Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Nidec Motor Corporation Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2016 and December 31, 2015, and the related statements of changes in net assets available for benefits for the six month period and year then ended respectively, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of June 30, 2016 and December 31, 2015 and for the six month period and year then ended respectively, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of the Plan

The following description of the Nidec Motor Corporation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established October 1, 2010 and is a defined contribution plan covering all eligible hourly employees of Nidec Motor Corporation (the "Company" or "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 1, 2010, the Company was formed upon purchase of the motor division of Emerson Electric Co. ("Emerson"). In November 2010, former employees of Emerson that began employment with the Company had their account balances transferred from the Emerson Electric Co. Retirement Savings Plan ("Emerson Plan").

Effective June 30, 2016, the Plan was merged into the Nidec Motor Corporation Employee Savings Investment Plan.

Vanguard Fiduciary Trust Company is the Plan Trustee.

Eligibility

Employees are eligible to make elective deferral contributions and participate in Company matching contributions immediately upon hire. Certain participants, as defined in the Plan Document, are eligible to participate in the discretionary Company contribution upon completion of 60 days of service.

The Plan includes an auto-enrollment provision. Employees who meet the eligibility requirements will be automatically enrolled in the Plan with a default contribution rate of 3% and their contribution invested in a designated balanced fund until changed by the participant. It is the responsibility of the participant to opt out of the Plan if not interested in participating.

Note A – Description of the Plan (Continued)

Contributions

Participants may make pre-tax and after-tax deferral contributions up to the lesser of 40% of eligible compensation or the Internal Revenue Code ("IRC") limitation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. Effective January 1, 2014, the Plan was amended to allow participants to make Roth deferral contributions.

The Company is required to make matching contributions equal to 100% of participant elective deferral contributions up to a maximum of 3% of eligible compensation. Participants are eligible to receive the matching contribution immediately upon participation in the Plan. Company matching contributions amounted to $233,452 and $551,818 for the period ended June 30, 2016 and the year ended December 31, 2015, respectively.

The Company, at its sole discretion, may make additional contributions equal to 3% of eligible compensation. Company discretionary contributions amounted to $133,535 and $314,853 for the period ended June 30, 2016 and the year ended December 31, 2015, respectively.

In addition, the Company is required to make a pension equalization benefit contribution equal to 7% of eligible compensation to certain participants, as defined in the Plan Document. Pension equalization benefit contributions amounted to $73,608 and $443,111 for the period ended June 30, 2016 and the year ended December 31, 2015, respectively.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A – Description of the Plan (Continued)

Vesting

Participants are at all times 100% vested in their elective deferral contributions and earnings thereon. Vesting in the Company's matching, discretionary and pension equalization benefit contributions are based on years of service. A participant vests 20% each year after one year of service, becoming fully vested after five years of service. Participant's also become fully vested upon reaching normal retirement age (55), death or upon becoming disabled.

Notes Receivable from Participants

Participants may borrow an amount not less than $500 up to a maximum of the lesser of $50,000 or 50 percent of their vested account balance, excluding certain Company contributions, as defined in the Plan Document. Loans must be repaid over a period not to exceed four years, extended to nine years if the loans are used to purchase a primary residence. The loans are repaid through payroll withholdings, including principal and interest at the prime rate plus 1%.

Payment of Benefits

Upon retirement, death, disability, or termination of employment, a participant may take a distribution of their vested account balance in a lump-sum payment.

In-Service Withdrawals

Active participants who reach age 59½ or experience a qualifying financial hardship may withdraw all or part of their vested accounts. Hardship withdrawals will be approved only if they conform to the Plan provisions and established IRC safe harbors.

Forfeited Accounts

Forfeitures of nonvested participant balances are used to reduce future Company contributions. Forfeitures available for future use at June 30, 2016 and December 31, 2015 amounted to $0 and $74,911, respectively. Forfeitures of $0 were used to reduce Company contributions during the period ended June 30, 2016 and the year ended December 31, 2015.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2016 and December, 31, 2015.

