Notes to Financial Statements

June 30, 2016 and 2015

(1) Description of Plan

The following description of the Anaren, Inc. Employee Savings and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a contributory defined contribution plan as defined under Section 401(k) of the Internal Revenue Code (Code) and has been established by Anaren, Inc. (Sponsor) for the benefit of its eligible employees in order to encourage their personal savings. Full-time and part-time employees become eligible as of the employee's date of hire. The assets of the Plan are held, administered and managed in accordance with the terms and conditions of the Trust Agreement, which is considered to be an integral part of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may contribute up to the Internal Revenue Service (IRS) maximum of their compensation, as defined in the Plan, as their pre-tax contribution. Participants may direct their contributions into any one of the mutual fund investment options offered. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may designate all or a portion of their elective contributions as Roth contributions. A designation of elective contributions as Roth contributions is irrevocable.

The Sponsor may make annual contributions based upon a percentage of compensation of each participant, or based upon a percentage of each participant's contribution. Currently, the Sponsor will match 100% of the participant's contribution, limited to 5% of the participant's eligible compensation. The matching contribution rate is determined by the Sponsor's board of directors.

The Sponsor made no discretionary contributions during the years ended June 30, 2016 and 2015.

(1) Description of Plan, Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching contributions, as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their voluntary contributions, the Sponsor's matching contribution and actual earnings (losses) thereon.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are based on current market rates at the time the loan is granted. Principal and interest are paid at least quarterly through payroll deductions.

(f) Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested balance, or may elect to defer distribution until a later date, as defined by the Plan.

(g) Forfeited Accounts

At June 30, 2016 and 2015, forfeited non-vested accounts totaled approximately \$4,700 and \$4,500, respectively. Forfeitures are used to reduce future employer matching contributions and administrative expenses of the Plan. There were no employer matching contributions and administrative expenses reduced from forfeited nonvested accounts during 2016 and 2015.

Notes to Financial Statements

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) New Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part I - Fully Benefit-Responsive Investment Contracts, Part II - Plan Investment Disclosures, Part III - Measurement Date Practical Expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Plan has adopted Part II as of and for the year ended June 30, 2016, with retrospective application to all periods presented, accordingly. Parts I and III are not applicable to the Plan.

Part II of ASU 2015-12 eliminates the required disclosures of individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type. Part II also requires that investments held by employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics and risk. In addition, Part II of ASU 2015-12 eliminates the required disclosure of an investment's strategy if that investment is measured using the net asset value per share (or its equivalent) as a practical expedient and files as a direct filing entity.

(d) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See note 4 for discussion of fair value measurements.

AND RETIREMENT PLAN**

Notes to Financial Statements

(2) Summary of Significant Accounting Policies, Continued

(d) Investment Valuation and Income Recognition, Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses.

(h) Concentrations

One investment held by the Plan represents approximately 22% and 25% of net assets available for benefits as of June 30, 2016 and 2015, respectively.

(i) Subsequent Events

The Plan has evaluated subsequent events through December 29, 2016, the date the financial statements were available to be issued.

**ANAREN, INC. EMPLOYEE SAVINGS
AND RETIREMENT PLAN**

Notes to Financial Statements

(3) Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certifications from Fidelity Management Trust Company, the trustee of the Plan, that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments, notes receivable from participants, interest and dividend income, net appreciation (depreciation) in fair value of investments, interest on notes receivable from participants and all of the information in the supplemental schedule is presented in reliance solely upon those certifications.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">- quoted prices for similar assets or liabilities in active markets;- quoted prices for identical or similar assets or liabilities in inactive markets;- inputs other than quoted prices that are observable for the asset or liability;- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	--

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**ANAREN, INC. EMPLOYEE SAVINGS
AND RETIREMENT PLAN**

Notes to Financial Statements

(4) Fair Value Measurements, Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

2016				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>81,485,045</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>81,485,045</u>
2015				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>80,456,619</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>80,456,619</u>

**ANAREN, INC. EMPLOYEE SAVINGS
AND RETIREMENT PLAN**

Notes to Financial Statements

(4) Fair Value Measurements, Continued

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended June 30, 2016 and 2015, there were no transfers in or out of levels 1, 2 or 3.

(5) Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services were \$84,096 and \$79,969 for the years ended June 30, 2016 and 2015, respectively.

(6) Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**ANAREN, INC. EMPLOYEE SAVINGS
AND RETIREMENT PLAN**

Notes to Financial Statements

(8) Tax Status

The IRS has determined and informed the Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions and is under audit by the IRS for Plan year ending June 30, 2015. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.
