## NOTE 1 DESCRIPTION OF PLAN

The following description of the Illinois Eye Center 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan originally effective September 26, 1986. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective September 1, 2013. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

### Eligibility

Employees of Illinois Eye Center (the Company) are eligible to participate in the deferral and match contributions of the Plan if they are at least age 21, have completed six months of service with the Company, and worked 500 hours. Participants are eligible for the profit sharing contribution if they have completed one year of service with the Company, worked 1,000 hours, and are employed on the last day of the Plan year.

### Contributions

Participant contributions are made through a pre-tax compensation deferral (elective contribution) as elected by the participants. Participants can also elect to make post-tax compensation deferrals (Roth contribution) to the Plan. The combined amount of elective and Roth contributions are subject to certain limitations set by the Internal Revenue Code (IRC).

The Company may match the participant's elective contribution at its discretion. Matching contributions of one half of a participant's elective contributions up to 6% were made during the Plan year ended September 30, 2016. The Company may also make discretionary contributions to the Plan. Discretionary contributions of $411,410 were payable to the Plan for the year ended September 30, 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

### Participant Accounts

Each participant's account is credited with the participant's voluntary contributions, the Company's discretionary and matching contributions, allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

### Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. Vesting in Company contributions plus actual earnings thereon is based on years of service as indicated by the following schedule:

| 2 Years | 20% |
| 3 Years | 40% |

In the event of a participant's death, permanent disability, or cessation on or after the normal retirement date, the participant's share in the Plan becomes fully vested and nonforfeitable.

### Notes Receivable from Participants

Participants may borrow from their account balances a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

### Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his/her account in the form of a lump-sum distribution. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $5,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. The Plan requires withdrawals for participants upon retirement or upon reaching age 70 ½, whichever is later.

### Forfeited Accounts

Forfeited non-vested accounts are used to reduce Company contributions. Forfeited non-vested accounts as of September 30, 2016 and 2015 totaled $1,090 and $988, respectively. There was $978 of forfeitures used to reduce Company contributions for the year ended September 30, 2016.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

### Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be retrospectively applied. The Plan has elected to early adopt Part II.

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2016 and 2015. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Benefit Payments

Benefits are recorded when paid.

### Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

### Subsequent Events

The Plan has evaluated subsequent events through February 15, 2017, the date the financial statements were available to be issued.

## NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at September 30, 2016 and 2015, and net appreciation in fair value of the investments, interest and dividends, and interest income on notes receivable from participants for the year ended September 30, 2016, was obtained or derived from information supplied to the Plan trustees and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan. The notes receivable from participants held outside of Reliance Trust Company were $-0- and $32,527 at September 30, 2016 and 2015, respectively. Interest income from notes receivable from participants held outside of Reliance Trust Company was $459 for the year ended September 30, 2016.

## NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly, or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2016 and 2015.

*Common Stocks* – Valued at the closing price reported on the active market on which the individual securities are traded.

*Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-Directed Brokerage Account* – Accounts primarily consist of interest-bearing cash, mutual funds, and common stocks that are valued on the basis of readily determinable market prices.

*Interest-Bearing Cash* – Valued at cost which approximates fair market value.

## NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2016 and 2015:

| Total Assets at Fair Value | $ 12,176,858 | $ - | $ - | $ 12,176,858 |

## NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## NOTE 6 PLAN TAX STATUS

The Plan's service provider obtained an IRS "prototype" letter dated July 16, 2014 stating that the Plan instrument, as originally written, was subjected to IRS review and stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. An IRS "prototype" letter is not the same as an IRS determination letter addressed directly to the Plan. However, the Plan administrator believes the Plan instrument as adopted from the "prototype" is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Reliance Trust Company, the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investment.
