guaranteed value reduced by the amount of fair value deficit allocable to the participating plan.

MetLife is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

Average Yields:	2016	2015
Based on Annualized Earnings (1)	0.01%	0.15%
Weighted Average Interest Crediting Rate	3.02%	2.49%

(1) Computed by dividing interest earned by the ending fair value of the contract.

NOTE 6 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – TAX STATUS

This Plan is a prototype non-standardized profit-sharing plan with CODA by The Newport Group. Newport has been informed that this Plan is acceptable under Section 401 of the Internal Revenue Code and that a company that adopts this plan will be considered to have a plan qualified under Code Section 401(a) provided all terms of the Plan are followed.

The Company believes that the Plan is currently being operated in compliance with the applicable sections of the Internal Revenue Code and that the Plan and related trust are qualified and tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

As described in Note 1, the Plan paid certain expenses related to plan admistration to various service providers. These transactions are party in interest transactions under ERISA.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