Payment of Benefits

Benefits are recorded when paid.

Note B – Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net realized and unrealized appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through April 13, 2017, the date the financial statements were available to be issued.

Note C – Certification of Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Vanguard Fiduciary Trust Company (the "Trustee") that all of the information provided by the Trustee and included in the accompanying financial statements is complete and accurate. Information as to the investments in the accounts of the Trustee, investment income, and all information appearing in the accompanying statements are presented in reliance solely upon these certifications.

Note D – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note D – Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016 and December 31, 2015.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end and are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock– Valued at the daily closing price as reported on the active market on which the individual securities are traded. The common stock is comprise solely of Emerson Electric Co. common stock.

Collective Investment Trust – Valued at the NAV of units of a bank collective trust. The NAV, as provide by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note D – Fair Value Measurements (Continued)

The preceding methods used to arrive at a fair value calculation may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015. There were no investments at June 30, 2016.

Investments at Fair Value
As of December 31, 2015

Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 11,809,007	$ 11,809,007	$ -	$ -
Emerson common stock	1,830,109	1,830,109	-	-
Collective investment trust (a)	4,604,526	-	-	-
Total investments	$ 18,243,642	$ 13,639,116	$ -	$ -

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note E – Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Fund	$ 4,604,526	$ -	Daily	Daily

Note F – Related Party Transactions

Certain mutual fund investments and the collective investment trust are managed by the Trustee. These transactions, therefore, qualify as party-in-interest transactions.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note H – Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 19, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

April 13, 2017

To the Investment Committee
Nidec Motor Corporation Retirement Savings Plan

We have conducted a DOL limited-scope audit of the financial statements of the Nidec Motor Corporation Retirement Savings Plan (the "Plan") for the period ended June 30, 2016 and have issued our report thereon dated April 13, 2017. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated February 27, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the period ended June 30, 2016. We noted no transactions entered into by the Plan during this period for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive accounting estimates during the six month period ended June 30, 2016.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of limited scope audit testing as allowed under 29 CFR 2920.103.8 in Note C, and the investments within Notes D and E.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We are pleased to report there were no such misstatements noted during our audit of the Plan.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 13, 2017.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Investment Committee and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Brown Smith Wallace, LLP

Independent Auditor's Report

To the Participants and the Investment Committee
Nidec Motor Corporation Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Nidec Motor Corporation Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2016 and December 31, 2015, and the related statements of changes in net assets available for benefits for the six month period and year then ended respectively, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of June 30, 2016 and December 31, 2015 and for the six month period and year then ended respectively, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Vanguard Fiduciary Trust Company (the "Trustee") that all of the information provided by the Trustee and included in the accompanying financial statements is complete and accurate. Information as to the investments in the accounts of the Trustee, investment income, and all information appearing in the accompanying statements are presented in reliance solely upon these certifications.

Note D – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note D – Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016 and December 31, 2015.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end and are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock– Valued at the daily closing price as reported on the active market on which the individual securities are traded. The common stock is comprise solely of Emerson Electric Co. common stock.

Collective Investment Trust – Valued at the NAV of units of a bank collective trust. The NAV, as provide by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note D – Fair Value Measurements (Continued)

The preceding methods used to arrive at a fair value calculation may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015. There were no investments at June 30, 2016.

Investments at Fair Value
As of December 31, 2015

Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 11,809,007	$ 11,809,007	$ -	$ -
Emerson common stock	1,830,109	1,830,109	-	-
Collective investment trust (a)	4,604,526	-	-	-
Total investments	$ 18,243,642	$ 13,639,116	$ -	$ -

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note E – Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Fund	$ 4,604,526	$ -	Daily	Daily

Note F – Related Party Transactions

Certain mutual fund investments and the collective investment trust are managed by the Trustee. These transactions, therefore, qualify as party-in-interest transactions.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note H – Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 19, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
